

Applications under the Special Education—Training and Information for Parents of Children With Disabilities Program was published in the **Federal Register** (66 FR 27814). Under the Parent Training and Information Centers (84.328M) priority on page 27816, in column 1, “Project Period” section, and the table also included on page 27816, we inadvertently omitted the project period for the Native American Families and the Military Families awards and the interim projects. The second sentence in the “Project Period” section is corrected to read “Interim projects will be funded for a period up to 12 months and the Native American Families and Military Families projects will be funded for a period up to 36 months”. In the table, the “Project period” column is corrected to indicate a project period of up to 36 months for the Native American Families and Military Families projects and 12 months for interim projects.

When and Where Will the Meeting Take Place?

If you will need an auxiliary aid or service to participate in the meeting (e.g., interpreting service, assistive listening device, or materials in an alternate format) notify the contact person listed in this notice at least two weeks before the scheduled meeting date. Although we will attempt to meet a request received after that date, we may not be able to make available the requested auxiliary aid or service because of insufficient time to arrange it.

What Are the Functions of the Committee?

The National Committee on Foreign Medical Education and Accreditation was established by the Secretary of Education under section 102 of the Higher Education Act of 1965, as amended. The Committee’s responsibilities are to: (1) Evaluate the standards of accreditation applied to applicant foreign medical schools; and (2) determine the comparability of those standards to standards for accreditation applied to United States medical schools.

What Are the Issues To Be Considered At This Meeting?

The National Committee on Foreign Medical Education and Accreditation will review the standards of accreditation applied to medical schools by several foreign countries to determine whether those standards are comparable to the standards of accreditation applied to medical schools in the United States. Discussions of the standards of accreditation will be held in sessions open to the public. Discussions that focus on specific determinations of comparability are closed to the public in order that each country may be properly notified of the decision.

The countries tentatively scheduled to be discussed at the meeting include Belize, the Dominican Republic, Israel, Mexico, New Zealand, Poland, St. Lucia, St. Maarten, Sweden, and the United Kingdom. Beginning August 17, you may call the contact person below to obtain the final listing of the countries whose standards will be discussed during this meeting.
