Dear Chairman Obey and Ranking Member Lewis:

I am requesting \$5 million for Interstate 5 Widening. The entity to receive funding for this project is the San Diego Association of Governments located at:

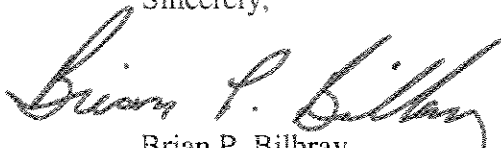

401 B Street, Suite 800
San Diego, CA 92101

According to CALTRANS, the busiest segment of Interstate 5 is north of the 1-805 merge where an average of 265,000 vehicles pass a day. Furthermore, CALTRANS estimates that during the next 25 years that number will increase to 350,000. For this reason, this funding will be applied towards new managed/high occupancy vehicle lanes to provide mobility choices for motorists on Interstate 5 in the northern San Diego region. The project area will extend from La Jolla Village Drive and Mira Mesa Boulevard in San Diego to Vandergrift Boulevard in Oceanside and includes new connectors at State Route 56.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

I am requesting \$1,500,000 for the Encinas Creek Bridge Replacement. The entity to receive funding for this project is the City of Carlsbad located at:

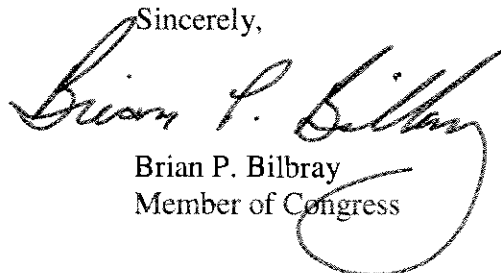

1200 Carlsbad Village Drive
Carlsbad, CA 92008

The Encinas Creek/Coast Highway 101 bridge was originally constructed in 1913 and is a major North/South transportation corridor in North County. Serving as the regional road alternative to Interstate 5, it is a frequently traveled highway with average daily southbound trips exceeding 9300 trips. The bridge is in extremely poor condition, so much so that Carlsbad was recently forced to close the inside traffic lane due to the failing support structure. The bridge does not meet seismic standards and CALTRANS has recommended that the bridge be replaced as soon as possible.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I am requesting \$665,000 for the Encinitas Boulevard/Interstate 5 interchange. The entity to receive funding for this project is the city of Encinitas located at:

505 S. Vulcan Avenue
Encinitas, CA 92024

The City of Encinitas is contracting with an engineering consultant (Dokken Engineering) to prepare a Project Study Report, Project Report and Environmental Document for the Encinitas Blvd / I-5 Interchange. Dokken Engineering is working with CALTRANS and the City of Encinitas staff to study and develop viable alternatives for four Interstate 5 interchanges, including the Encinitas Boulevard interchange. Unless the City can fund this project study, CALTRANS is moving ahead with environmental review and design on their "minimum build" alternative for this interchange, which assumes no undercrossing widening and some roadway improvements while maintaining the existing diamond interchange configuration.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (exception must be justified here); (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds

Currently, I have established an internal process to ensure that these minimum requirements are met and believe that my criteria for evaluating these standards far exceed these GOP Conference standards. Should you require my internal forms I require any potential grantee to complete and certify or my own personal appropriations request criteria, please contact my staff and they will make them available to your staff.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Transportation, Housing and Urban Development Appropriations bill from the Federal Highway Administration's Transportation and Community and System Preservation Program. The entity to receive funding for this project is Hendricks County Board of Commissioners, located at 355 S. Washington Street, Danville, Indiana 46122. It is my understanding that the funding will be used to assist with continuing construction of the Ronald Reagan Parkway, which ultimately connects I-70 and the Indianapolis International Airport to I-65 in Boone County, Indiana. With the original northern and southern segments of the project completed or underway, this project will focus on the construction of the middle segment from US 36 to CR100S over the Avon CSX rail yards, and the design of the adjoining segment from CR100S to CR200S, completing the southern linkage of the road. I certify that neither I nor my spouse has any direct financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. The entity to receive funding for this project is Boone County Board of Commissioners, located at 212 Courthouse Square, Lebanon, Indiana, 46052. It is my understanding that the funding will be used for part of an overall highway plan involving four projects centered on the I-65/SR267 interchange in Boone County, which has become burdened by community growth and increased traffic. I certify that neither I nor my spouse has any direct financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Transportation, Housing and Urban Development Appropriations bill from the Federal Transit Administration's Sec. 5309 account. The entity to receive funding for this project is Greater Lafayette Public Transportation Corporation (GLPTC, CityBus), 1250 Canal Rd., P.O. Box 588, Lafayette, Indiana 47902. It is my understanding that the funding will be used to help purchase five new hybrid low floor buses to serve the Lafayette community. These buses will allow CityBus to retire five vehicles in the fleet that are 150% past the FTA allowable retirement age and will help cut emissions and fuel costs. I certify that neither I nor my spouse has any direct financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Transportation, Housing and Urban Development Appropriations bill from the Federal Highway Administration's Transportation and Community and System Preservation Program. The entity to receive funding for this project is Johnson County Board of Commissioners, 86 West Court Street, Franklin, Indiana 46131. It is my understanding that the funding will be used for design and planning, leading to construction of an interchange at the intersection of I-65 and County Road 750 North in Johnson County, Indiana. Presently, individuals traveling east-west in the northern portion of the County, which is part of the Indianapolis metropolitan area, are forced to use primarily two-lane, rural County roads that were never designed to handle the traffic volumes which they must endure on a daily basis and safety concerns have arisen. I certify that neither I nor my spouse has any direct financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

I am requesting funding in the Fiscal Year 2009 Transportation and Housing and Urban Development Appropriations bill for the Riverside and Corona Transit Centers. The entity to receive funding for this project is the Riverside Transit Agency located at 1825 Third Street, Riverside, CA, 92507. The funding would be for the construction of transit centers in cities of Riverside and Corona, CA.

I have a pending request for advice from the Committee on Standards of Official Conduct regarding the congressional earmark financial interest certification requirements as outlined in House Rule XXIII, Clause 17. Therefore, I intend to submit a congressional earmark funding request for the Corona Transit Center to the House Appropriations Subcommittee on Transportation, HUD, and Related Agencies, as well as submit this financial certification letter as a placeholder. Dear Chairman Olver and Ranking Member Knollenberg,

I am requesting funding in the FY09 Transportation Appropriations bill, Federal Highway Administration (FHWA), Interstate Maintenance Discretionary account. The entity to receive funding for this project is the Virginia Department of Transportation, located at 1401 E. Broad St., Richmond, VA 23219. It is my understanding that the funding would be used to reconstruct the grade-separated interchange of I-95 and the Fairfax County Parkway at Newington Road. The funding request for this interchange is due to the Base Realignment and Closure Commission recommendations for Fort Belvoir. The reconstruction will address increased traffic congestion expected because of increased personnel and contractors for Army operations. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2009 Transportation, Housing and Urban Development and Related Agencies Appropriations bill, Federal Highway Administration, TCSP account. The entity to receive funding for this project is the City of Hialeah, located at 501 Palm Avenue, Hialeah, FL 33010.

It is my understanding that the funding will be used to enable the city's Streets & Engineering Department to develop and implement the City's 5-year Capital Improvement Program. The City of Hialeah has a rapidly aging infrastructure with some areas facing more than 50 years since any work has been done in repairs/reconstruction. Areas have been chosen throughout the city, based on roadway need, drainage concerns, areas that have not been reconstructed for over three decades and fill-in for sections that are still needed.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2009 Transportation, Housing and Urban Development and Related Agencies Appropriations bill, Federal Highway Administration, TCSP account. The entity to receive funding for this project is the City of Sweetwater, located at 500 SW 109th Avenue, Sweetwater, FL 33174.

It is my understanding that the funding will be used to repair, resurface and mill city sidewalks and streets. Many of the city's sidewalks and streets have not been serviced in over 20 years due to the lack of funding for improvements and maintenance. These damaged sidewalks and streets compromise citizen safety (several are unsafe for walking and bicycling); cause damage to property (i.e., cars, bicycles); and give the city an undesirable aesthetic appearance. Sweetwater does have approximately \$300,000 in matching funds for sidewalk and street-related projects.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2009 Transportation, Housing and Urban Development and Related Agencies Appropriations bill, Federal Highway Administration, TCSP account. The entity to receive funding for this project is the City of Doral, located at 8300 NW 53rd Street, Suite 100, Doral, FL 33166.

