Office of Procurement and Assistance Management

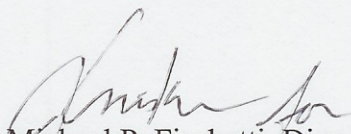

SUBJECT: DOE N234.1 Reporting of Radioactive Sealed Sources

SUMMARY: The Department issued Contractor Requirements Document (CRD) on February 27, 2008 to the above listed Directive.

Under the Department's Directives Program (DOE Order 251.1B), Heads of Field Elements are responsible for determining which contracts are to include this CRD. Contracting Officers, once notified, are responsible for incorporating the CRD into affected contracts. Since some Heads of Field Elements may not be aware that this change has been issued, Contracting Officers should request their determination of which, if any, contracts are affected and remind them that they may sign up for automated notification at www.directives.doe.gov.

This Flash may be viewed online at the following website:

Questions regarding contracts intended to be affected by the CRD should be directed to the office identified in the "Contact" paragraph and questions regarding contract modification should be directed to Helen Oxberger at helen.oxberger@hq.doe.gov.
