

The following Security Advisory (SA) (dated April 10, 2003) is not available because it is marked "Official Use Only – Security-Related Information" and is exempted from public disclosure in accordance with 10 CFR 2.390.

SA 03-01A, "Guidance On NRC Security Advisory (SA 03-01) Regarding Shipments To Facilities That Sterilize Single-Use Medical Devices (SA-03-01, Guidance)."

In 2003, the Nuclear Regulatory Commission (NRC) issued an advisory recommending that selected NRC and Agreement State licensees who may possess radioactive materials maintain heightened vigilance for potential security threats.

The NRC has issued SA 03-01A to materials licensees (NRC and agreement states) who possess, use, ship or receive certain quantities of radioactive materials. Note that the security advisory contains physical security information and is, therefore, being withheld from public disclosure in accordance with 10 CFR 2.390.
