DEPARTMENT OF EDUCATION

[CFDA No.: 84.317]

Comprehensive Local Reform Assistance; Notice Inviting Applications From Local Educational Agencies (LEAs) in Montana and Oklahoma for New Awards With Fiscal Year (FY) 1997 and 1998 Goals 2000 Funds

AGENCY: Department of Education.

Note To Applicants: This notice is a complete application package. Together with the statute authorizing the program and the Education Department General Administrative Regulations (EDGAR), the notice contains all of the information, application requirements, and instructions needed to apply for a grant under these competitions.

Purpose of Program: To assist local educational agencies (LEAs) in the development and implementation of comprehensive local improvement plans directed at enabling all children to reach challenging academic standards.

Eligible Applicants: LEAs in Oklahoma and Montana are eligible to apply for grants. The Secretary is especially interested in receiving applications from consortia of LEAs in each State.

LEAs or consortia of LEAs in Oklahoma and Montana that have previously received FY 1995 and 1996 Goals 2000 funds are eligible to apply for funds under this competition. However, in order that other needy districts may benefit from Goals 2000 support, the Secretary is particularly interested in receiving applications from LEAs or consortia that have not previously received Goals 2000 funding.

Note: This competition, authorized by section 304(e) of the Goals 2000: Educate America Act, is only for LEAs in Oklahoma and Montana. LEAs in other States apply to their respective State educational agency (SEA) for funds under Title III of Goals 2000.

Deadline for Transmittal of Applications: May 27, 1998.

Deadline for Intergovernmental Review: July 27, 1998.

Available Funds: For LEAs in Montana: \$2,039,546 from the FY 1997 allotment and \$1,907,714 from the FY 1998 allotment; for LEAs in Oklahoma: \$5,808,148 from the FY 1997 allotment and \$5,549,703 from the FY 1998 allotment.

In accordance with section 402 of the Department of Education Organization Act, 20 U.S.C. 3462, the Secretary may use up to one percent of the funds from each State's allotment to pay the expenses and fees for non-Federal experts necessary to review the

applications submitted in response to this notice.

In the event that there are an insufficient number of funded applications to use all of either State's allotment, the Secretary may reallocate the remaining funds consistent with the Act.

The Secretary does not intend to conduct competitions for FY 1998 funds. Instead, pursuant to 34 CFR 75.253, the Secretary intends to make continuation awards from the FY 1998 allotments to each grantee that has made substantial progress toward meeting the objectives in its approved application.

Project Period: Up to 24 months.

Estimated Range of Awards: \$20,000–\$200,000 annually.

The sizes of the awards requested should be governed by the size of the LEA or consortium and the scope of the proposed project. The Secretary will consider each applicant's request and the needs of all successful applicants in determining the amount of each grant award. The Department of Education is not bound by the estimates in this notice.

In their applications, LEAs are encouraged to seek funds for a two-year period. Oklahoma LEAs are encouraged to seek a second-year amount that is 4.5 percent less than their first-year award request; Montana LEAs are encouraged to seek a second-year amount that is 6.5 percent less than their first-year request. By doing so, the budget requests will align with the funding available for each State from the State's respective FY 1997 and 1998 allotments.

Estimated Average Size of FY 1997 and 1998 Awards: \$80,000 annually.

Estimated Numbers of Awards: 70 in Oklahoma; 25 in Montana.

Note: Consistent with Section 309(c) of the Goals 2000 Act, the Secretary will award at least 50 percent of each State's available allotment to LEAs that have a greater percentage or number of disadvantaged children than the statewide average percentages or numbers for all LEAs in each respective State. The Department will waive this provision if it does not receive a sufficient number of applications from such districts.

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) as follows:

- (1) 34 CFR Part 75 (Direct Grant Programs).
- (2) 34 CFR Part 77 (Definitions that Apply to Department Regulations).
- (3) 34 CFR Part 79 (Intergovernmental Review of Department of Education Programs and Activities).
- (4) 34 CFR Part 80 (Uniform Administrative Requirements for Grants

and Cooperative Agreements to State and Local Governments).

(5) 34 CFR Part 81 (General Education Provisions Act—Enforcement).

(6) 34 CFR Part 82 (New Restrictions on Lobbying).

(7) 34 CFR Part 85 (Governmentwide Debarment and Suspension (Nonprocurement) and Governmentwide Requirements for Drug-Free Workplace (Grants)).

GEPA Section 427 Requirements: In preparing applications, LEAs should pay particular attention to the requirements in section 427 of the General Education Provisions Act (GEPA), as detailed later in this notice. Applicants must address the requirements in section 427 in order to receive funding under this competition. Section 427 requires each applicant to describe the steps it proposes to take to address one or more barriers (i.e., gender, race, national origin, color, disability, or age) that can impede equitable access to, or participation in, the program. A restatement of compliance with civil rights requirements is not sufficient to meet the GEPA section 427 requirements.

