

CONTRACT NAS1-99140 (Modifications)

The following information has been determined to be exempt from disclosure and has been deleted from the contract modifications:

- Estimated cost and fixed fee

The deleted material is exempt from disclosure under 14 C.F.R. 1206.300 (b) (4) which covers trade secrets and commercial or financial information obtained from a person and privileged or confidential. It has been held that commercial or financial matter is "confidential" for purposes of this exemption if its disclosure would be likely to have either of the following effects: (1) impair the Government's ability to obtain necessary information in the future; or (2) cause substantial harm to the competitive position of the person from whom the information was obtained, National Parks and Conservation v. Morton, 498 F2d 765 (D.C. Cir. 1974).

Disclosure of the financial information could cause substantial competitive harm to the contractor by providing its competitors insight into the company's costing practices and management approaches. Furthermore, disclosure would discourage other companies from participating in future competitive procurements, thereby impairing the Government's ability to obtain complete and accurate cost data, and in turn, frustrating the mandate to obtain maximum competition in negotiated procurements.

E. IMPORTANT: Contractor is not, is required to sign this document and return 3 copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.) The purposes of this modification are to: (1) effect Statement of Work changes that reduce the shift requirements for various REOS facilities and delete the requirement for the contractor to operate and maintain the Unitary Plan Wind Tunnel (Building 1251); (2) incorporate an advance agreement to permit shift changes and/or facility additions, deletions, and changes without an equitable adjustment until such time the maximum level-of-effort is projected to be exceeded; (3) effect changes to the financial baseline requirements and to the 533 reporting requirements; and (4) to increase the funds previously available and allotted via the basic contract by \$450,000. The contract-specified level-of-effort, estimated cost, and fixed fee remain unchanged by this action. Accordingly, the contract is modified as follows:

(continued)

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

15A. NAME AND TITLE OF SIGNER (Type or print) VIRGINIA SMITH, VICE PRESIDENT & COO 16A. NAME AND TITLE OF CONTRACTING OFFICER (Type or print) DAVID H. JONES 15B. I. B.1, Items To Be Furnished, the paragraph entitled, CLIN 2 – Mechanical/Electrical Drive Systems, is revised to delete the reference to the Unitary Plan Wind Tunnel. Due to Government budget cuts, the contractor will no longer be required to maintain and operate this research facility. This change is made pursuant to Section I Clause 52.243-2, *Changes – Cost-Reimbursement (AUG 1987) – Alternate II (APR 1984)* and to H.14, *Advance Agreement – Changes To Shifts And Facilities*, which is incorporated by this modification (Ref. Paragraph IV). Accordingly, the third paragraph of B.1 is restated as follows:

“CLIN 2 – MECHANICAL/ELECTRICAL DRIVE SYSTEMS: Work includes the operation of Main Drive Systems for the 16 FT Transonic Tunnel, Transonic Dynamics Tunnel, 0.3 Meter Transonic Cryogenic Tunnel, Scramjet Test Facility and the duties of Power Dispatcher. The specific requirements for CLIN 2 are contained in Section C. The work covered by this CLIN requires no written work request for the contractor to proceed with performance. All of the work described in Section C for CLIN 2 shall begin on the effective date of the contract, September 1, 1999.”

II. Pursuant to Section I Clause 52.232-22, *Limitation of Funds*, the funds previously available and allotted through the basic contract award are hereby increased by \$450,000. The total allotted for payment of cost is increased by \$ [REDACTED] and the total allotted for payment of fee is increased by [REDACTED]. The period for which funding is available is extended to October 18, 1999. Accordingly, B.4, Contract Funding, paragraphs (a) and (b) are restated as follows:

(a) For purposes of payment of cost, exclusive of fee, in accordance with the Limitation of Funds clause, the total amount allotted by the Government to this contract is \$ [REDACTED]. This allotment is for the performance of research equipment operations services and covers the following estimated period of performance: from the effective date of the contract through October 18, 1999.

