Dear Chairman Obey and Ranking Member Lewis:

I am requesting \$325,000 for the Mobile Data Computer Infrastructure. The entity to receive funding for this project is the City of Escondido located at:

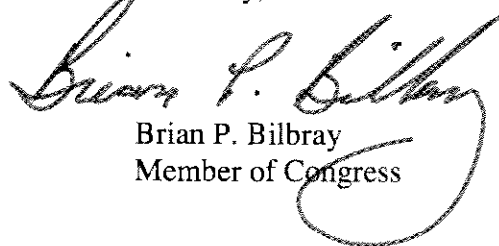

201 North Broadway
Escondido, CA 92008

The Escondido Police Department is seeking funding for 65 new Mobile Data Computers (MDCs). The Police Department currently maintains approximately 160 MDCs. About 40 percent of these are three to four years old and are used beyond the manufacturers warranty period. Although these MDCs are still in the field and functioning, they are very costly to maintain.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting \$500,000 for the Joint First Responders Training Facility. The entity to receive funding for this project is the City of Carlsbad located at:

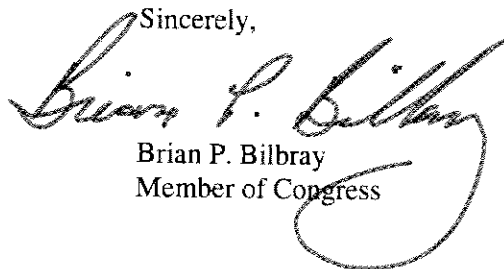

1200 Carlsbad Village Drive
Carlsbad, CA 92008

With the most traveled international border in the world, large number of military installations, an international airport, a major tourist destination and an internationally used port, San Diego County is a prime example of a major terrorist target. Under this project, the Carlsbad police, fire, public works and other regional public safety organizations, including the FBI and DEA, would be able to utilize a single, state-of-the-art training facility to accommodate all their needs. The first phase of development for the regional law enforcement training facility is to procure the technology for advanced training. The funding requested at this time will acquire a targeting computer system, software for shooting range target controls and simulation for shooting practice as well as computer controls for burn props and smoke generators for training.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

I certify that neither I, nor my spouse, have any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting \$3,500,000 for the Regional Communications System (RCS) Upgrade. The entity to receive funding for this project is the County of San Diego located at:

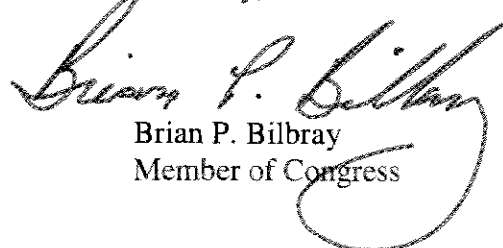

5555 Overland Avenue, Suite 6101
San Diego, CA 92123

The San Diego Regional Communications System (RCS) has been in existence since 1998 and involves 215 public agencies. This project will move the County of San Diego and its cities forward in the implementation of an effective, efficient regional interoperable communications system. This system will be critical both in terms of daily, routine communications and during disaster emergencies and other events that demand all public safety agencies be able to communicate effectively.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting \$700,000 for District Attorney Gang and Drug Crime Investigation and Prosecution. The entity to receive funding for this project is the County of San Diego, District Attorney located at:

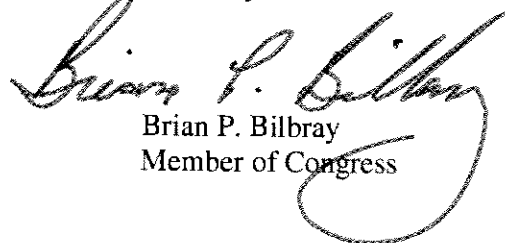

330 West Broadway
San Diego, CA 92101

This project funds the investigation and prosecution of gang-related crime and drug crime by the San Diego County Office of the District Attorney. San Diego County is facing massive budget cuts as a result of California's multi-billion dollar deficit. The Office of the District Attorney alone must cut its budget by \$12-million, which will directly impact the office's ability to successfully investigate and prosecute gang-related crime and drug crime. At a time when the budget for gang and drug crime fighting is decreasing, the incidence and severity of gang and drug crime in San Diego County is on the rise.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. The entity to receive funding for this project is:

Name: Clackamas County
Address: 2051 Kaen Road
City, ZIP: Clackamas, OR 97045

Their Inter-Agency Task Force combines the resources of the County Sheriff's Office and the County District Attorney's Office with police officers from the Oregon State Police as well as six local agencies, the Internal Revenue Service, the Oregon National Guard and community corrections. Funds will be use to expand their efforts to identify, investigate and prosecute repeat offenders across the region, crossing traditional jurisdictional boundaries and bridging barriers between agencies that typically hinder prosecution. Dear Chairman Mollohan and Ranking Member Wolf:

I am requesting funding for **Gunshot Location System** in fiscal year 2010.

The entity to receive funding for this project is
Philadelphia Police Department
One Franklin Square
Philadelphia, PA 19106

Gunfire continues to be the single leading cause of crime-related death in the United States and each day in our country more than 80 people die from guns and another 200 are wounded but survive with injuries. The Department believes that a gunshot location system is an essential tool in our war on crime and is already using one of these systems that was placed in the City and paid for by the Federal Bureau of Investigation, but will not remain indefinitely. Philadelphia would like to obtain our own system and we believe that increased coverage in the Kensington Area will produce additional arrests, decrease police response time, increase officer safety, and save numerous lives. Networked sensors will be placed at specific coordinates on buildings and telephone poles to accurately detect and locate the origin of gunshots and weapons-events.

