SUPPLEMENTARY INFORMATION: OPM published notice of its intention to request a reinstatement of the price and background surveys in the **Federal Register** on December 12, 1997 (62 FR 65451). No comments were received in response to that notice. OPM notes that the notice incorrectly reported the burden hours for the price survey at 650 hours. The correct number of hours, as OPM reported in its 1994 extension of the surveys, is 480. This notice further extends an opportunity for comments.

Title: Nonforeign Area Cost-of-Living Allowances Price and Background Surveys.

OMB Control Number: 3206-0199.

Summary: The Nonforeign Area Cost-of-Living Allowances Price Survey is used by OPM to collect price data in the allowance areas under four cost components: consumption goods and services, transportation, housing, and miscellaneous expenses. The price survey is conducted on approximately an annual basis.

The Nonforeign Area Cost-of-Living Allowances Background Survey is used by OPM to collect information to identify the services, items, quantities, outlets, and locations that will be surveyed in the annual price surveys. It is also used to collect information on local trade practices, consumer buying patterns, taxes and fees, and other economic characteristics related to living costs. The background survey is conducted approximately once every 5 years, but is also used on a limited basis in preparation for each of the price surveys.

Need/Use for Surveys: The price survey is necessary for collecting living-cost data used to determine COLAs paid to General Schedule, U.S. Postal Service, and certain other Federal employees in the nonforeign allowance areas. The information is used to compare costs in the allowance areas with costs in the Washington, DC, area, and to derive a COLA rate when the local cost of living significantly exceeds that in the DC area. The background survey is necessary to determine the continued appropriateness of items,

services, and businesses selected for the annual price surveys. OPM uses the information collected under this survey to define the sources and parameters for the price surveys and to improve the COLA methodology.

Respondents: OPM will survey selected retail, service, realty, and other businesses and local governments in the nonforeign allowance areas and in the Washington, DC, area. Approximately 5,600 establishments will be contacted in the price survey, and approximately 300 establishments will be contacted in the background survey.

Reporting and Recordkeeping Burden: OPM estimates that the average price survey interview will take approximately 7 minutes, for a total burden of 480 hours. The average background survey interview will take approximately 10 minutes, for a total burden of 50 hours.
