Subject: Legacy Loans Program

Attention: Comments, Federal Deposit Insurance Corporation

Mr. Robert E. Feldman,

Executive Secretary.

Our comments for LLP are below:

1. We would be interested in legacy real estate assets. We like the idea that it will be separated from other assets.
4. We are small investors – not billion dollar ones and would like to participate in the Legacy Loans Program. It would be beneficial to us if the investors' identity with contact name and telephone number be available so we can contact them to find out if they will divide the portfolio into smaller ones for sale to group like ours.

Thank you