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Mollohan and Ranking Member Frelinghuysen:

I am requesting funding for the City of Denton Regional Public Safety Training Facility for fiscal year 2010. The entity to receive funding for this project is the City of Denton, Texas located at 215 East McKinney, Denton, TX 76201. The funds will be used to equip the facility, including fire simulation equipment, computerized firearm targeting systems, classroom-based virtual reality simulation equipment and administrative/classroom multimedia equipment. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (exception must be justified here); (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Currently, I have established an internal process to ensure that these minimum requirements are met and believe that my criteria for evaluating these standards far exceed these GOP Conference standards. Should you require my internal forms I require any potential grantee to complete and certify or my own personal appropriations request criteria, please contact my staff and they will make them available to your staff.

Sincerely,

The Honorable David R. Obey, Chair

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Advanced Law Enforcement Rapid Response Training (ALERRT) Program, at the Texas State University, San Marcos, Texas. (San Angelo Police Department in partnership with ALERRT) in the FY 2010 Commerce, Justice, Science, and Related Agencies Appropriations bill, Office of Justice Assistance, Edward Byrne Memorial Justice Assistance Grants Program account. The entity to receive funding for this project is the Advanced Law Enforcement Rapid Response Training (ALERRT) Program at Texas State University-San Marcos, located at 601 University Drive, San Marcos, Texas, 78666.

ALERRT was established by Texas State University to provide first responders with the tactics they will need to effectively respond to active shooter situations. ALERRT enables officers that have successfully completed a special "Train-the-Trainer" course to train fellow officers at their home agencies, providing an efficient and cost-effective manner to increase the number of officers with these life-saving skills. Continued funding for ALERRT in FY10 will enable the program to train more patrol officers, including San Angelo Police Department, help establish the program as a national training system; further build train-the-trainer capacity; enhance retention of learned skill by former students; provide valuable research and evaluation to improve first responder abilities; and provide investigative training and support for evolving threats. In addition to providing ALERRT to the more than 400 entities requesting it, FY10 funding and beyond will be integral to sustain and build capacity for a nation-wide effort to standardize a level of preparedness among the more than 650,000 peace officers employed by law enforcement agencies across the United States.

I certify that this project does not have a direct and foreseeable effect on the financial interests of my spouse or me. This request will be made publicly available on my Official Website as required by the new Appropriations Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

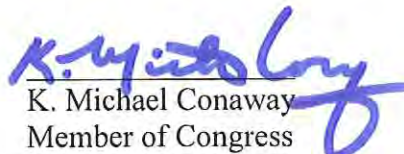

I am requesting funding for Emergency Communications Equipment, Midland, Texas in the FY 2010 Commerce, Justice, Science, and Related Agencies Appropriations bill, Department of Justice ,Office of Justice Programs account. The entity to receive funding for this project is the City of Midland, located at 300 North Lorraine, Midland, Texas 79702.

Funding for this project would be used to upgrade backup equipment for Midland's emergency communications system, which is used by the city's police, firefighters and other first responders. In the past, not all first responder groups in Midland could communicate with each other due to differences in their systems. An advantage of Midland's new, upgraded communications system is interoperability, enabling police and other first responders to communicate directly. The backup equipment must be upgraded so that it will properly take effect should the main system fail during an emergency.

I certify that this project does not have a direct and foreseeable effect on the financial interests of my spouse or me. This request will be made publicly available on my Official Website as required by the new Appropriations Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the 9-1-1 Emergency Communications Center in Fiscal Year 2010. The entity to receive funding for this project is the Baltimore County Executive, located at 400 Washington Avenue, Towson, MD 21204. The funding would allow the county to replace its current 911 Emergency Communications Center located in Towson, Maryland. Staffed by 193 call-takers, dispatchers, supervisors and technical personnel, the Center handles over 839,000 emergency and non-emergency calls per year and centralizes dispatch to police, fire, and other emergency services. The existing Center is twenty years old and was not designed or constructed to meet modern security guidelines for critical infrastructure and facilities. Therefore, a replacement Center is needed to enhance security and continuity of operations, provide upgraded training facilities, and expand regional communications capacity through consolidated operability with the Regional Back-Up 9-1-1 Center.

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the **Regional Communications System (RCS) Upgrade** in fiscal year 2010.

The entity to receive funding for this project is:
County of San Diego, Sheriff's Department
9621 Ridgehaven Court
San Diego, CA 92123

This system will be critical both in terms of daily, routine communications and during disaster emergencies and other events that demand that all public safety agencies be able to communicate effectively. It will benefit California and other States and Federal agencies by providing voice radio interoperability with those entering into the region providing mutual aid. Ultimately, it will enable San Diego County public safety agencies to seamlessly integrate with surrounding Counties as it is built out to a network of networks.

I certify that neither I nor my spouse has any financial interest in this project.

I am requesting funding for **DA Gang and Drug Crime Investigation and Prosecution** in fiscal year 2010.

