

Special provisions relating to work funded under American Recovery and Reinvestment Act of 2009 (Mar 2009)

[Prescription: This clause must be included in all grants, cooperative agreements and TIAs (new or amended) when funds appropriated under the Recovery Act are obligated to the agreement.]

Preamble

The American Recovery and Reinvestment Act of 2009, Pub. L. 111-5, (Recovery Act) was enacted to preserve and create jobs and promote economic recovery, assist those most impacted by the recession, provide investments needed to increase economic efficiency by spurring technological advances in science and health, invest in transportation, environmental protection, and other infrastructure that will provide long-term economic benefits, stabilize State and local government budgets, in order to minimize and avoid reductions in essential services and counterproductive State and local tax increases. Recipients shall use grant funds in a manner that maximizes job creation and economic benefit.

The Recipient shall comply with all terms and conditions in the Recovery Act relating generally to governance, accountability, transparency, data collection and resources as specified in Act itself and as discussed below.

Recipients should begin planning activities for their first tier subrecipients, including obtaining a DUNS number (or updating the existing DUNS record), and registering with the Central Contractor Registration (CCR).

Be advised that Recovery Act funds can be used in conjunction with other funding as necessary to complete projects, but tracking and reporting must be separate to meet the reporting requirements of the Recovery Act and related guidance. For projects funded by sources other than the Recovery Act, Contractors must keep separate records for Recovery Act funds and to ensure those records comply with the requirements of the Act.

The Government has not fully developed the implementing instructions of the Recovery Act, particularly concerning specific procedural requirements for the new reporting requirements. The Recipient will be provided these details as they become available. The Recipient must comply with all requirements of the Act. If the recipient believes there is any inconsistency between ARRA requirements and current award terms and conditions, the issues will be referred to the Contracting Officer for reconciliation.

Definitions

For purposes of this clause, Covered Funds means funds expended or obligated from appropriations under the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5. Covered Funds will have special accounting codes and will be identified as

Recovery Act funds in the grant, cooperative agreement or TIA and/or modification using Recovery Act funds. Covered Funds must be reimbursed by September 30, 2015.

Non-Federal employer means any employer with respect to covered funds – the contractor, subcontractor, grantee, or recipient, as the case may be, if the contractor, subcontractor, grantee, or recipient is an employer; and any professional membership organization, certification of other professional body, any agent or licensee of the Federal government, or any person acting directly or indirectly in the interest of an employer receiving covered funds; or with respect to covered funds received by a State or local government, the State or local government receiving the funds and any contractor or subcontractor receiving the funds and any contractor or subcontractor of the State or local government; and does not mean any department, agency, or other entity of the federal government.

Recipient means any entity that receives Recovery Act funds directly from the Federal government (including Recovery Act funds received through grant, loan, or contract) other than an individual and includes a State that receives Recovery Act Funds.

Special Provisions

A. Flow Down Requirement

Recipients must include these special terms and conditions in any subaward.

B. Segregation of Costs

Financial and accounting systems should be revised as necessary to segregate, track and maintain these funds apart and separate from other revenue streams. No part of the funds from the Recovery Act shall be commingled with any other funds or used for a purpose other than that of making payments for costs allowable for Recovery Act projects.

C. Prohibition on Use of Funds

None of the funds provided under this agreement derived from the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5, may be used by any State or local government, or any private entity, for any casino or other gambling establishment, aquarium, zoo, golf course, or swimming pool.

D. Wage Rates

L. 111-5, shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance

with subchapter IV of chapter 31 of title 40, United States Code. With respect to the labor standards specified in this section, the Secretary of Labor shall have the authority and functions set forth in Reorganization Plan numbered 14 of 1950 (64 Stat. 1267, 5 U.S.C. App.) and section 3145 of title 40 United States Code.

Recipients required to report must register with the Central Contractor Registration (CCR) database. Recipient shall ensure that all first-tier subrecipients have a DUNS number and are registered in the CCR no later than the date the first report is due under paragraph F above.

Buy American

(a) Definitions.

The following definitions apply to terms used in Section 1605 of the American Recovery and Reinvestment Act of 2009, Public Law 111-5, (“Recovery Act”):

“Building or work” means construction activity as distinguished from manufacturing, furnishing of materials, or servicing and maintenance work. The terms include, without limitation, buildings, structures, and improvements of all types, such as bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, pumping stations, heavy generators, railways, airports, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, canals, dredging, shoring, rehabilitation and reactivation of plants, scaffolding, drilling, blasting, excavating,

clearing, and landscaping. The manufacture or furnishing of materials, articles, supplies, or equipment (whether or not a Federal or State agency acquires title to such materials, articles, supplies, or equipment during the course of the manufacture or furnishing, or owns the materials from which they are manufactured or furnished) is not “building” or “work” within the meaning of this definition unless conducted in connection with and at the site of such building or work as is described in the foregoing sentence, or under the United States Housing Act of 1937 and the Housing Act of 1949 in the construction or development of the project.

