

NRC INFORMATION NOTICE 2005-15: THREE-UNIT TRIP AND LOSS OF OFFSITE
POWER AT PALO VERDE NUCLEAR GENERATING STATION

The Attachment for this information notice is exempt from public disclosure in accordance with 10 CFR 2.390.

The Nuclear Regulatory Commission (NRC) has issued Information Notice 2005-15 to all holders of operating licenses for nuclear power reactors, decommissioning nuclear power reactor sites storing spent fuel in a pool, and wet spent fuel storage sites. Note that the attachment to this information notice addresses certain grid reliability issues being provided to only those needing to interact with transmission systems and they are requested to treat the information accordingly (i.e., similar to trade secrets and commercial or financial information).