The entity to receive funding for this project is:
County of San Diego, District Attorney
330 West Broadway
San Diego, CA 92101

The funding would be used for the **investigation and prosecution of gang-related crime and drug crime by the San Diego County Office of the District Attorney. San Diego County is facing massive budget cuts as a result of California's multi-billion dollar deficit. The Office of the District Attorney alone must cut its budget by \$12-million,, which will directly impact the office's ability to successfully investigate and prosecute gang-related crime and drug crime. At a time when the budget for gang and drug crime fighting is decreasing, the incidence and severity of gang and drug crime in San Diego County is on the rise.**

The entity to receive funding for this project is the Valley Youth House Committee, Inc., located at 829 Linden Street, Allentown, PA 18101. The funding would be used to advance an intensive 21-week intervention for a total of 48 youth (12 per group) ages 15-17. The program will benefit young people who are at high risk for gang involvement due to family members' or neighbors' connection with gang activity or the youth's own delinquent behavior. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on Congressionally Directed Projects, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the project; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this project be included in the bill, I will place a statement in the Congressional Record justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the **Lehigh and Northampton Counties Interoperability Development Project** in fiscal year 2010. The entity to receive funding for this project is the Allentown Police Department, located at 425 Hamilton Street, Allentown, PA 18101. The funding would be used to develop a cohesive, regional communications network of voice, data and video information sharing which will allow multiple jurisdictions to perform day-to-day public safety operations, task force operations or large scale disaster situations through a seamless exchange of voice and data communications in real time circumstances. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

The funding would be used to enhance the Delaware River Basin's flood warning system through upgrades to the existing precipitation and stream gage network, improvements of flash flood forecasting capabilities, flood warning education and outreach, and increased support of flood coordination. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Dear Chairman Obey and Ranking Member Lewis:

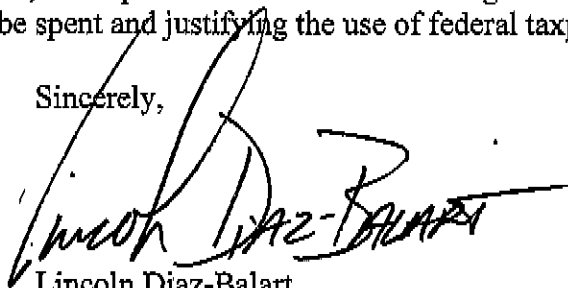

I write to respectfully request funding in the Fiscal Year 2010 Commerce, Justice, Science and Related Agencies Appropriations bill, Department of Justice, COPS Law Enforcement Technology account. The entity to receive funding for this project is Miami-Dade County Public Schools, located at 1450 NE Second Avenue, Miami, FL 33132.

It is my understanding that the funding would be used to upgrade law enforcement equipment for the Miami-Dade County Public Schools Police Department. In their mission to protect the children of our community, the MDCPS Police Department has increasingly turned to new technologies. In 2005, laptop computers were purchased through grants and installed in officer's vehicles. These upgrades allow officers to decrease paper-based work by 80% and spend considerably more time at the public schools.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

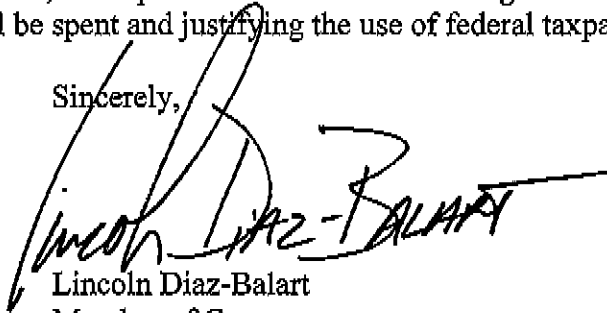

I write to respectfully request funding in the Fiscal Year 2010 Commerce, Justice, Science and Related Agencies Appropriations bill, Department of Justice, COPS Law Enforcement Technology account. The entity to receive funding for this project is the City of Hialeah, located at 501 Palm Avenue, Hialeah, FL 33010.

It is my understanding that the funding would be used to enhance the City of Hialeah police department's current radio system which does not allow for radio interoperability among other law enforcement agencies, especially important during times of statewide response to natural disasters, domestic security incidents or multi-agency jurisdictional public safety efforts. The XPS radio system would bridge the current gap and achieve interoperability with the State of Florida by replacing and upgrading fixed end, portable and mobile radio communication equipment.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2010 Commerce, Justice, Science and Related Agencies Appropriations bill, Department of Justice, Juvenile Justice account. The entity to receive funding for this project is the ARISE Foundation, located at 4001 Edmund Benson Boulevard, Miami, FL 33178.

The funding would be used to educate at-risk youth. Established in 1986, ARISE has trained over 5,800 certified life skills instructors who have gone on to teach over 4,000,000 documented hours of evidence-based life skills lessons. Specifically targeting high-risk youth, ARISE's goal is to stop the cycle of crime and violence while offenders are young enough to learn life lessons – and ultimately, to reduce rates of recidivism, drug abuse and violence while building skills to keep juveniles in school and out of harms way. The ARISE Life Management Skills Lessons provide both training and program materials for teaching such lessons to incarcerated youth through interactive methods that help develop positive social and emotional skills needed to break the cycle of violence and crime that would otherwise doom many of today's juvenile offenders. Further, it provides demonstrable outcome measures on the value of expanding this statistically proven, award-winning, professionally managed intervention program.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2010 Commerce, Justice, Science and Related Agencies Appropriations bill, Department of Justice, Byrne Justice Assistance account. The entity to receive funding for this project is Miami-Dade County, located at 111 NW 1st Street, Suite 1032, Miami, FL 33128.

