Dear Chairman Mollohan and Ranking Member Frelinghuysen:

I am requesting funding for **Ready Willing and Able Philadelphia DOE Fund** in fiscal year 2009.

The entity to receive funding for this project is  
**Ready Willing and Able Philadelphia**  
**LeeRoy Jordan, Program Director**  
**1211 Bainbridge Street,**  
**Philadelphia, PA 19147**

This funding would allow for the establishment of a non-residential "Day" component of the Ready, Willing & Able – Philadelphia (RWA-P) program and would be specifically designed to serve new parolees. Funding would support the paid transitional employment; intensive case management; vocational training; drug testing and counseling; and comprehensive educational and social services that formerly incarcerated individuals need to become contributing members of society and permanently close the revolving door of recidivism. In other Ready, Willing & Able locations where this groundbreaking expansion has already occurred, one-year re-arrest rates of program graduates are 4.8% (as compared to 44.1% nationally).

I certify that neither I nor my spouse has any financial interest in this project.

Washington, DC 20515

Dear Chairman Mollohan and Ranking Member Frelinghuysen:

I am requesting funding for the Denton Public Safety Training Facility in fiscal year 2009. The entity to receive funding for this project is the City of Denton located at 215 E. McKinney, Denton, Texas 76201. The funding would be used to provide the new Denton Public Safety Training Facility with equipment and technology. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (exception must be justified here); (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Currently, I have established an internal process to ensure that these minimum requirements are met and believe that my criteria for evaluating these standards far exceed these GOP Conference standards. Should you require my internal forms I require any potential grantee to complete and certify or my own personal appropriations request criteria, please contact my staff and they will make them available to your staff.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY09 appropriations for the Departments of Commerce and Justice, and Science, and Related Agencies for the National Weather Radar Testbed--Phased Array Radar. The entity to receive funding for this project is the University of Oklahoma, 100 E. Boyd Street, Room 1110, Norman, Oklahoma 73019. It is my understanding that the funding would be used to support research and development for a Phased Array Radar system, with the capability of detecting forecasting advanced detection of tornadoes, and other forms of sever weather. It would also upgrade existing radar systems, and allow significant taxpayer savings with the utilization of one multi-function radar network. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I am requesting funding for the Advanced Law Enforcement Rapid Response Training (ALERRT) program (On behalf of Brownwood Police Department, Angelo State University Police Department and San Angelo Police Department), project in the FY09 Commerce, Justice, Science, and Related Agencies Appropriations bill, Department of Justice, OJP – Byrne Discretionary Grants account. The entity to receive funding for this project is the Advanced Law Enforcement Rapid Response Training (ALERRT) Program at Texas State University-San Marcos, located at 601 University Drive, San Marcos, Texas, 78666. ALERRT enables officers that have successfully completed a special “Train-the-Trainer” course to train fellow officers at their home agencies, providing an efficient and cost-effective manner to increase the number of officers with these life-saving skills. Funding will serve to further establish a national training system; to further build their train-the-trainer capacity; to enhance retention of learned skill by former students; to provide valuable research and evaluation to improve first responder abilities and to provide investigative training and support for evolving threats. Key expenditures in the upcoming year include enhancement of their outreach training to rural agencies across the nation, and expanding their instructor-based train-the-trainer course. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY2009 Commerce, Justice, and Science Appropriations bill, Department of Justice, COPS Grant for the City of Houston. The entity to receive funding for this project is the City of Houston, Mayor's Office of Public Safety & Homeland Security, 900 Bagby, 2<sup>nd</sup> Floor, Houston, Texas 77002. Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2009 Commerce, Justice, Science and Related Agencies Appropriations bill, Department of Justice, COPS Law Enforcement Technology account. The entity to receive funding for this project is the City of Hialeah, located at 501 Palm Avenue, Hialeah, FL 33010.

It is my understanding that the funding would be used to enhance the City of Hialeah police department's current radio system which does not allow for radio interoperability among other law enforcement agencies, especially important during times of statewide response to natural disasters, domestic security incidents or multi-agency jurisdictional public safety efforts. The XPS radio system would bridge the current gap and achieve interoperability with the State of Florida by replacing and upgrading fixed end, portable and mobile radio communication equipment.