(b) An additional amount of [REDACTED] is obligated under this contract for payment of fee.

III. C.1, Statement of Work - Research Equipment Operations Services, is revised to change/reduce the shift requirements for various facilities under the contract and to delete the requirement for the contractor to operate and maintain the Unitary Plan Wind Tunnel (Building 1251). This change is made pursuant to Section I Clause 52.243-2, *Changes – Cost-Reimbursement (AUG 1987) – Alternate II (APR 1984)*, and to H.14, *Advance Agreement – Changes To Shifts And Facilities*, which is incorporated by this modification (Ref. Paragraph IV). Accordingly, the following changes are hereby made to the Statement of Work.

1. Section 2.12, Facilities, is revised to delete the Unitary Plan Wind Tunnel (UPWT), Building 1251 from the list of facilities under Drive Control Systems. The Contractor will not be responsible for maintaining and operating this facility. Accordingly, the list of drive control systems is restated as follows:

“Drive Control Systems

Drive Control, Building 1241 for the 16 foot Transonic Tunnel, Building 1146
Transonic Dynamics Tunnel (TDT), Building 648
Frequency Converter Building, Building 1235, for Scramjet Test Facility, Building 1247B, and
0.3 Meter Transonic Cryogenic Tunnel, Building 1242”

2. Section 2.13, Shift Requirements, the table that sets forth the REOS shift requirements is revised to delete the reference to Building Number 1251 and to change the starting and/or ending shift times for several REOS facilities. Accordingly, the table is restated as follows:

Building Number	Number of Shifts	Normal Operating Hours	Notes
1241/1235	3	10:00 PM – 10:00 PM*	*Sunday-Friday
648 TDT Drive	2	7:30 AM – 10:30 PM	
648 Heavy Gas	3	6:00 AM – 10:45 PM	
1277	1	6:30 AM – 3:00 PM	
1265	1	6:30 AM – 3:00 PM	
1247B	1	7:00 AM – 3:30 PM	
1247E	2	7:00 AM – 11:30 PM	
1236	1	7:00 AM – 7:00 PM	

3. Section 3.2, CLIN 2 – Mechanical/Electrical Drive System Operations and Power Dispatching, is revised to delete all Contractor requirements related to the Unitary Plan Wind Tunnel, Bldg. 1251. The specific changes are as follows:

A. The first sentence is revised to delete the reference to the Unitary Plan Wind Tunnel, Bldg. 1251. Accordingly, the sentence is restated as follows:

“The Contractor shall be responsible for the safe and efficient operations of the Main Drive Systems for the 16 Foot Transonic Tunnel, Bldg. 1146 (operated from Drive Control, Bldg. 1241); the Transonic Dynamics Tunnel, Bldg. 648; the 0.3 Meter Cryogenic Tunnel, Bldg. 1242, and the Scramjet Test Facility, Bldg. 1247B (both operated from the Frequency Converter, Bldg. 1235).”

B. The standard operating procedures (SOP’s) applicable to the Unitary Plan Wind Tunnel, Bldg. 1251 are no longer applicable to this contract; therefore, SOP’s 24-PR-4, 24-PR-5, 24-PR-6, 24-PR-7, 24-PO-2, and 24-OP-1 are hereby deleted from the list.

IV. Because of the very uncertain future regarding funding availability and technical needs for the REOS contract, it is desirable to structure the contract with sufficient flexibility to enable the Government and the contractor to react to changing requirements without excessive administrative burden. In order to implement this approach, an advance agreement is necessary. This agreement shall authorize the Government to issue change modifications to update the shifts and facilities under the contract as necessary; however, no equitable adjustment in cost or fee will be executed until such time that the maximum level-of-effort specified in the contract is projected to be exceeded. This change is made pursuant to Section I Clause 52.243-2, *Changes – Cost-Reimbursement (AUG 1987) – Alternate II (APR 1984)*. Accordingly, the following advance agreement is hereby incorporated in the contract as H.14.

