Present this Ready for Reuse Certificate to

HEIFER INTERNATIONAL

In recognition of Heifer Project International's efforts to investigate and remediate the Heifer International Property in Little Rock, Arkansas, the Arkansas Department of Environmental Quality (ADEQ) and the United States Environmental Protection Agency (EPA) Region 6 together have determined that the property is Ready for Reuse. As documented in the Ready for Reuse Determination Letter of January 27, 2005, a Ready for Reuse Determination is an acknowledgment that environmental conditions on the property are protective of human health and the environment based on its current and anticipated future use as commercial property.

The Heifer International Property is the first Brownfields project in Arkansas to become certified as Ready for Reuse.