*I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2009 Commerce, Justice, Science and Related Agencies Appropriations bill, Department of Commerce, NOAA, Operations, Research and Facilities account. The entity to receive funding for this project is Florida International University, located at University Park Campus, 11200 SW 8<sup>th</sup> Street, Miami, FL 33199.

It is my understanding that the funding would be used to develop the capability of real-time forecasting for storm surges associated with hurricane activity and flooding. The State of Florida is completing a state-wide collection of data from airborne lasers to record detailed elevation information. Combined with new computational capabilities and overland flow algorithms, the proposed models would allow Florida the best understanding of storm surge effects and subsequent planning advantages. This new information will save lives and mitigate property loss due to storm surge flooding.

Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2009 Commerce, Justice, Science and Related Agencies Appropriations bill, Department of Justice, Juvenile Justice account. The entity to receive funding for this project is the ARISE Foundation, located at 4001 Edmund Benson Boulevard, Miami, FL 33178.

The funding would be used to educate at-risk youth. Established in 1986, ARISE has trained over 5,000 certified life skills instructors who have gone on to teach over 3,600,000 documented hours of evidence-based life skills lessons. Specifically targeting high-risk youth, ARISE's goal is to stop the cycle of crime and violence while offenders are young enough to learn life lessons – and ultimately, to reduce rates of recidivism, drug abuse and violence while building skills to keep juveniles in school and out of harms way. The ARISE Life Management Skills Lessons provide both training and program materials for teaching such lessons to incarcerated youth through interactive methods that help develop positive social and emotional skills needed to break the cycle of violence and crime that would otherwise doom many of today's juvenile offenders. Further, it provides demonstrable outcome measures on the value of expanding this statistically proven, award-winning, professionally managed intervention program.

*I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2009 Commerce, Justice, Science and Related Agencies Appropriations bill, Department of Justice, Juvenile Justice account. The entity to receive funding for this project is Miami-Dade County, located at 111 NW 1<sup>st</sup> Street, Suite 1032, Miami, FL 33128.

The funding would be used to continue the partnership between Miami Dade County and the Department of Justice in administering the JAC program which has been recognized by the White House Office of National Drug Control Policy for its exemplary results in reducing the recidivism rate among juveniles in Miami-Dade County. The Office of Justice Programs also strongly supports the JAC's initiative to provide an expanded data base, as it could offer valuable lessons to other large jurisdictions across the U.S.

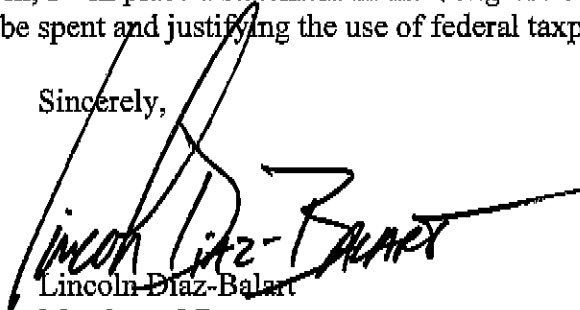

The Juvenile Assessment Center, a centralized processing, referral, and evaluation center for all juveniles arrested in Dade County, opened in late October 1997 and has served over 100,000 arrested juveniles. The JAC allows representatives from law enforcement and social services to work together to provide a complete range of services at the initial stages of the juvenile's involvement with the Juvenile Justice System. Over 5,000 juveniles have participated in the Post-Arrest Diversion component of the project since 2000, with a success rate of 73% and a sharply decreased recidivism rate among juveniles in Miami- Dade County. A successful completion of this demonstration project will continue to reduce juvenile crime in Miami-Dade County and provide a valuable blueprint for similar efforts across the country.

