The Honorable John Tower
142 Russell Senate Office Bldg.
Washington, D.C. 20510

Dear Senator Tower:

Enclosed is a copy of a statement which I presented to a committee hearing in connection with the nomination of Dr. C. Everett Koop as Surgeon General of the United States.

As a disabled individual and a person who has been involved in disability-related activities over the years, I believe that Dr. Koop would be able to make positive contributions to the quality of the lives of disabled Americans. I hope that you will consider this factor as you participate in the vote on his nomination.

I would emphasize that I speak here as an individual, and not for any organization with which I might be affiliated.

I continue to be grateful for your support of the disabled community.

Yours for a barrier free society.
