**Subject:** Legacy Loans Program

ATTACHMENT REMOVED

Dear Sir,

I am a graduate student of Real Estate Finance at New York University researching the Legacy Loans Program, Legacy Securities Program, and other financial restoration programs derived from the *Emergency Economic Recovery Act of 2008*. I have made a short PowerPoint presentation interpreting the proposed '*Summary of Terms*' for Legacy Loans Program.

I request you to kindly review the presentation, make appropriate corrections (if any), and use it as a marketing material of FDIC for potential investors and other relevant parties. I couldn't find any graphic illustration of the program, so I made this presentation myself and would be glad if it can be of any use to FDIC.

I am very excited about FDIC's key role in the government's recovery efforts, and would be happy to contribute in any ways possible.

Thanks,

Abhay Ambati