The funding would be used for the creation of a mortgage fraud task force (mftf) national model to train law enforcement individuals in those identified communities which represent the ten highest concentrated areas affected by mortgage fraud. The Miami-Dade County MFTF will serve as a national model based on its proven performance. The national model will be coordinated by Miami-Dade County and administered by the United States Department of Justice. The anticipated benefits include a more effective process of dealing with and prosecuting mortgage fraud in Miami-Dade County and nationwide, and eventually, a decrease in the occurrence of mortgage fraud.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

I am requesting funding for the Youth Soccer Gang Prevention Initiative in fiscal year 2010. The entity to receive funding under the Department of Justice, Juvenile Justice and Delinquency Prevention is the Starfinder Foundation, located at the Urban Promise Center, 4015 Main Street, Philadelphia, Pennsylvania, 19127. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Gunshot Location System in fiscal year 2010. The entity to receive funding for this project is:

New Bedford Police Department
871 Rockdale Ave
New Bedford, MA 02740

The funding would be used for ShotSpotter GLS which the New Bedford Police Department believes that is an essential tool in the City's war on crime and, based on crime analysis, we will be targeting the United Front West End neighborhood, where there has been a significant increase in the numbers of shots fired. Networked sensors will be placed at specific coordinates on buildings and telephone poles and cover a ten square mile area. The implementation of the ShotSpotter GLS will enable the City to accurately detect and locate the origin of gunshots and weapons-events. Once a gunshot is detected, ShotSpotter calculates the position where the gun was fired and sends the data to a central server accessible by law-enforcement agencies. Because ShotSpotter uses computer software to analyze sounds, ShotSpotter is precise enough to ignore fireworks, backfiring cars, and other noises that could be mistaken for gunfire. Police, sheriffs, the FBI and other law enforcement organizations nationwide have been successful in using ShotSpotter GLS to reduce crime. Specifically, in areas where the Gunshot Location System has been deployed there has been a decrease in gunfire ranging from 60 percent to 90 percent. ShotSpotter has also been responsible for producing countless arrests, decreasing police response time, increasing officer safety, pinpointing key forensic evidence, and saving numerous lives. I certify that I have no financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting \$700,000 for The Covenant House of Florida in fiscal year 2010. The entity to receive funding for this project is the Covenant House of Florida at 5931 East Colonial Drive, Orlando, Florida 32807.

The funding would be used for The Covenant House of Florida to establish a Parenting Education and Health Support program that will serve pregnant or parenting homeless teen mothers in central Florida. This project will provide a specialized curriculum for runaway and homeless youth (teen mothers and fathers) on parenting and parenthood, childbirth, infant feeding and breastfeeding promotion, baby care basics, and education regarding risky behavior and other risk factors that may result in harm to fetuses and newborns (i.e, tobacco, alcohol and drug use). This is a good use of taxpayers' dollars because educating disconnected youth who are young parents, particularly runaways, is essential to a healthy and safe developmental start for their children and a way to prevent these children from repeating the lifestyle mistakes.

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting \$600,000 in funding for the Orlando Health Orange County Children's Advocacy Center Programs in fiscal year 2010. The entity to receive funding for this project is the Orange County Children's Advocacy Center at 601 West Michigan Street, Fort Lauderdale, Florida 32828.

The funding would be used for Orlando Health Orange County Children's Advocacy Center Programs to provide crisis intervention and counseling. This program provides more than 28,000 services to clients each year including advocacy, crisis intervention, lethality assessments, non-offending caregiver support and education, and mental health counseling. Funding will be used to sustain existing Child Advocates and four therapists. These advocates and therapists provide direct assistance to child victims of abuse, their siblings, and the non-offending caretakers—ensuring that the family is able to recover in a supportive, healthy environment together. This project is a good use of taxpayers' funds because it removes abused children from negative environments, provides mental health treatment and education for caregivers, and places children in healthy environments.

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for **Binational Migration Institute** in Fiscal Year 2010. The entity to receive funding for this project is **University of Arizona**, located at **1401 East University Boulevard, Tucson, AZ, 85721**. The funding would be used for:

This project will create a new model for standardizing the counting, processing, identification, and handling of UBC decedents across the U.S. border with Mexico and will create a handbook for expert training of coroners and medical examiners who continue to struggle with this unprecedented problem. BMI will also produce between 5-10 training workshops for border coroners and medical examiners. The U.S. is experiencing a humanitarian crisis of unauthorized border crossers (UBCs) suffering and dying in the southwestern deserts while trying to enter the U.S. from Mexico. Policymakers and government agencies are not accurately counting, processing, or identifying these men, women, and children. These entities are unable to accurately measure the efficacy of various government strategies designed to reduce the number of such deaths. The Binational Migration Institute (BMI) leads the way for creating reliable information about these deaths across the entire U.S.-Mexico border which facilitates better understand of the relationship between U.S. immigration control policies and UBC deaths.

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for *City of Middletown Police Department: Enhanced Communications and Vehicular Video* in fiscal year 2010.

The entity to receive funding for this project is:
City of Middletown Police Department
2 James Street
Middletown, NY 10940

The funding that our agency seeks at this point is strictly Technology based. The agency seeks funding for a project that is two-fold. The first portion of the project is based upon clearly needed and effective communication. The City of Middletown Police department is a 77 member agency that for many years now has attempted to survive with the very bare essentials as far as communications. The second part of the Technology request lies with both a manner in which the Police Departments administration can constantly monitor vehicle stops and ensure proper procedure, with protection against false litigious claims. This agency has had to deal with a serious increase in violent crime, and has attempted to use every available resource to deal with it, be it multi-agency cooperation, or the seeking of funding on a State level for increased overtime and equipment. A priority of the police department is to maintain a progressive stance on crime and with the assistance of Federal funding it can continue to attempt to decrease the instances of violent crime, and in the end, improve the lives of the citizens of the City of Middletown. I certify that neither I nor my spouse has any financial interest in this project. Thank you for your consideration of my request.

