

DOE EM CLEANUP AND COMPLIANCE AGREEMENT FACT SHEET

SUMMARY

Data Element	Data
Site	Nevada Test Site
Agreement Name	Mutual Consent Agreement
State	Nevada
Agreement Type	Consent Agreement
Legal Driver(s)	RCRA
Scope Summary	Establish the understanding and commitments of both parties relative to the storage and management of on-site generated mixed (hazardous and radioactive) wastes
Parties	DOE; State of Nevada Division of Environmental Protection
Date	1/14/1994

SCOPE

- Establish the understanding and commitments of both parties relative to the storage and management of on-site generated mixed (hazardous and radioactive) wastes.

ESTABLISHING MILESTONES

- DOE will continue its evaluation of existing operations and the site characterization activities. Future schedules for remediation actions will be determined based on the results of the characterization activities and the Federal Facility Agreement (FAA) being negotiated.
- DOE will, within one year of the date of this agreement, prepare and submit an addendum to modify its existing Part B application to include a low level mixed waste storage facility.

FUNDING

- No specific provisions are contained within this document.

PENALTIES

- No specific monetary penalties are contained within this Agreement.
- DOE will operate and manage this existing facility in conformance with applicable RCRA requirements and acknowledges that failure to do so makes them subject to appropriate penalties resulting from violations for noncompliance as approved in the FFCA.
