OFFICE OF PERSONNEL MANAGEMENT

5 CFR Part 537

RIN 3206-AJ33

Repayment of Student Loans

AGENCY: Office of Personnel

Management.

ACTION: Proposed rulemaking.

SUMMARY: The Office of Personnel Management (OPM) is proposing regulations implementing the Floyd D. Spence National Defense Authorization Act for Fiscal Year 2001, to authorize Federal agencies to repay federally insured student loans when necessary to recruit or retain highly qualified personnel.

DATES: Written comments will be considered if received no later than May 15, 2001.

ADDRESSES: Send or deliver written comments to Richard A. Whitford, Acting Associate Director for Employment, Office of Personnel Management, Room 6500, 1900 E Street, NW., Washington, DC 20415.

FOR FURTHER INFORMATION CONTACT: Michael J. Mahoney, (202) 606–0830 (FAX 202–606–0390).

SUPPLEMENTARY INFORMATION: The Floyd D. Spence National Defense Authorization Act for Fiscal Year 2001 amended 5 U.S.C. 5379. These amendments: Remove the restriction of this incentive to professional, technical, or administrative personnel; remove the limitation of this incentive to employees covered under General Schedule pay rates; broaden the types of loans which qualify under this part under the Higher Education Act of 1965 and the Public Health Service Act; require agencies to report annually to OPM on their use of this incentive; and require OPM to report annually to Congress on agencies' use of this incentive. These regulations reflect the amendments to 5 U.S.C. 5379.

The repayment authority is one of several flexibilities made available to

agencies when trying to attract individuals to the Federal service, or retain highly qualified personnel. The proposed regulations benefit both agencies and employees by expanding the flexibility of this existing incentive.

The proposed regulations amend the following: Purpose, Definition of Employee, Definition of Student Loan, and Records and Reports.

Purpose

This incentive may be used for employees in occupational series other than professional, technical, or administrative positions.

Definition of Employee

This incentive may be used for employees covered under non-General Schedule (GS) pay rates, providing the non-GS employee meets the other criteria specified under this part.

Definition of Student Loan

The proposed regulations expand the type of loans which qualify for this incentive to include: Subsidized, unsubsidized, Direct subsidized, and Direct unsubsidized Federal Stafford loans; Federal and Direct Federal Plus loans; Direct subsidized, Direct unsubsidized, and Federal Consolidation loans; Defense loans; National Direct Student Loans; Perkins Loans; Nursing Student Loan Program loans; Health Profession Student Loan Program loans; and Health Education Assistance Loan Program loans.

Records and Reports

Agencies will be required to report annually to OPM on their use of this incentive. Agencies must report to OPM: The number of employees selected to receive this benefit; the job classifications of the employees selected to receive this benefit; and the cost for providing this benefit. Cost is the total amount of student loans repayments, not the administrative costs associated with administering the program.

E.O. 12866, Regulatory Review

This rule has been reviewed by the Office of Management and Budget in accordance with Executive Order 12866.

Regulatory Flexibility Act

I certify that this regulation will not have a significant economic impact on a substantial number of small entities because it affects only certain Federal employees.