The Honorable David R. Obey, Chairman
The Honorable Jerry Lewis, Ranking Member
Committee on Appropriations

Washington, D.C. 20515

Dear Chairman Obey and Ranking Member Lewis:

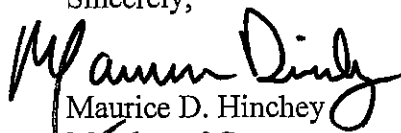

I am requesting funding for *Center for Court Innovation: Enhanced Services for Veterans in Drug Court* in fiscal year 2010.

The entity to receive funding for this project is:
Center for Court Innovation
520 8th Ave., 18th Floor,
New York, NY 10018

The funding for this program will be used to develop specialized protocols for all former and current military combat personnel admitted to drug courts within the Mid-Hudson region. The project will develop recommendations and apply enhanced and targeted services to the veteran population. There are currently 25 million veterans—and an additional 37 million dependents of those veterans—living in the United States, representing nearly 20% of the US population. In addition to veterans, there are many combat military members who have not yet been discharged but are between deployments, along with thousands of National Guard soldiers who have served a major role in both Iraq and Afghanistan. While exact numbers are difficult to confirm, there is little question that a significant number of New York's military who have served in war zones will find themselves facing criminal charges related to substance abuse and/or mental disorders that frequently stem from their military experience.

I certify that neither I nor my spouse has any financial interest in this project. Thank you for your consideration of my request.

Sincerely,

Maurice D. Hinchey

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for *New York State Police: New York State Policy Scuba Team* in fiscal year 2010.

The entity to receive funding for this project is:
New York State Police
1791 State Route 209
Kingston NY 12401

If granted, this project will have several benefits and have a great impact for the people of the Hudson Valley region. All the equipment requested will enable the NYSP dive team to conduct their dive operations much more effectively and efficiently, increasing our ability to more successfully locate various different targets we may be asked to look for. In addition, this equipment will be used for any and all infrastructure, security and evaluation of sensitive targets. Within the Hudson Valley region, the NYSP dive team is responsible for, and/or assists in the response and protection of numerous mass transit venues, such as bridges, tunnels and trains crossing the Hudson River. Many of these areas are remote in nature so they require a smaller vessel with the same amount of technological advantages that would be needed and desired on the larger bodies of water. Many of these smaller bodies of water converge to support the reservoirs which supply much of the drinking water to New York City.

I certify that neither I nor my spouse has any financial interest in this project. Thank you for your consideration of my request.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for *KidsPeace: KidsPeace Ithaca Therapeutic Foster Care Program* in fiscal year 2010.

The entity to receive funding for this project is:
KidsPeace
c/o 4184 Seneca Street, Suite 212
West Seneca, NY 14224

KidsPeace requests one-time start-up funding to establish a therapeutic foster care program in the Ithaca area. The program will address a critical triplicate need: (1) providing community-based placement to children involved with or at risk for involvement with the juvenile justice system; (2) addressing the mental health needs of children in the social service system; and (3) providing safe and supportive homes to children. KidsPeace, a 127-year-old children's charity, requests one-time start up funds to establish a therapeutic foster care program in the Ithaca region to provide community-based placement to children at risk for juvenile justice involvement while addressing their mental health needs. In fact, for every dollar spent on therapeutic foster care, an estimated \$14 is saved in court and corrections system costs. Therefore, a one-time investment of \$350,000 can potentially save the federal government and the state of New York nearly \$5 million.

I certify that neither I nor my spouse has any financial interest in this project. Thank you for your consideration of my request.

I am requesting funding for *Delaware River Basin Commission (DRBC): Delaware River Basin Enhanced Flood Warning System* in fiscal year 2010.

The entity to receive funding for this project is:
Delaware River Basin Commission
25 State Police Drive
West Trenton, NJ 08628

The Delaware River Basin Commission (DRBC) requests \$235,000 to continue development of enhancements to the basin's flood warning system, in conjunction with the National Weather Service (NOAA/NWS), United States Geological Service (USGS) and the U.S. Army Corps of Engineers (USACE). The flood warning system in the Delaware River Basin is comprised of several elements and is coordinated and funded by numerous organizations at the federal, state, and local levels. The priorities for enhancing the current basin's flood warning system were identified in the Delaware River Basin Interstate Flood Mitigation Task Force action agenda, commissioned at the request of the four basin governors and issued in July 2007. An enhanced flood warning system for the Delaware River Basin will lead to improvements of the timeliness and accuracy of the flood forecasts and warnings in the basin.

I am requesting funding for *Woodstock Film Festival, Inc.: Youth at Risk* in fiscal year 2010.

The entity to receive funding for this project is:
Woodstock Film Festival, Inc (WFF)
86 Mill Hill Rd
Woodstock, NY 12498

The Woodstock Film Festival (WFF) Youth Initiative/Youth at Risk program is designed to give underserved high-risk youth the opportunity to learn and participate in the cathartic, creative, and professional possibilities of filmmaking. The money will contribute to fair wages for instructors and guest instructors, travel, administrative coordination, equipment rentals at a fair market price, supply purchase, location rental and maintenance, and meals for students and staff. Combined with the resources already available to WFF, the typical costs for many of these elements are diminished. WFF hopes to broaden students understanding of not only how to cope with problems and difficulties, but realize their potential in life and in a professional setting. This experience will supply them with an outlet to reinsert themselves into their education and involve them in the community with newfound enthusiasm in addition to pursue a respectable path after graduation. The materials, resources, and connections that are created during the program will also aid them well beyond the program's completion.