Funding will be used to complete the work began in 1999 as a part of the first phase of the National Demonstration Project. This groundbreaking local/state/federal project has partnered national researchers and operational staff in the reform of an active, functioning juvenile justice system by developing mechanisms to more effectively document and analyze trends and techniques to combat juvenile crime. Indeed, it is the first research project of its kind that will provide information and guidance on how communities can most effectively plan and allocate their resources when addressing a complete juvenile arrest population that consists of both serious and minor offenders. A successful completion of this demonstration project will continue to reduce juvenile crime in Miami-Dade County and provide a valuable blueprint for similar efforts across the country.

*I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2009 Commerce, Justice, Science and Related Agencies Appropriations bill, Department of Justice, Byrne Discretionary Grants account. The entity to receive funding for this project is the National Police Athletic/Activities League, headquartered in Jupiter, Florida.

It is my understanding that the funding would be used to develop and maintain a national youth crime prevention that promotes interaction and trust between law enforcement officers and youth. Primary focus on underserved communities where there are high incidences of youth crime. Funding will also be used towards the creation of pilot program to address gang related crime in several states; including FL, MD, NJ, OH, CA, PA and TX.

Dear Chairman Mollohan and Ranking Member Frelinghuysen:

I am requesting funding for the City of Doral Police Department in fiscal year 2009. The entity to receive funding for this project is the City of Doral, FL located at 8300 NW 53<sup>rd</sup> St, Suite 100, Doral, FL 33166. The funding would be used to offset the cost of purchases made to establish a new police department in the City of Doral which was incorporated in 2003 and has grown at a rate of 71%. The City of Doral recently opened its own police department after sharing services with the Miami-Dade County Police Department for the past several years. The City opened its own police department in order to effectively provide for the rapidly growing community's traffic, public safety and law enforcement needs. Equipment purchases include protective gear, communications devices, hardware/software and technology upgrades.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

I certify that neither I nor my spouse has any financial interest in this project. If you have any questions, please do not hesitate to contact my office.

Dear Chairman Mollohan and Ranking Member Frelinghuysen:

I am requesting funding for Emergency Services Technology in fiscal year 2009. The entity to receive funding for this project is Collier County, FL located at 3301 E. Tamiami Trail, Naples, FL 34112. The funding would be used to support the acquisition of public safety equipment for the County's new Emergency Services Center.

Current public safety technology equipment is outdated and hindering the ability for the local law enforcement officials to work effectively. Funding will go towards procurement of GIS and improved interoperable communications technology. The Emergency Services Center, currently under construction, is a 130,000 square foot, four story complex and includes a communications tower. Upon completion, occupants will include the Emergency Management staff, Emergency Operations Center, Information Technology, Sheriff's Substation and 911 Center, and Clerk of Courts.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Mollohan and Ranking Member Frelinghuysen:

I am requesting funding for the ARISE Life-Management Skills Intervention/Re-entry Program for High Risk Youth in fiscal year 2009. The entity to receive funding for this project is The ARISE Foundation located at 824 US Hwy 1, Suite 240, North Palm Beach, FL, 33408-3838. The funding would be used by The ARISE Foundation to provide juvenile justice facilities with specialized staff training and unique curricula to teach life lessons and develop thinking skills for incarcerated youth needed to break the cycle of violence and crime in order to reduce recidivism rates. The ARISE foundation serves approximately 31 facilities providing juvenile justice and has trained over 5,250 certified life skills instructors who have taught over 3.7 million hours of life skills lessons. The material provided contains vital information used to reduce recidivism by learning life-management lessons. Washington, D.C. 20515

Dear Chairman Mollohan and Ranking Member Frelinghuysen:

I am requesting funding for the Public Safety Radio System Replacement in fiscal year 2009. The entity to receive this program is the City of McKinney, located at 222 N. Tennessee, McKinney, Texas 75070, Collin County.

With the rapid growth of the City of McKinney, the existing public safety radio system currently has "dead spots" that could compromise the safety of officers and the public. The City of McKinney plans to address these problems by replacing its current analog system with digital technology that ensures interoperability capabilities, eliminates coverage deficiencies, and accommodates future growth. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds. With kindest regards, I am

Sincerely,

Consistent with the Republican Conference's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Thank you for your consideration of this important project, and please feel free to contact me if you have any questions.

