Nevada Site Office Environmental Management

EM NEWS FLASH

U.S. Department of Energy Provides Opportunity to Learn About Cultural Resources at the Nevada Test Site

U.S. Department of Energy (DOE), National Nuclear Security Administration Nevada Site Office Environmental Management Program staff will provide information regarding past and current American Indian activities at the Nevada Test Site during the Community Advisory Board (CAB) for Nevada Test Site Programs Full Board public meeting on March 11, 2009 at 5 p.m. at 755 East Flamingo Road, Las Vegas, Nevada.

The CAB is a federally-chartered DOE advisory board made up of 15 Southern Nevada residents. CAB members meet bi-monthly to study and discuss environmental activities that take place at the Nevada Test Site and provide recommendations to the DOE Nevada Site Office Environmental Management Program.

All CAB meetings are open to the public and the public is encouraged to actively participate. For additional information on CAB meetings or activities, visit the CAB website at www.ntscab.com or call (702) 657-9088.

You have received this announcement as a member of the U.S. Department of Energy, National Nuclear Security Administration Nevada Site Office Environmental Management distribution list. If you would like to be removed from the list, please call 702-295-3521 or e-mail your request to envmgt@nv.doe.gov.