Dear Chairman Obey and Ranking Member Lewis:

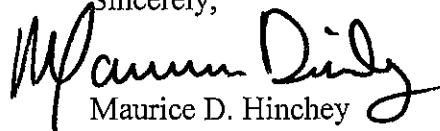

I am requesting funding for *Bardavon Opera House, Inc.: Arts-In-Education Program* in fiscal year 2010.

The entity to receive funding for this project is:
Bardavon 1869 Opera House, Inc.
35 Market Street
Poughkeepsie, NY 12601

Funding for this program will be used for artist fees, staff salaries, and production and marketing costs. The Arts-In-Education program has touched thousands of at-risk Poughkeepsie and Kingston inner-city youth. Since the Arts-In-Education Program was initiated in 1994, thousands of at-risk children and teens from Poughkeepsie and Kingston inner-city schools have experience the empowering and life-altering residencies that are the program's hallmark. The Arts-In-Education Program provides a team of superb teaching artists for the in-school residency series. Residencies culminate in a live production featuring the students and/or their work at the Bardavon, UPAC, and in community streets and parks. Deeply discounted tickets or free admission draws the students' families, friends, and downtown neighbors (many low-income) into the venues, reinforcing a vital relationship between arts and urban communities.

Dear Chairman Obey and Ranking Member Lewis:

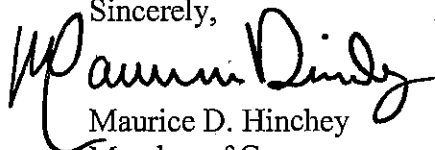

I am requesting funding for *City of Poughkeepsie Police Department* in fiscal year 2010.

The entity to receive funding for this project is:
City of Poughkeepsie Police Department
62 Civic Center Plaza
Poughkeepsie, NY 12601

This project will involve enhancing the CCTV camera system and backup 911 center currently housed by the City of Poughkeepsie Police Department. The City of Poughkeepsie installed 5 cameras in the Main Street Corridor in 1996. Since the inception of the project shootings and homicide rates have dropped drastically. Throughout the years we have updated the system from black and white to color and have made the transition to digital pictures. Recently, the City has experienced a severe spike in violent crime. The City has experienced more shootings in 2008 than several other same sized cities combined. The robberies being committed are being done so with a handgun or threat of use of a handgun. Even though various enhancements were made, there are further upgrades which need to be made so that the system is brought up to date.

I certify that neither I nor my spouse has any financial interest in this project. Thank you for your consideration of my request.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY10 Commerce, Justice, Science Appropriations bill, NOAA's National Ocean Service Operations, Research and Facilities account for the Illinois State Geological Survey. The entity to receive funding for this project is the Illinois State Geological Survey at 615 E. Peabody Drive, Champaign, IL 61820. It is my understanding that the funding would be used for the Height Modernization project to update the benchmarks in the state (approximately half can no longer be located), unify the database of benchmarks, and provide a digital elevation (LiDAR) model for the state.

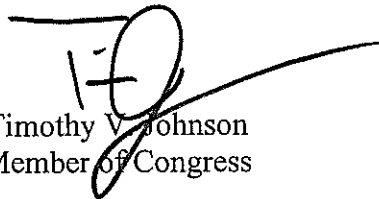

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

I further certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I

will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

The entity to receive funding for this project is Illinois State University at Campus Box 4040, Hovey 310, Normal, Illinois 61790. I further certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I

will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY10 Commerce, Justice, Science Appropriations bill for the Alpine and Calaveras County Law Enforcement Radio and Data Communications. The entity to receive funding for this project is the County of Calaveras at 891 Mountain Ranch Road, San Andreas, CA 95249. It is my understanding that the funding would be used to create an interoperable and tactical communications backbone between the Counties of Alpine and Calaveras. Full build out will also connect Counties as far away as San Francisco across the Sierras to the State of Nevada for secondary phone, data and radio interoperability and connectivity. The project fixes local radio operability and interoperability in the two counties in which the Federal Government is the majority land owner. This project is supported by the Bay Area Super USAI and the Sacramento-Capital UASI.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I

further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

I hereby certify that this request will be made publicly available on my official website, as required by Chairman Obey's new committee policy that only posted requests will be considered.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY10 Commerce, Justice, Science Appropriations bill for the Folsom Emergency Operations Center. The entity to receive funding for this project is the City of Folsom, California at 50 Natoma Street, Folsom, CA 95630. It is my understanding that the funding would be used to expand the crucial capabilities of the Folsom EOC to function for both the City of Folsom and as the Alternative County Site. Best practices highlight the importance of having redundant emergency management capacity to ensure a balanced strategy for handling emergencies.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for the Washington State University Research Center for the Study of Addiction: Methamphetamine, Prescription, and Other Drugs of Abuse project in the FY10 Commerce, Justice, Science Appropriations bill. The amount requested for this project is \$500,000. The entity to receive funding for this project is Washington State University, located at French Ad., Rm. 324, Pullman, WA 99164.

The Washington State University Program of Excellence currently is known for its cutting-edge, world class research into the treatment and prevention of methamphetamine. However, it is my understanding that this request will help leverage a problem Washington State is facing as it leads the nation in deaths from prescription drug abuse. This request will help fund equipment, materials, and one research fellow to be a faculty member at the Washington State University Program of Excellence to focus on the treatment and prevention of prescription abuse.