“Construction material” means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

“Domestic construction material” means—

- (1) An unmanufactured construction material mined or produced in the United States; or
- (2) A construction material manufactured in the United States.

“Foreign construction material” means a construction material other than a domestic construction material.

“Steel,” as used in this subpart, means an alloy that includes at least 50 percent iron, between .02 and 2 percent carbon, and may include other elements. “Recovery funds” means any funds that are made available from appropriations made under this Act.

“United States” means the 50 States, the District of Columbia, and outlying areas including:

- (1) Commonwealths.
 - (i) Puerto Rico.
 - (ii) The Northern Mariana Islands;
- (2) Territories.
 - (i) American Samoa.
 - (ii) Guam.
 - (iii) U.S. Virgin Islands; and
- (3) Minor outlying islands.
 - (i) Baker Island.
 - (ii) Howland Island.
 - (iii) Jarvis Island.
 - (iv) Johnston Atoll.
 - (v) Kingman Reef.
 - (vi) Midway Islands.
 - (vii) Navassa Island.
 - (viii) Palmyra Atoll.
 - (ix) Wake Atoll.

(b) Buy American Requirement. None of the funds appropriated or otherwise made available by the American Recovery and Reinvestment Act of 2009, Public Law 111-5

("Recovery Act") may be used for a project for the construction, alteration, maintenance, or repair of a public building or public work unless—

- (1) The public building or public work is located in the United States; and
- (2) All of the iron, steel, and other manufactured goods used as material in the project are produced or manufactured in the United States. Production of the iron or steel in the United States requires melting in the United States.

(c) Exceptions to Buy American Requirement. A recipient may request a waiver from the Buy American Requirement when it believes one of the following exceptions applies in a particular case:

- (1) applying the Buy America Requirement would be inconsistent with the public interest;
- (2) iron, steel, and the relevant manufactured goods are not produced in the United States in sufficient and reasonably available quantities and of a satisfactory quality; or
- (3) inclusion of iron, steel, and manufactured goods produced in the United States will increase the cost of the overall project by more than 25 percent.

(d) Any waiver request from the recipient to use foreign construction material must be submitted to the head of the Federal agency and shall include adequate information for Government evaluation of the request, including—

- (1) A description of the foreign and domestic construction materials;
- (2) Unit of measure;
- (3) Quantity;
- (4) Price;
- (5) Time of delivery or availability;
- (6) Location of the construction project;
- (7) Name and address of the proposed supplier; and
- (8) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (c) of this award term.

(e) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table as follows with any applicable supporting information:

FOREIGN AND DOMESTIC CONSTRUCTION MATERIALS PRICE COMPARISON

Construction Material Description	Unit of Measure	Quantity	Price (Dollars)*
<i>Item 1:</i>			
Foreign construction material	_____	_____	_____
Domestic construction material	_____	_____	_____
<i>Item 2:</i>			
Foreign construction material	_____	_____	_____
Domestic construction material	_____	_____	_____

[List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.]

[Include other applicable supporting information.]

[Include all delivery costs to the construction site].*

- (f) The price of construction material shall include all delivery costs to the construction site and any applicable duty.
- (g) Any recipient request for a determination submitted after the award shall explain why the recipient could not reasonably foresee the need for such determination and could not have requested the determination before award. If the recipient does not submit a satisfactory explanation, the head of the Agency need not make a determination.
- (h) Proof that a waiver has been granted by the head of the Federal agency includes (1) a revised award notice documenting approval to use foreign construction materials and a list of the excepted materials and (2) a final waiver determination that has been published by the head of the Federal agency in the Federal Register.

[Include next 2 paragraphs if award is to a State Government or an Agency.]

L. 111-5, the Governor, mayor, or other chief executive, as appropriate, certified by acceptance of this award that the infrastructure investment has received the full review and vetting required by law and that the chief executive accepts responsibility that the infrastructure investment is an appropriate use of taxpayer dollars. Recipient shall provide an additional certification that includes a description of the investment, the estimated total cost, and the amount of covered funds to be used for posting on the Internet. A State or local agency may not receive infrastructure investment funding from funds made available by the Act unless this certification is made and posted.