It is my understanding that the funding will be used for property acquisition, design, permitting, and construction of roadway gaps and intersections identified to be in need of capacity improvements. This will help to alleviate roadway sections that are failing due to large traffic volumes. In addition, there are several roadway gaps where development has expanded the grid pattern of the City roadways surrounding small parcels that have not been developed. The completion of these small sections of roadway would complete the City's grid pattern and provide additional options for increasing traffic to avoid already congested intersections.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. It is my understanding that the funding will be used to replace the municipal gymnasium in Miami Springs, Florida. The funding will be used to replace the municipal community center in Miami Springs, Florida. The entity to receive funding for this project is Miami-Dade County, located at 111 NW 1st Street, Suite 1032, Miami, FL 33128.

It is my understanding that the funding will be used to purchase additional buses for Miami-Dade County. Federal bus and bus-related funds will enhance current levels of service to meet the growing transportation demand – increasing bus routes and improving service frequencies. The purchase of additional buses will have an important collective impact on Miami-Dade County's ability to decrease congestion and promote intermodal linkages for passengers throughout the South Florida region.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

It is my understanding that the funding will be used to purchase three buses for the City of Pembroke Pines senior center for transporting the elderly population. Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2009 Transportation, Housing and Urban Development and Related Agencies Appropriations bill, Federal Transit Administration, New Starts account. The entity to receive funding for this project is Miami-Dade County, Florida, located at 111 NW 1st Street, Suite 1032, Miami, FL 33128.

It is my understanding that the funding would be used for Phases II and III of the Miami-Dade County Transit Authority's Metrorail Orange Line Expansion. Primarily, in Phase II, Miami-Dade County Department of Transit is in the final planning stage for the construction of a 9.2-mile Metrorail extension along NW 27th Avenue between the existing Dr. Martin Luther King, Jr. Metrorail station and the Broward County line. Phase III, the County's East-West Corridor Rapid Transit Project proposes to extend Metrorail some 10-13- miles from the Miami Intermodal Center to Florida International University and points west. As fewer than 48% of the County's residents live outside incorporated Miami, this Orange Line expansion project will allow for more options for commuting and travel around Miami-Dade County.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Olver and Ranking Member Knollenberg:

I am requesting funding for the Environmental and Ecological Study Center in fiscal year 2009. The entity to receive funding for this project is Miami-Dade College located at 11011 SW 104 St, Miami, FL 33176. The funding would go towards the development and construction of an Environmental and Ecological Study Center. The facility would be a dynamic education resource center and environmental showcase consisting of a single family "house" where students and visitors can see ecologically sound best practices. It will have the external appearance of a south Florida home and will have flexible meeting areas for workshops, conferences, demonstration areas and office space. The Center will model environmentally sustainable construction design and will provide local residents, consumers, designers, builders, environmentalists and others with a single source for integrated and practical ways to make homes greener, safer, stronger and smarter. The Center will deliver formal and informal education in support of major national and state environmental priorities including energy efficiency and conservation, hurricane and flood protection, water conservation and management, asthma, mold and other indoor air hazards and access for the disabled.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Olver and Ranking Member Knollenberg:

I am requesting funding for Miami Lakes Bus Procurement in fiscal year 2009. The entity to receive funding for this project is the Town of Miami Lakes, FL located at 15700 NW 67th Ave, Miami Lakes, FL 33014. The funding would be used for the second phase of the vehicle procurement program. The funding will go towards the procurement of hybrid electrical vehicles which provide negligible emissions and low-floor designs. The vehicles will be part of the trolleybus service that is currently being implemented. The services is designed to provide general transportation throughout the town, primarily focusing on east-west directional travel currently not serviced by the County bus system, transportation for students and parents to and from Bob Graham Education Center during the morning commencement and afternoon dismissal periods, a mid-day lunch route service for the business parks, and lastly, a paratransit, door-to-door bus service for senior citizens. The general circulator will mitigate their growing traffic congestion problems and the potential safety concerns stemmed by increased vehicular traffic.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Olver and Ranking Member Knollenberg:

I am requesting funding for the Miami-Dade County Transit Authority's Metrorail Orange Line Extension Project in fiscal year 2009. The entity to receive funding for this project is Miami-Dade County located at 111 NW 1ST St, Suite 1032, Miami, FL 33128. This funding will be used for Phase II and III of the Metrorail Extension Project, the North Corridor and East-West Corridor, respectively. Phase II is in the final planning stage for the construction of a 9.2-mile Metrorail extension along NW 27th Avenue and Phase III is a proposed East-West Rapid Transit Corridor that will run some 10-13 miles East from the Miami Intermodal Center to Florida International University and points west. Metrorail began service in 1984 and currently operates 22.4-miles of rapid transit line, however the region has experienced tremendous growth in the last 24 years, most of it occurring outside the current system boundaries, and is in need of an expanded Metrorail system. This Rail extension will allow more options for commuters and visitors as well as improve safety on the roadways and be more environmentally-friendly.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Olver and Ranking Member Knollenberg:

I am requesting funding for the Miami Military Museum in fiscal year 2009. The entity to receive funding for this project is the Miami Military Museum located at 1825 Ponce de Leon Boulevard, Coral Gables, FL 33134. The funding would be used to relocate, restore and rehabilitate the historic structure into a military museum, veterans memorial and education center. The structure served as a control base and headquarters for the blimps that protected the South Florida coastline and Caribbean during World War II, an intelligence base during the Cold War and the Cuban Missile Crisis, an Army Reserve Center, and a Marine Corps Reserve Center during Desert Storm. In addition to serving as a museum, the restored facility will serve as a research library and classroom space to accommodate school field trips.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Olver and Ranking Member Knollenberg:

I am requesting funding for the City of Doral Transit Circular Program in fiscal year 2009. The entity to receive funding for this project is the City of Doral, FL located at 8300 NW 53rd St, Suite 100, Doral, FL 33166. The funding would be used to further implement the Doral Transit Circulator program. This program allows the City to provide public transportation services to help alleviate traffic congestion and to connect residential areas with recreational, retail and commercial facilities. Once primarily composed of agricultural and industrial tracts, City of Doral has established itself as a major center of wholesale international trade and a booming office, commercial, and residential community. Approximately 35,000 people live in Doral and over 100,000 more travel to and through the city each day for employment and business activities. Due to its proximity to the urban core of Miami-Dade and major transportation facilities, as well as the rapid development of its component communities, Doral contends with a unique array of transportation concerns that require immediate and significant attention.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Olver and Ranking Member Knollenberg:

I am requesting funding for Snake Road Safety Improvements in fiscal year 2009. The entity to receive funding for this project is the Miccosukee Tribe of Indians located at P.O. Box 440021, Tamiami Station, Miami, FL 33144. The funding would be used to design the recommended alternative to widen the existing shoulders on Snake Road within the Miccosukee Tribe Reservation to address significant safety concerns. Two studies conducted by the Bureau of Indian Affairs concluded that Snake Road is in serious need of realignment and repair, where from 1997-2000 70 accidents occurred resulting in 6 deaths. The project would fund the alternative selected by the Florida Department of Transportation following a PD&E Study which has the least environmental impact and is the most cost effective.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Olver and Ranking Member Knollenberg:

I am requesting funding for the Transportation-Related Awareness, Networking, Skills, Information and Training (Project TRANSIT) program in fiscal year 2009. I certify that neither I nor my spouse has any financial interest in this project.

Very truly yours,

Dear Chairman Olver and Ranking Member Knollenberg:

I am requesting funding for Shelter Renovation project in fiscal year 2009. The entity to receive funding for this project is under the Housing and Urban Development-Economic Development Initiative account is the Peoples Emergency Center (PEC), located at 325 North 39th Street, Philadelphia, Pennsylvania, 19104-4656. The funding would be used for complete overall building improvements of required upgrades and renovations at its Main facility to return the building to a state-of-the-art facility. This facility was constructed with state-of-the-art technologies back in 1990; however, the operating systems have reached their life expectancy. In addition, serving over 100 families a year has resulted in major wear on the facility's housing, kitchen, program, and office space and they all require upgrading. This renovation will enable PEC to continue to provide housing and services of the highest quality to homeless families.