I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered. I also attest that this project does not have a direct or foreseeable effect on the financial interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge the request: (1) is not directed to any entity or program that will be named after a sitting Member of Congress (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Best Wishes,

Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for Gunshot Location System in fiscal year 2010.

The entity to receive funding for this project is the San Pablo, CA Police Department, located at 13880 San Pablo Ave., San Pablo, CA 94806.

Funding would be used by the San Pablo Police Department to purchase networked sensors that will be placed at specific coordinates on buildings and telephone poles to accurately detect and locate the origin of gunshots and weapons-events. Last year the City saw a significant increase in its homicide rate and the City's police force is stretched beyond its means as they attempt to respond to crime and gang violence. An increased coverage area will assist both San Pablo and Richmond, CA, police departments in fighting violence. Neighboring Richmond is already purchasing and implementing the system.

I certify that neither I nor my spouse has any financial interest in this project.

Sincerely,

GEORGE MILLER

The entity to receive funding for this project is:

Tahirih Justice Center
6402 Arlington Boulevard, Suite 300
Falls Church, VA 22042

This funding would be used to support pro bono direct legal services in Falls Church, Virginia, for immigrant women and girls fleeing gender-based violence. To respond to an urgent need for services to vulnerable immigrant women and girls, the Tahirih Justice Center seeks funding to (1) provide acutely needed direct legal services, as well as social and medical services referrals out of its Northern Virginia office, and (2) replicate its award-winning model for providing free legal services in Houston, TX. Despite the large immigrant population, Tahirih Justice Center is the only legal and social service provider in Virginia with an exclusive focus on the needs of immigrant women and girls from a wide range of cultures fleeing gender-based violence such as female genital mutilation, torture, rape, human trafficking, honor crimes, widow rituals, forced marriage, and domestic violence. Without the support of the Tahirih Justice Center attorneys and social workers, many would have nowhere to turn for assistance.

The Honorable David R. Obey, Chairman
The Honorable Jerry Lewis, Ranking Member
Committee on Appropriations
H-218, The Capitol
Washington, D.C. 20515

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for **Mobile Crime Scene Investigation Technology** in fiscal year 2010.

The entity to receive funding for this project is:

City of Alexandria
301 King Street
Alexandria, VA 22314

Funding will be used to obtain equipment for a Crime Scene Investigation mobile center, including specialized lights, computer equipment, cameras, and specialized evidence collection and analysis equipment. It will fill a critical need in the area of criminal investigation and particularly in the area of forensic analysis of crime scenes. The ability to successfully and efficiently collect, preserve, and protect critical forensic evidence at major crime scenes is critical to the work of the Alexandria Police Department. The van will be used to respond, for example, to a regional or local terrorist attack or a transit accident involving multiple injuries or fatalities, where experts would use the specialized equipment and supplies to facilitate not only the recovery and identification of victims but also with the preservation and recovery of forensic artifacts to aid in the criminal investigation.

I certify that neither I nor my spouse has any financial interest in this project.

Sincerely,

James P. Moran

I am requesting funding for **Mentoring Programs for At-Risk Youth** in fiscal year 2010.

The entity to receive funding for this project is:

Virginia Mentoring Partnership
6402 Arlington Boulevard, Suite 300
Falls Church, VA 22042

The funding would be used to expand and enhance the impact and availability of mentoring for at-risk children and youth in the 8th District, in a multi-prong approach: Supporting 20 new and existing mentoring programs, increasing the number of existing mentors by 10%, strengthening existing programs and increasing retention of volunteers through regional training and technical assistance programs, and enhancing training curriculum and volunteer mentor materials to assist mentees academically. According to the National Research Council's Panel on High-Risk Youth, at least seven million youth are at risk of failing to achieve productive adult lives. Mentoring programs can provide at-risk children with the opportunity for greater educational attainment and more positive social attitudes and relationships.

I am requesting funding for **Virginia Law Enforcement Training** in fiscal year 2010.

The entity to receive funding for this project is:

Virginia Center for Policing Innovation

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY2010 Commerce, Justice, Science and Related Agencies Appropriations bill, Department of Justice, Juvenile Justice account for KidsVoice. The entity to receive funding for this project is KidsVoice at 437 Grant Street, Suite 700, Pittsburgh Pennsylvania, 15219. I am requesting funding for Engineering Support for Extended Human and Robotic Space Flight Missions in fiscal year 2010. The entity to receive funding for this project is Texas Tech University located at 2500 Broadway, Lubbock, TX 79409. It is my understanding that this funding will be used towards providing engineering support for extended human & robotic space flight missions, which will directly contribute to NASA's initiative of returning to the moon and going to mars. For human and robotic missions the Center for Space Sciences is addressing the need for a decreased reliance on mission control due to the communication delays that occur in long distance missions.

I hereby certify that this request will be made publicly available on my official website as required.

I certify that neither I nor my spouse has any financial interest in this project. I also certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

I am requesting funding for the Adjudicated Youth in fiscal year 2010.

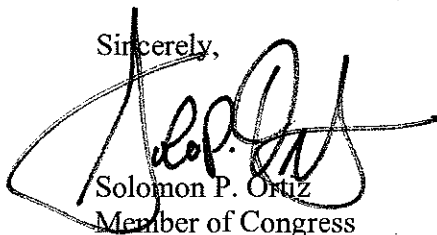

The entity to receive the funding for this project is:

Texas A&M University—Corpus Christi
6300 Ocean Dr
Corpus Christi, TX 78412

The funding for this project will support the STARS programs offered on-site at the Garcia Center, now accepted as successful ventures by the community, provide structure, accountability, and guidance to young people and their families; families continue to express appreciation for the changes they see in their youth. The STARS program is evolving into a national best practices model that could easily become a template for reaching at-risk students in other communities. The program is one that the Office of Juvenile Justice & Delinquency Prevention, the Antonio E. Garcia Arts & Education Center, and TAMU-CC's College of Education can refer to with pride. Continued STARS funding is requested to sustain this program of service and education for at-risk youth and their families.

