ALL IV-D DIRECTORS
ALL COUNTY ADMINISTRATIVE OFFICERS
ALL BOARDS OF SUPERVISORS

SUBJECT: CCSAS HARDWARE INSTALLATION PLANNING

The CCSAS Project has initiated planning for the installation of hardware and software at the LCSA operational sites. One part of that effort is the installation of the equipment needed by the caseworkers, including the computer, monitor and supporting software. While the Department maintains addresses for many operational sites at the LCSAs, we will need a comprehensive and complete list of every location you expect desktop equipment to be installed. This would include main offices, remote sites, co-located offices, courts, etc.

Please confirm or update the information on the attached list of physical addresses for sites where you require desktop hardware installed. In addition, please enter the number of user/desktops at each site.

We would appreciate this information as soon as possible, but no later than Tuesday, July 13.

If you have any questions or concerns regarding this matter, please contact Ron Modes at (916) 464-5304.

Sincerely,

A handwritten signature in black ink that reads "Joan M. Obert".

JOAN M. OBERT
Deputy Director
Technology Services Division