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Olver and Ranking Member Knollenberg:

I am requesting funding for Northwest Consolidation Housing Preservation Project in fiscal year 2009. The entity to receive funding for this project under the Housing and Urban Development-Economic Development Initiative account is Dignity Housing, located at 5221 Germantown Avenue, Philadelphia, Pennsylvania, 19144. The funding would be used to target 30 aging homes and apartments in Dignity's scattered-site inventory. The program is designed to provide low-income women and children with decent affordable homes and access to resources that can move them up and out of poverty. The units were brought in 1988 below market rents and rent subsidies prevented building a capital reserve. Units now require roofing, cement work, windows, heating system repairs/replacement, flooring and appliances.

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Olver and Ranking Member Knollenberg:

I am requesting an extension of funding for the Callowhill Bus Garage Rehabilitation project in fiscal year 2008. The entity to receive funding for this project is the Southeastern Pennsylvania Transportation Authority (SEPTA). Located at 1234 Market Street, 9th Floor, Philadelphia, Pennsylvania, 19107. The funding would be used to rehabilitate certain aspects of the existing 95 year old bus garage. In the facility's present condition, the doors must be open to provide ventilation for the workers. The new system will allow the doors of the bus storage bays to be closed more frequently, as requested by neighbors. The new ventilation system will be an improvement for both neighbors and SEPTA workers.

Dear Chairman Olver and Ranking Member Knollenberg:

I am requesting funding for the Sam Rayburn Library and Museum in Bonham, Texas in fiscal year 2009. The entity to receive this program is the Center for American History, located SRH 2.101, 1 University Station D1100, Austin, Texas 78712.

The proposal will provide funds for the emergency repair and renovation of the Sam Rayburn Library and Museum, Bonham, Texas. Renovations will address structural renovations to the building that will protect the valuable collections and improve the access to an important national historic landmark. The Sam Rayburn Library and Museum, is one of five divisions of the University's Center for American History. The National Historic Landmark is the creation of the man who served as Speaker of the United States House of Representatives longer than any other person: Sam Taliaferro Rayburn (1882-1961). Known affectionately as "Mr. Sam" by his friends and colleagues, Rayburn established the library and museum in 1957 as a tribute to the people of his district and for future generations. The building serves to preserve materials relating to the forty-eight year political career of Sam Rayburn. The museum and exhibits provide a rare collection of Congressional and Presidential papers for students, researchers and visitors. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds. and Related Agencies
1016 Longworth HOB
Washington, D.C. 20515

Dear Chairman Olver and Ranking Member Knollenberg:

I am requesting funding for the Hwy-24, Commerce through Cooper 4-lane completion in fiscal year 2009. The entity to receive this program is the Sulphur River Regional Mobility Authority (SURRMA), located at 1125 Bonham St. Paris, TX 75460

The Sulphur River Regional Mobility Authority (SURRMA) is a regional mobility authority authorized to represent four northeast Texas counties: Delta, Hopkins, Hunt and Lamar. The 4-laning of Hwy 24 is completed or under construction except for a 10.3 mile stretch between Commerce, Texas and Cooper, Texas. Funds are needed to keep engineering/development phase of the project on schedule without disrupting the project momentum at Texas DOT. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds. With kindest regards, I am

I am requesting funding for Whatcom Transportation Authority Bus Replacements, WA for fiscal year 2009. The entity to receive funding for this project is the Whatcom Transportation Authority, which is located at 4111 Bakerview Spur Road, Bellingham, WA 98226.

The funding would be used to purchase ten bio-diesel compatible vehicles. 33 of 53 of Whatcom Transportation Authority's full-size buses were purchased at one time in the mid-1990s. By 2009 these buses will be 14 years old and will have surpassed their useful life (12 years) as specified by the Federal Transit Administration. The maintenance and repair needs have also placed significant strain on Whatcom Transportation Authority and the buses are becoming unreliable. Due to the need to replace these 33 buses at one time, Whatcom Transportation Authority is requesting federal funding assistance. These new buses will assist Whatcom Transportation Authority in meeting growing passenger needs.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Transportation Appropriations bill for the Amador County State Route 88 Pine Grove Corridor Improvement Project. The entity to receive funding for this project is Amador County Transportation Commission at 11400 American Legion Drive, Jackson, CA 95642. Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR. was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I

further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

The Honorable Joseph Knollenberg
Ranking Member
Subcommittee on Transportation, Housing

U.S. House of Representatives
Washington, D.C. 20515

Dear Chairman Olver and Ranking Member Knollenberg:

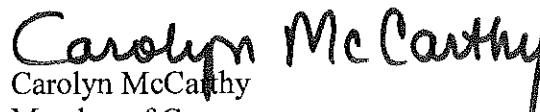

I am writing to request a one year extension of FY06 funds for a project located in Nassau County, New York – specifically, the Nassau County Hub and Centre project. The FY06 Transportation, Treasury, and HUD Appropriations Act appropriated \$1 million for the Nassau County Hub and Centre in the Bus and Bus Facilities Account. That funding is set to expire on September 30, 2008.

