SA-06-07, "NATIONAL SPECIAL SECURITY EVENT FOR PRESIDENT FORD FUNERAL  
EVENTS IN THE WASHINGTON, DC AREA" DATED DECEMBER 29, 2006

In 2006, DHS had designated former President Gerald Ford's funeral as a National Special Security Event. Therefore, the NRC recommended that selected NRC and Agreement State licensees (licensees) who may possess radioactive materials consider implementing certain security measures. Licensees were asked to review the need for and maintain certain security measures.

The Nuclear Regulatory Commission (NRC) has issued SA-06-07 to licensees (NRC and agreement state) who ship SNM, SNF, or certain quantities of radioactive material. Note that the security advisory contains physical security information and is, therefore, being withheld from public disclosure in accordance with 10 CFR 2.390.