“H.14 ADVANCE AGREEMENT – CHANGES TO SHIFTS AND FACILITIES

From time to time, as the Government’s funding and technical needs change, the Government may change the facilities (Ref. C.1, Statement of Work, Paragraph 2.12) and shifts (Ref. C.1, Statement of Work, Paragraph 2.13). Contract modifications will be issued to effect any long-term (i.e., greater than 30 days) changes in facilities or shifts; however, no equitable adjustment for cost and fee be considered for these changes until the maximum level-of-effort set forth at B.2 is projected to be exceeded. In the event, that the Government does not allot sufficient funds to allow completion of the work (i.e., fund the entire level-of-effort), the Government may pursue a fee reduction in accordance with the Limitation of Funds clause of the contract, FAR 52.232-22, paragraph (l). The Government shall give the contractor 30 days preliminary written notice of any long-term change in the facilities or shifts.”

V. Pursuant to Section I Clause 52.243-2, *Changes – Cost-Reimbursement (AUG 1987) – Alternate II (APR 1984)*, Exhibit B, Contract Documentation Requirements, is revised as follows:

A. To facilitate the Government’s internal system for collecting contract funding resources from its respective customers, it is necessary that the contractor provide sub-category cost reporting for individual facilities under CLINs 1 & 2. The Financial Baseline Plan and budgets shall be required at the CLIN and total contract level only. Accordingly, Paragraph 5 is restated as follows:

“5. The Contractor shall submit separate 533M’s for each of the following:

a. Summary of Entire Contract Effort

b. CLIN 1 – Fluid Systems Operations and Routine Maintenance and Corrective Repairs

- (1). High Pressure Research Air Generation (Cost Reporting Only)
- (2). Transonic Dynamics Tunnel (Cost Reporting Only)
- (3). 8-Ft High Temperature Tunnel (Cost Reporting Only)
- (4). Mobile LN2 Truck (Cost Reporting Only)
- (5). Building 1247B (Cost Reporting Only)

c. CLIN 2 – Drive Systems Operations and Power Dispatching, and Routine Maintenance and Corrective Repairs

- (1). 16 FT TT Drive Control, Power Distribution, and Frequency Converter Station for 0.3M Transonic Cryogenic Tunnel (Cost Reporting Only)
- (2). TDT Drive Control (Cost Reporting Only)

d. CLIN 3 – NTF Support and Routine Maintenance and Corrective Repairs

B. Paragraph I.F, Financial Baseline Plan - In order to maintain a reasonable baseline for contract cost in conjunction with H.14, Advance Agreement - Changes to Shifts and Facilities (Ref. Paragraph IV, this modification), it is desirable for the financial baseline plan be based on the facilities and shifts currently required and that it be updated whenever facilities or shifts are added, deleted, or changed via contract modification. Accordingly, the last two sentences of

paragraph I.F is substituted with the following:

“This plan shall be updated whenever the contract is modified to add, delete, or change required facilities and shifts.”

1. Pursuant to Section I Clause 52.232-22, Limitation of Funds the amount available for payment and allotted to this contract is increased by \$184,000 of which [REDACTED] is allotted for payment of cost and [REDACTED] is allotted for fee. Accordingly, B.4, Contract Funding, paragraphs (a) and (b) are restated as follows:

"(a) For purposes of payment of cost, exclusive of fee, in accordance with the Limitation of Funds clause, the total amount allotted by the Government to this contract is [REDACTED] and covers the following period of performance: August 30, 1999 through August 31, 2000.

(b) An additional amount of [REDACTED] is obligated under this contract for the payment of fee."

2. Section C, C.1, Statement of work- Research Equipment Operations Services is revised to:

A. Change the shift requirements for the NTF Facility B-1236 from one shift, 7:00a.m. - 7:00p.m. to two shifts, from 7:00a.m. -11:30p.m.