Nassau County is working closely with regional Federal Transit Administration (FTA) staff to obligate the FY06 funds before the September 30th expiration date. However, the County is concerned that if there is any delay in the grant approval process that they could risk losing the FY06 funds. The FY06 federal monies are critical in helping to advance this project. Accordingly, I respectfully request that the Nassau County Hub and Centre be granted a one year extension of its FY06 funding.

The Nassau Hub and Centre project will integrate state-of-the-art public transportation systems to connect commercial, recreational, and residential development within the County. The County is beginning the next phase of the project: to complete the Alternative Analysis and conduct an Environmental Impact Statement (AA/EIS) consistent with National Environmental Policy Act (NEPA) guidelines and the Federal Transit Administration (FTA) planning process.

Thank you in advance for your consideration. Should you have any questions, please do not hesitate to contact Corey Tellez in my office at 5-5516.

Dear Chairman Obey:

I am requesting funding for the following project in fiscal year 2008:

Project: Battered Women & Children's Shelter Expansion & Renovation

Entity to receive funding: My Sister's Place, Inc. (MSP)

Address: P.O. Box 29596 Washington, DC 20017

Purpose: My Sister's Place, Inc. (MSP) is requesting funding in the amount of \$1,000,000 to support the expansion and renovation of the District of Columbia's oldest shelter established to serve battered women and their children. For nearly thirty years, My Sister's Place has provided direct services exclusively and specifically designed to empower survivors of domestic violence. Without the sanctuary provided by MSP's emergency shelter, battered women all too often face the unenviable choice of either homelessness or remaining in a violent home.

I certify that neither I nor my spouse has any financial interest in this project. Thank you for your attention in this matter.

I am requesting funding for State Route 180 East Improvements in fiscal year 2009. The entity to receive funding for this project is the City of Fresno, located at 2600 Fresno Street, Fresno, CA 93721. Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for Almedia Road Intersection Improvements (LA 50), St. Charles Parish in fiscal year 2009. The entity to receive funding for this project is the Regional Planning Commission located at 1340 Poydras Street, Ste. 2100, New Orleans, Louisiana 70112. The funding would be used for geometric and signalization improvements to Almedia Road (LA 50) at its intersections with US 61 to the north and LA 48 to the south. Almedia Road is a key north-south connector route on the eastbank of St. Charles Parish linking petrochemical facilities, refineries, and grain elevators along the Mississippi River with the national highway system, specifically, US 61, I-310 and I-10. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Treasure Valley Transit Facilities project in Fiscal Year 2009. The entity to receive funding for this project is Valley Regional Transit, located at 830 N. Main Street, Meridian, Idaho, 83642. The funding would be used for site location and required environmental analysis for bus transfer facilities. Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey:

I am requesting funding to **construct a new interchange at I-235 and Kellogg in Wichita, Kansas**, in the Fiscal Year 2009 Transportation, Housing and Urban Development, and Related Agencies Appropriations Act. The entity to receive funding for this project is the **City of Wichita, located at City Hall, 455 North Main, Wichita, KS 67202**. The funding will be used to redesign and make necessary improvements to this interchange. The funding is necessary because the connection onto highway I-235 from Kellogg is one of the most dangerous in the county. A shared entering and exiting merge lane onto Kellogg congests traffic as a result of its short length. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Mr. Chairman and Mr. Lewis:

This is to substitute a request for the Fiscal Year 2009 THUDD Appropriations Bill. Staff just informed me that another request I made is not eligible for funding under the EDI program, so the Committee asked for a substitute project.

This request is for \$3,200,000 in funding in the Fiscal Year 2009 THUDD Appropriations Bill, EDI account. Tampa Bay Watch is a nonprofit organization that does community based work to preserve Tampa Bay. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.
