

Strengthening Environmental Compliance Management

Jerry DiCerbo

DOE Office of Environmental Policy
and Assistance

June 5, 2008

Introduction

- Drivers
- Overview
- Next Steps

Drivers

- Executive Order 13423, *Strengthening Federal Environmental, Energy, and Transportation Management*
- *Instructions for Implementing Executive Order 13423* (Council on Environmental Quality)
- Forthcoming DOE Order 450.1A *Environmental Protection Program*

Overview

- Identify compliance audit, assessment and management review programs, including contractor assurance systems and DOE oversight programs under DOE Order 226.1A, *“Implementation of Department of Energy Oversight Policy.”*
- Integrate audit/assessment/review programs into EMS/ISM
- Develop an integrated Compliance Audit (Order 450.1A) and Compliance Self Evaluation (Order 226.1A, CRD) *Implementation Guide*
- Provide Assistance

Next Steps

- Assemble a workgroup to assist the office of environmental policy and assistance to complete the following:
 - Review audit, assessment, assurance and oversight programs identified,
 - Integrate programs with EMS and ISM, and,
 - Develop DOE Guide 450.1A-X to implement these processes in a unified approach.
