

RECLAMATION

Managing Water in the West

December 10, 2007

Dear Customer:

Attached are the monthly water supply outlook and projected reservoir and river operating plans as prepared on December 10, 2007. Inflows to Bighorn Lake continued to remain below normal during November and was the 8th lowest of record for November. The fall and winter inflow is forecast to be about 48 percent of average or the 6th lowest of record. In response, conservative releases will be made this fall and winter. We hope you find the information useful. If you have any questions or concerns, please feel free to call me at (406) 247-7318.
