

SBA Massachusetts District Office 8(a) Portfolio as of December 2, 2008

8(a) Business Development Program

The 8(a) BD Program offers a broad scope of assistance to small businesses owned and controlled at least 51% by socially and economically disadvantaged individuals. Below listed are the Massachusetts participants in the 8(a) program. For more information on this program go to:

<http://www.sba.gov/services/contractingopportunities/bdp/8a/index.html>

To do business with the Federal government and to be certified under the 8(a) Program, you must register in the Central Contractor Registration (CCR) database, and complete the Small Business Supplemental Page within CCR. As a government-wide single point of vendor registration, CCR is a key aspect of streamlining and integrating electronic commerce into the Federal procurement process. It's easy to register in CCR. Just go to <http://www.ccr.gov> and select the "Start a New Registration" button.

Name and Trade Name of Firm	Contact	Address and City, State Zip	Capabilities Narrative
