V. Application Review Information

1. *Selection Criteria:* The selection criteria for this competition are from 34 CFR 75.210 and 34 CFR 386.20 and are in the application package.

2. *Review and Selection Process:* Additional factors we consider in selecting an application for an award are the geographical distribution of projects in each Rehabilitation Training program category in the country (34 CFR 385.33(a)) and the past performance of the applicant in carrying out similar training activities under previously awarded grants, as indicated by factors such as compliance with grant conditions, soundness of programmatic and financial management practices, and attainment of established project objectives (34 CFR 385.33(b)).

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may also notify you informally.

If your application is not evaluated or not selected for funding, we will notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as specified by the Secretary in 34 CFR 75.118.

4. *Performance Measures:* The Government Performance and Results Act of 1993 (GPRA) directs Federal departments and agencies to improve the effectiveness of their programs by engaging in strategic planning, setting outcome-related goals for programs, and measuring program results against those goals. The Rehabilitation Services Administration's (RSA) Rehabilitation Long-Term Training program is designed to provide academic training in areas of personnel shortages.

The goal of this Rehabilitation Long-Term Training program is to increase the number of qualified VR counselors working in State VR agencies or related agencies. At least 75 percent of all grant funds must be used for direct payment of student scholarships. Each grantee is required to track students receiving scholarships and must maintain information on the cumulative support granted to RSA scholars, scholar-debt in years, program completion data for each scholar, dates each scholar's work begins and is completed to meet his or her payback agreement, current home address, and place of employment of individual scholars.

Each training grant recipient must provide this information to RSA annually using the RSA Grantee Reporting Form, (OMB# 1820-0617), an electronic reporting system. The RSA Grantee Reporting Form collects specific information regarding the number of RSA scholars entering the rehabilitation workforce, in what rehabilitation field, and in what type of employment (*e.g.* State agency, nonprofit service provider, or practice group). The information provided on the RSA Grantee Reporting Form will allow RSA to measure results against the goal of increasing the number of qualified VR counselors working in State VR agencies or related agencies.
