Proposed Priorities, Requirements, and Selection Criteria

We will announce the final priorities, requirements, and selection criteria in a notice in the **Federal Register**. We will determine the final priorities, requirements and selection criteria after considering responses to this notice and other information available to the Department. This notice does not preclude us from proposing or funding additional priorities, requirements or selection criteria subject to meeting applicable rulemaking requirements.

Discussion of Proposed Priorities

Building on the infrastructure and support available in school settings, including private schools, these proposed priorities focus on youth who are most at risk of educational failure, dropping out of school, or involvement in criminal or delinquent activities, or who lack strong positive role models. To the extent practicable, applicants must propose programs that follow the same students for all three years of the program. New participants may be selected to replace students who are not able to continue in the program, or for other reasons related to attrition.

Proposed Priorities: We propose the following absolute and competitive preference priorities.

Proposed Absolute Priority—This priority would support projects that address the academic and social needs of children with the greatest need through school-based mentoring programs and activities and provide these students with mentors. These programs and activities must serve children with the greatest need in one or more grades 4th through 8th living in rural areas, high-crime areas, or troubled home environments, or who attend schools with violence problems.

Proposed Competitive Preference Priority—We propose a priority under which we will award five additional points to a consortium of eligible applicants that includes either: (a) At least one LEA and at least one CBO other than a school that provides services to youth and families in the community; or (b) at least one private school that qualifies as a nonprofit CBO and at least one other CBO other than a school, that provides services to youth and families in the community.

The consortium must designate one member of the group to apply for the grant, unless the consortium is itself eligible as a partnership between a local educational agency and a nonprofit, community-based organization. To