I am requesting funding for Phoenix House Adolescent Drug Prevention and Treatment For Dallas Area Youth in fiscal year 2009. The entity to receive funding for this project is Phoenix House Adolescent Drug Prevention and Treatment For Dallas Area Youth, located at 2345 Reagan Street, Dallas, TX 75219. The funding would be used for expanding the service delivery system for the increasing number of Dallas area adolescents who are seeking drug treatment. North Texas, especially Dallas, is experiencing an epidemic of the use of "cheese", a mixture of black tar heroin and Tylenol PM, a very dangerous and highly addictive combination. Most disturbing is that drug dealers are targeting very young adolescents who have no previous exposure to illicit drugs. This epidemic started in Dallas and has spread into other North Texas communities. The requested funding will allow more youth to receive residential and outpatient treatment. Re: Rural Methamphetamine Education Project

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Rural Methamphetamine Education Project in fiscal year 2009. The entity to receive funding for this project is the Rural Crime and Justice Center at Minot State University, located at 500 University Avenue West, Minot, ND 58707. Re: Native Americans into Law

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Native Americans into Law program in fiscal year 2009. The entity to receive funding for this project is the University of North Dakota Law School located at 215 Centennial Drive Stop 9003, Grand Forks, ND 58202. A lack of Indians trained in law hampers the delivery of justice to a significant segment of American society. The American Indian population in North Dakota is substantial and growing, and it is UND law school's highest priority target group for recruitment. This funding will go towards this program which recruits American Indians to pursue degrees in law. The program provides scholarships and stipends, retention support, and outreach efforts to high schools and colleges in the region. I certify that I do not have any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Rural Methamphetamine Enforcement in fiscal year 2009. The entity to receive funding for this project is the North Dakota Office of Attorney General, located at 4205 State Street, Bismarck, ND 58502. These task forces have been extremely effective in coordinating and implementing a united fight against drug use, distribution, and manufacture in North Dakota. This earmark will provide ongoing funds for personnel, operating, and equipment funding for nine multi-jurisdictional task forces across the state which are also supported by sheriff and police departments within those regions. Funds will also be utilized and coordinated by the Bureau of Criminal Investigation to provide for training, specialized expertise, and coordination of the multi-jurisdictional drug task forces. The funding would be used to encourage victims of sexual assaults to seek medical treatment and counseling. SARTs also encourage prosecution of sexual offenders and perpetrators of domestic violence. More SARTs are needed and volunteers must be recruited, trained, and deployed, to ensure that victims are provided with comprehensive services. I certify that I do not have any financial interest in this project.

Dear Chairman Obey, Ranking Member Lewis, Chairman Mollohan and Ranking Member Frelinghuysen:

I am requesting funding for Court Appointed Special Advocates of LA County in the Fiscal Year 2009. The entity receiving funding for this project is Friends of CASA of Los Angeles County, located at 201 Centre Plaza Drive, Suite 3, Monterey Park, CA 91754. The funding will be used to provide a voice for foster children in the court system and train additional community volunteers. The 37<sup>th</sup> Congressional District has one of our nation's highest concentrations of children in foster care with over 3,200 foster children. Nearly half the children are African American and African American volunteers are needed to provide culturally appropriate advocacy. CASA volunteers advocate for the best interests of the child and help them find a safe, permanent home. I certify that I do not have any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis,

In the FY09 Commerce, Justice, and Science Appropriations legislation, I am requesting for:

**Phoenix House, 2345 Regan Street, Dallas, Texas, 75219**

It is my understanding that these funds will be used for adolescent drug prevention and treatment. Phoenix House is working to address 'cheese' and other drug addiction issues in the area. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress or was named after a former Representative in a prior Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Commerce, Justice, Science and Related Agencies Appropriations Bill for the Gulf of Alaska Coastal Communities Coalition. The entity to receive funding for this project is located at P.O. Box 201236, Anchorage, AK 99520. Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (exception must be justified here); (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.