SUPPLEMENTARY INFORMATION:

Background

Section 304(e) of the Goals 2000: Educate America Act (Pub. L. 103–227) (20 U.S.C. 5801 *et seq.*) (the Act) authorizes the Secretary to award direct grants to LEAs in States that were not participating in Goals 2000 as of October 20, 1995, if the applicable SEA approves the LEAs' participation in the program. Oklahoma and Montana were not participating in Goals 2000 as of that date and the Oklahoma and Montana SEAs have approved LEA participation in this direct grant program.

The Secretary has determined that grants awarded under Section 304(e) will be used to support the development and implementation of comprehensive local improvement plans designed to help all children reach challenging academic standards. In particular, the Secretary encourages LEAs to address in their applications how their reform strategies might include enhanced preservice teacher education and professional development activities of educators that are directly connected to challenging standards.

Applicants that have already developed comprehensive improvement plans may propose activities funded through the grant that are aligned with and carry out parts of this plan. In order to best meet the selection criteria, LEAs should use funds awarded under this notice to build upon comprehensive reform strategies that have already been

initiated with federal and other resources.

Application Requirements

The authorizing statute—section 304(e) of the Act—permits the Secretary to fund LEA applications that are consistent with the provisions of Goals 2000. Grants under this competition will support the development and implementation of comprehensive local improvement plans to help all students reach challenging academic standards. Local improvement plans that are developed or implemented with funds awarded under section 304(e) must be consistent with the requirements in sections 309(a)(3)(B) through (E) of the Act. Adapted to this direct grant program, these requirements specify that local plans—

(1) Describe a process of broad-based community participation in the development, implementation, and evaluation of the local improvement plan;

(2) Address districtwide education improvement, directed at enabling all students to meet the State content standards and State student performance standards, including specific goals and benchmarks; reflect the priority of the State improvement plan (if there is a comprehensive State improvement plan); and include a strategy for—

(a) Improving teaching and learning, through such strategies as enhanced professional development and preservice education activities aligned to the standards;

(b) Improving governance, management, and accountability for performance; and

(c) Generating, maintaining, and strengthening parental and community involvement;

(3) Promote the flexibility of local schools in developing plans that address the particular needs of their school and community and are consistent with the local improvement plan; and

(4) Describe how the LEA will encourage and assist schools to develop and implement comprehensive school improvement plans that focus on helping all students reach State content standards and student performance standards.

An LEA that applies for funds under this program should indicate whether funds are being requested to (a) develop and implement a plan in accordance with the requirements of sections 309(a)(3)(B) through (E) of the Act; or (b) implement an existing comprehensive improvement plan that meets the requirements of sections 309(a)(3)(B) through (E) of the Act. (An applicant

that received FY 1995 and 1996 funding under the previous competition must have completed the development of a plan that meets the stated requirements in order to be eligible for funding under this competition.)

An LEA seeking funds to both develop and implement a comprehensive plan must demonstrate evidence of a clear process that will result in a plan that meets the stated plan requirements. This evidence may include a description of how stakeholders will be involved in plan development and specific steps and timelines for developing the plan. Successful applicants will only be eligible to receive FY 1998 continuation funding if they have completed development of a plan that meets the plan requirements stated above.

An LEA that has already developed a comprehensive improvement plan may seek FY 1997 and 1998 funds to implement the plan. The applicant must demonstrate that its existing plan meets the plan requirements listed above. The applicant may do this, for example, by providing a description of how its plan addresses these requirements and the progress the applicant has made in implementing its plan. In addition, the applicant may demonstrate the comprehensiveness of the plan by providing evidence that the plan is coordinated with other LEA plans that, collectively, provide a framework for how federal and other funds are used to achieve the goals and objectives of the district.

An applicant should clearly explain the strategies that will be funded under this award and how these strategies are aligned with the comprehensive plan.

The Secretary recommends that applicants reserve in their budgets approximately \$2,000 each year for activities that will be designed by the Secretary, in conjunction with grantees, to facilitate the sharing among grantees of information on successful comprehensive reform strategies.

1. Begin with an Abstract; that is, a summary of the proposed project;
2. Describe the proposed project in light of the selection criteria in the order in which the criteria are listed in this application package; and

NOTICE TO ALL APPLICANTS

Thank you for your interest in this program. The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Pub. L. 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new discretionary grant awards under this program. ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally assisted program for students, teachers, and other program beneficiaries with special needs.

This section allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation that you may address: gender, race, national origin, color, disability, or age. Based on local circumstances, you can determine whether these or other barriers may prevent your students, teachers, etc. from equitable access or participation. Your description need not be lengthy; you may provide a clear and

succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with section 427.

(1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.

(2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.

(3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

Estimated Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 1801-0004 (Exp. 8/31/98). The time required to complete this information collection is estimated to vary from 1 to 3 hours per response, with an average of 1.5 hours, including the time to review instructions, search existing data resources, gather and maintain the data needed, and complete and review the information collection.
