### Appendix:

This report displays the awards under the different manufacturing categories by department for a given time frame (based on effective date).

The three manufacturing categories are:

1. More than 50% of foreign content, but manufactured in United States.

(i) A foreign end product that is manufactured in the United States but still determined to be foreign because more than 50% or more of the cost of its components is not mined, produced, or manufactured inside the United States or inside qualifying countries;

(ii) Services performed in the United States by a foreign concern.

2. Manufactured or performed outside United States.

(i) Any foreign end product.

(ii) Services performed outside the United States by a foreign concern.

3. Not Applicable

If a specific Place of Manufacture is entered then the report displays the awards for that Place of Manufacture. If "ALL" option is selected, report fetches awards for all the places of manufacture.

\*\* Migrated Awards which have empty place of manufacture is considered under "Not Applicable" category.

\*\*\* This report only applies to the actions where the PSC code starts with a numeric value.