I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request: (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

The entity to receive funding for this project is:
Micronesian Legal Services Corporation

MLSC operates throughout Micronesia, with offices in the Commonwealth of the Northern Mariana Islands, the Republic of Palau, the Federated States of Micronesia, and the Marshall Islands.

This funding will allow MLSC to serve the legal needs of low-income populations in Tinian and Rota, two islands with large low-income populations. I am requesting funding for a **Family Visitation Center** in fiscal year 2010.

The entity to receive funding for this project is:

Alameda County Social Services

2000 San Pablo Avenue

Oakland, CA 94612

The funding would be used for **establishing a family visitation center, the primary goal of which is to reunite children with the birth parent, with an expected outcome of reducing the reentry of families into the foster care system that successfully reunify. Typically, the various levels of government (federal, state, and local) become the parents of last resort to foster children, which is the most expensive and least efficient means of meeting the needs of abused and neglected children. Therefore, the establishment of a family visitation center embraces the concept of family and the rebuilding of families as the most cost-effective, nurturing and viable way of addressing the needs of abused and neglected children..**

Alameda County will be allocating funds received through Urban Areas Security Initiatives (UASI) and other sources to upgrade their system in order to become Project 25 (P25) compliant. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Management of Offenders with Co-occurring Mental Illness and Addiction Disorders in fiscal year 2010. The entity to receive funding for this project is Alachua County, 12 South East 1st Street, Gainesville, FL, 32601. It is my understanding that the funding would be used for an integrated, coordinated continuum of care using evidenced based practices where there will be no wrong door to enter treatment. Persons will be assessed and provided with a level of treatment consistent with individual need. This innovative approach could prove to be an effective keystone to alleviate jail overcrowding by reducing the recidivism rate prevalent with offenders suffering from mental illness compounded by drug abuse. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of my spouse or me.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request: (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Mollohan and Ranking Member Wolf:

I am requesting funding for the Metagenomic Analysis of Chesapeake Bay (MACB) Initiative in the fiscal year 2010 bill. The entity to receive funding for this project is the University of Maryland Biotechnology Institute (UMBI), located at 9600 Gudelsky Drive, Rockville, MD 20850. This request will provide funds for a collaborative effort to undertake a genomic analysis of the Chesapeake Bay to comprehensively examine all of the key microbial processes that govern the Bay's community dynamics and health. UMBI's MACB Initiative will apply high-end molecular approaches and functional genomics with meta data that will elucidate the dynamics and interactions of the seasonal microbial processes that are essential in nutrient cycling and removal of pollutants from the Bay. Using archived environmental DNA samples spanning a 20-year period, long-term changes in microbial communities will be assessed and the changes discovered will lend greater clues to what is happening in the Bay and how to improve Bay conditions. Expected outcomes will be profiles that demonstrate community activity under normal and stress conditions as well as provide potential bioremediation markers for natural and accelerated bioremediation of pollutants in the Bay. Funding will also support the purchase of instrumentation and equipment upgrades for the BioAnalytical Services Lab. The BASLab is the only lab in the State of Maryland with a comprehensive focus on analytical, synthetic and separation projects for the Chesapeake Bay. Dear Chairman Obey and Ranking Member Lewis:

This is to request \$8,500,000 in the Fiscal Year 2010 Commerce, Justice, Science Appropriations bill; Office of Justice Programs, Byrne Discretionary Grants account, for the National Forensic Science Training Center. The entity that will receive funding under this request is The National Forensic Science Technology Center, 7881 114th Avenue North, Largo, FL 33773. It is my understanding that the funding would be used by this Department of Justice-selected Forensic Technology Center of Excellence to continue to provide for the Office of Justice Programs an assessment program to audit the capabilities and quality of DNA laboratories throughout the United States which receive agency funding. NFSTC not only assists laboratories in improving their performance in DNA analysis, but also provides grant recipients with an objective review of their use of federal funds. I certify that this project does not have a direct or foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds. Dear Chairman Obey and Ranking Member Lewis:

This is to request \$650,000 in the Fiscal Year 2010 Commerce, Justice, Science Appropriations bill; Department of Justice, Office of Juvenile Justice and Delinquency Prevention account, for an at-risk youth intervention program. The entity that will receive funding under this request is the Pinellas County Board of County Commissioners, 315 Court Street, Clearwater, FL 33756. It is my understanding that the funding will be used by the Pinellas County Juvenile Assessment Center to serve as a centralized point of entry for pre-arrest and arrested juveniles. The Center will coordinate an array of community-based treatment and ancillary services to enable law enforcement and social services to work together to access and determine the best needs and services for each youth. Juveniles will be screened to identify their unique needs and issues, including history, home environment and behavior for inclusion in the associated programs. Additional assessments will be administered for those with mental health and/or substance abuse issues. I certify that this project does not have a direct or foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. This is to request \$100,000 in the Fiscal Year 2010 Commerce, Justice, Science Appropriations bill; Office of Justice Programs, Byrne Discretionary Grants account, for the Florida Silver Alert Program. The entity to receive funding for this project is The Florida Department of Law Enforcement, 2331 Phillips Road, Tallahassee, Florida 32308.