B. Add the following paragraphs to Section 3.0, OPERATIONS, paragraph 3.3 CLIN-3 NTF Support:

3.3.1.6. The contractor shall perform scheduled maintenance/inspections on components internal to the tunnel. Maintenance shall include troubleshooting, minor repairs, replacement of defective components, and lubrication. The components include but are not limited to:

- Test Section Pocket Doors
- Nacelle Fairings
- Fan Shaft Balance Weights
- Ln2 Injector Fairings
- Shaft Bellows
- Arc Sector Fixed Fairings
- Liner Panels
- Fan Shaft Aero Fairing
- Fan Shaft Alley
- Nacelle Access Panels (3)
- Nacelle Fairings
- Nacelle Penetration Flange
- Test Section Actuators
- Model Support Floor and Ceiling
- Reentry Flaps
- Corner Filets
- Arc Sector Locks

- High Speed Diffuser

Turning Vanes

Anomalies noted during the inspection(s) shall be reported to the Facility Coordinator within 4 hours of discovery.

3.3.1.7 The contractor shall maintain the mechanical portion of the Model Roll Drive Unit. This shall include removal and installation of the unit, brake repair/replace, and disassembly of the unit to facilitate maintenance by other crafts.

3.3.1.8 The contractor shall open and close tunnel penetrations as directed by the Facility Coordinator.

3.3.1.9 The contractor shall support projects performed by other contractors as determined by the Facility Coordinator and/or the COTR that impact the configuration control of the NTF. The support may include: third party design reviews, design and documentation, template fabrication, and associated installation and checkout support.

3.3.1.10 The contractor shall work with other contractor(s) and the facility electrical staff to verify the facility critical interlocks.

3.3.1.11 Specialized Support Efforts (NTF)

On occasion the Contractor may be called upon to provide specialized support to the NTF that is not specifically identified in the contract SOW. Specialized support is defined as Wind Tunnel Test Initiated Tasks and Facility Infrastructure Tasks that are not considered self-sustaining and on going at the NTF. When initiated, a request shall be reviewed by the COTR and Project Manager and a determination made as to applicability to the REOS contract. Based on this review a Task Order may be initiated by the COTR. The Contractor shall assess the requirements and determine the resources and costs to perform the work. Written estimates detailing resources, costs and schedule shall be submitted by the Contractor to the COTR for review and approval. Task orders approved and issued by the COTR will become TTRs. Task Order/TTRs shall be tracked by the Contractor through task completion.

3. The Estimated Cost and Fixed Fee and Level of effort shall remain unchanged.

Minimum employee contributions costing an average of \$2.56 per hour computed on the basis of all hours worked by service employees employed on the contract.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor weeks after 8 years, and 4 weeks after 15 years. Length of service includes the whole of continuous service with the present contractor or successor, wherever employed, and the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Col Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE PARENTHESES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as numbered):

- 1) Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See CFR 4.156)
- 2) **APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL:** An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. a rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.
- 3) **WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY:** If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours week) and Sunday is part of your regularly scheduled workweek, you are paid at your regular basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty considered overtime work).

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either the terms of the Government contract, by the employer, by the state or local law, etc) the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning)

uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost) reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (\$0.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments and do not require any special treatment such as dry cleaning, daily washing, or commercial

laundrying in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** NOTES APPLYING TO THIS WAGE DETERMINATION ****

Source of Occupational Title and Descriptions:

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations," Fourth Edition, January 1993, as amended by the Third Supplement, dated March 1997, unless otherwise indicated. This publication may be obtained from the Superintendent of Documents, at 202-783-3238, or by writing to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Copies of specific job descriptions may also be obtained from the appropriate contracting officer.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE (Standard Form 1444)

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid monetary wages and furnished the fringe benefits as are determined. Such conformance process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. (See S

4.6 (C) (vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupational classification and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order of priority the occupational classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees

themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

- 3) The contracting officer reviews the proposed action and promptly submits a report action, together with the agency's recommendations and pertinent information including position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b) (Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties required are not performed by a classification already listed in the wage determination. Remember it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially combine, or subdivide classifications listed in the wage determination.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: Life, accident, and health insurance plans, sick leave, pension plans, civic and personal leave, severance pay, and savings and thrift plans. Minimum employer contributions costing an average of \$2.56 per hour computed on the basis of all hours worked by service employees employed on the contract.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 8 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE PARENTHESES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as numbered):

1) Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See CFR 4.156)

2) **APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL:** An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. at the rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.

