DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

21 CFR Part 14

Advisory Committee: Change of Name and Function

AGENCY: Food and Drug Administration, HHS.

ACTION: Final rule.

SUMMARY: The Food and Drug Administration (FDA) is amending the standing advisory committees' regulations to change the name and function of the Advisory Committee for Pharmaceutical Science. This action is being taken to reflect changes made to the charter for this advisory committee.

DATES: This rule is effective March 5, 2007.

FOR FURTHER INFORMATION CONTACT:

Theresa Green, Committee Management Officer (HF-4), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301-827-1220.

SUPPLEMENTARY INFORMATION: FDA is announcing that the name of the Advisory Committee for Pharmaceutical Science, which was established on January 22, 1990, has been changed. The

name Advisory Committee for Pharmaceutical Science and Clinical Pharmacology more accurately describes the subject areas for which the committee is responsible. The committee shall provide advice on scientific, clinical and technical issues related to safety and effectiveness of drug products for use in the treatment of a broad spectrum of human diseases, the quality characteristics which such drugs purport or are represented to have and as required, any other product for which FDA has regulatory responsibility, and make appropriate recommendations to the Commissioner of Food and Drugs. The Committee may also review agency sponsored intramural and extramural biomedical research programs in support of FDA's drug regulatory responsibilities and its critical path initiatives related to improving the efficacy and safety of drugs and improving the efficiency of drug development.

FDA is revising § 14.100(c)(16) (21 CFR 14.100(c)(16)) to reflect these changes. In this document, FDA is hereby formally changing the name and the function of the committee by revising § 14.100(c)(16). Publication of this final rule constitutes a final action on this change under the Administrative Procedure Act. Under 5 U.S.C. 553(b)(B)

and (d) and 21 CFR 10.40(d) and (e), the agency finds good cause to dispense with notice and public procedure and to proceed to an immediately effective regulation. Such notice and procedures are unnecessary and are not in the public interest, because the final rule is merely codifying the new name and expanded function of the advisory committee to reflect the current committee charter.

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket No. FEMA–B–7456]

Withdrawal of Final Flood Elevation Determination for Lexington/Fayette County, Kentucky and Incorporated Areas

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule; withdrawal.

SUMMARY: The Federal Emergency Management Agency (FEMA) withdraws the final flood elevation determination published in 71 FR 60865, October 17, 2006 for the Lexington/Fayette County, Kentucky and Incorporated Areas, hereafter referred to as “LFC”. A final flood elevation determination will be made at a later date.

DATES: *Effective Date:* This rule is effective March 5, 2007.

FOR FURTHER INFORMATION CONTACT:

William R. Blanton, Jr., Engineering Management Section, Mitigation Division, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646–3151.

SUPPLEMENTARY INFORMATION: On July 17, 2006, FEMA issued a letter to LFC finalizing the flood elevation determinations. In addition, the July 17, 2006 letter established a January 17, 2007 effective date for the Flood Insurance Study (FIS) and Flood Insurance Rate Map (FIRM) for the listed community. The reason for this rescission is to allow FEMA to complete a thorough review and revision of the preliminary maps in light of recent identification of potential errors in the FIRMs. Contradictions have been identified in some areas between the printed maps and the digital data base that supports the maps. There are also questions concerning the locations of stream cross sections on the maps. These discrepancies could lead to incorrect interpretation of the flood risk portrayed in the maps, or even incorrect flood insurance determinations. Due to these issues, it is prudent for FEMA to

complete a review and revision of these maps prior to them becoming effective.

Until FEMA completes their review and revision of the aforementioned FIRMs, and digital data base, the final flood elevation published in 71 FR 60865, October 17, 2006 for the listed community is hereby withdrawn in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104. Until further notice, the release of the FIS and FIRM for the listed communities has been postponed.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601–612, a regulatory flexibility analysis is not required.

Regulatory Classification

This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism

This rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform

This rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67
