Subject: 12 CFR Part 303 RIN 3064-AC49 Being Engaged in the Business of Receiving Deposits Other Than Trust Funds AGENCY: Federal Deposit Insurance Corporation (FDIC). ACTION: Notice of proposed rulemaking.

Dear Mr. Robert E. Feldman:

Please accept this as my comment on the proposed rulemaking referenced above. I am totally against the interpretation of section 5 of the Federal Deposit Insurance Act in General Counsel Opinion No. 12 (also known as the Alan Kaplinsky Memorial Monogram Credit Opinion). I hope the media gets wind of this charade the FDIC is trying to pull off in order to enable the moneyed interests to continue their usurious fleecing of the masses.
