CAN-SPAM Rulemaking Project No. R411008  
Federal Trade Commission  
CAN-SPAM Act  
PO Box 1030  
Merrifield, VA 22116-1030

To Whom It May Concern:

For the first time today, I checked my daily e-mail, and the entire list, all 27 of them, was SPAM. My concern is the growing number of pornographic SPAM that I receive along with their disgusting pictures. I have tried to "unsubscribe" to most of these, but their unsubscribe link is bogus, I still get e-mail from them, and by "unsubscribing" (when I can), I seem to get even more SPAM from even more sources—as if unsubscribing sends my information to more people.

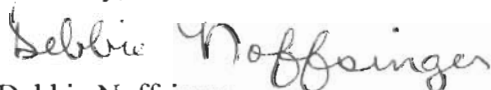

I am writing to give you the list of the most recent offenders to my e-mail and to give the FTC support to any measures they deem appropriate to stop SPAM.

Here are the addresses of the e-mails I received today:
