

These are the **2010 S-590 nominations received**.

There are two lists – one sorted [alphabetically](#) and the second sorted by [Geographic Area](#). These lists will be updated. Please check back.

NAFRI will mail an initial **informational letter** to each nominee within the next week explaining pre-course work for the winter of 2008/2009.

Due to the Federal IQCS process, many S-590 nomination forms did not fully address the course prerequisites. Under **remarks-missing prerequisites** are the prerequisites that were not documented. Course prerequisites must be completed either before the fall 2009 pre-course test or the beginning of the course in early March 2010.

Attached is the [S-590 Candidate Mentor Process letter](#) that was sent to the Geographic Area Coordinating Groups on May 2, 2008. If you have any questions, please call Cyndie Hogg, S-590 Course Coordinator at 520-799-8753 or email [chogg @ fs.fed.us](mailto:chogg@fs.fed.us) (remove spaces).
