(4)   For establishing money judgment accounts (deficiency judgments, judgments arising from illegal conversion of security property, etc.), insert the total amount of judgment -- usually stated as unpaid principal and interest as of the Complaint date plus a daily accrual figure. The daily accrual figure should be used to compute a total amount as of the judgment date, adding any recoverable costs charged to the account.

For establishing foreclosure accounts according to 1955.15(f)(4) of RD Instruction 1955-A, and the field office Automated Discrepancy Processing System manuals.

(4a)   When a foreclosure judgment account is being established, insert in all caps, "FORECLOSURE JUDG MENT," and handle the judgment amount according to the instructions under item (4) above.

(5)   Enter total amount of court costs to be paid by Government, spacing whole dollar to the left of decimal. If no cost to Government is involve, leave blank.

(5a) and (5b)   When an amount is entered in this item, insert applicable amount(s) in the "Paid" and "Unpaid" spaces. Amounts entered in "Paid" and "Unpaid" MUST equal the amount entered in Item (5), if any.

(7)   Enter the interest rate stated in the judgment, if any. For foreclosure judgments, it is the Treasury Bill rate in effect on the date of the judgment unless the U.S. Attorney's Office has advised other wise. The Treasury Bill rate can be obtained locally from a bank, investment brokage firm, Federal Reserve Bank, etc.

(8) and (8a)   If interest accrues on total amount, place "X" in box.
