ATTN OF:

SUBJECT. REAFFIRMATION WITH ERRATA OF DEPARTMENT OF ENERGY (DOE)
HANDBOOK, DOE-HDBK-1113-98, "RADIOLOGICAL SAFETY TRAINING FOR
URANIUM FACILITIES"

TO:

Dennis Kubicki, Technical Standards Manager, EH-24

In February 2005, a notice of intent to reaffirm with errata DOE-HDBK-1113-98 was sent to the DOE Technical Standards Managers. The notice requested comments regarding the planned reaffirmation of the handbook. No comments were received. With this memorandum and the attached table of changes, DOE-HDBK-1113-98 is considered to be ready for reissuing. The Office of Worker Protection Policy and Programs recommends reissuing the handbook in accordance with the Department's responsibility under the 5-year "Periodic Document Review" (Sunset Review) provision of the Technical Standards Program Procedures.

An electronic copy of the revised standard in Word 2002 format is attached.

If you have any questions regarding this matter, please contact Judy Foulke on 3-5865 or at **Judy.Foulke@eh.doe.gov**.
