

Appendix V

Peat and Marl Push-Core Sample Descriptions

Appendix V. Peat and marl push-core sample descriptions

[Latitudes and longitudes referenced to North American Datum of 1983. --, no data or not applicable]

Core number	Latitude	Longitude	Length of core recovered (feet)	Amount of compaction in core (feet)	Sediment interval (wet)	Sediment description (wet)	Sediment color (wet)	Comments
M-1	253931	0802853	--	--	--	--	--	Soil not sampled, but disturbed
M-2	253938	0802950	--	--	--	--	--	Abandoned location, marsh grass too thick
M-3	254053	0802952	--	--	--	--	--	0.5 ft of soil above Miami limestone bedrock
M-4	254118	0802942	--	--	--	--	--	--
M-5	254119	0802939	--	--	--	--	--	0.25 ft of soil above Miami limestone bedrock
M-6	254135	0802941	--	--	--	--	--	0.25 ft of soil above Miami limestone to exposed Miami limestone
M-7	254142	0802940	--	--	--	--	--	5 ft of peat above Miami limestone; recovered about 1.5 ft of mud and plant fibers
M-8	254219	0802943	--	--	--	--	--	About 0.5 to 1.0 ft of mud with plant fragments
M-9	254242	0802944	1.0	--	0-0.25	Mud with plant fibers	--	--
					0.25-0.75	Gray marl (floatstone) with <i>Planorabella</i>	--	--
					0.75-1.0	Muck with <i>Planorabella</i>	--	--
					0-1.28	Marl	--	--
					1.28-1.29	Peat	--	--
					1.29-1.37	Marl	--	--
					1.37-1.38	Peat	--	--
M-10	254302	0802946	1.67	--	1.38-1.46	Marl	--	--
					1.46-1.5	Peat	--	--
					1.5-1.67	Marl	--	--
					0-0.25	Very dark brown peat	--	Probed 1.92 ft to top of Miami limestone; recovered 0.25 ft muck-rich peat
					0.25-0.42	Gray marl with <i>Planorabella</i>	--	--
					0.42-0.67	Dark brown peat	--	--
					0.67-0.8	Gray peat-rich marl	--	--
M-11	254320	0802945	1.92	0.33	0.8-1.25	Dark brown peat	--	--
					0-0.25	Very dark brown peat	--	--
					0.25-0.42	Gray marl with <i>Planorabella</i>	--	--
					0.42-0.67	Dark brown peat	--	--
					0.67-0.8	Gray peat-rich marl	--	--
M-12	254340	0802946	1.25	0.33	0.8-1.25	Dark brown peat	--	--

Appendix V. Peat and marl push-core sample descriptions (Continued)