3) **WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY:** If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard including working with or in close proximity to explosives and incendiary materials involved in research, testing, manufacturing, inspection, renovation, maintenance, and disposal. Such as: Screening, blending, dying, mixing, and pressing of sensitive explosives pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive explosives and incendiary materials. All operations involving regarding and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard. Including working with or in close proximity to explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation and, possibly adjacent employees, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used.

All operations involving, unloading, storage, and hauling of explosive and incendiary ordnance material other than small arms ammunition. (Distribution of raw nitroglycerine is covered under high degree hazard.)

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** NOTES APPLYING TO THIS WAGE DETERMINATION ****

Source of Occupational Title and Descriptions:

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations," Fourth Edition, January 1993, as amended by the Third Supplement, dated March 1997, unless otherwise indicated. This publication may be obtained from the Superintendent of Documents, at 202-783-3238, or by writing to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

Copies of specific job descriptions may also be obtained from the appropriate contracting officer.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE (Standard Form 1444 (SF 1444))

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: Life, accident, and health insurance plans, sick leave, pension plans, civic and personal leave, severance pay, and savings and thrift plans. Minimum employer contributions costing an average of \$2.56 per hour computed on the basis of all hours worked by service employees employed on the contract.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 8 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE PARENTHESES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as numbered):

- 1) Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See CFR 4.156)
- 2) **APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL:** An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. at the rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.
- 3) **WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY:** If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay

plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry- house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** NOTES APPLYING TO THIS WAGE DETERMINATION ****

Source of Occupational Title and Descriptions:

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations," Fourth Edition, January 1993, as amended by the Third Supplement, dated March 1997, unless otherwise indicated. This publication may be obtained from the Superintendent of Documents, at 202-783-3238, or by writing to the Superintendent of

Documents, U.S. Government Printing Office, Washington, D.C. 20402. Copies of specific job descriptions may also be obtained from the appropriate contracting officer.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section

4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 on bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not

performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

- Contract Section B.1 ITEMS TO BE FURNISHED, is amended to add CLIN 4 as follows:

“CLIN 4 – OTHER FACILITY SUPPORT: Work includes operation and maintenance support for the following additional facilities:

- 14 x 22 Subsonic Wind Tunnel
- 16 Foot Transonic Wind Tunnel
- Unitary Plan Wind Tunnel
- Low Turbulence Pressure Tunnel
- Jet Exit Facility
- 0.3 M Transonic Cryogenic Tunnel

The tasks may be either permanent or "short term"/otherwise non-permanent and intended to alleviate schedule and/or resource constraints. Tasks may be associated with specific wind tunnel research tests and/or in support of the facility and related systems. Tasks may include operation of any of the systems in the stated facilities. Separate funding shall be provided for parts replacement and materials purchases, which have been authorized by the Government to support the referenced facilities. Government will provide necessary operational and safety training to contractor personnel for work at these facilities.

The following process will be used to request task support under CLIN 4:

The Government will initiate DTSV Form 55-1, which defines the requirement. DTSV Form 55-1 will be submitted through the COTR to the DTSV project manager, who will estimate the needed resources for performance. For those tasks, which do not require additional level of effort, work can proceed with COTR and DTSV Project Manager approval. For those tasks requiring additional level of effort, DTSV Form 55-1, along with a DTSV cost proposal, will be submitted through the COTR to the Contracting Officer. Work will proceed upon approval of the Contracting Officer.”

- Contract EXHIBIT B, is amended to add the following: “Paragraph I.D.5.e. CLIN 4 – Other Facility Support”
- This change shall be at no cost to the Government.
- All other terms and conditions remain unchanged, and in full force and effect.
