Dear Chairman Obey & Ranking Member Lewis:

I am requesting funding for Vertical/Horizontal Integration of Space Applications (VISTA) in fiscal year 2009. The entity to receive funding for this project is Global Security & Engineering Solutions/L-3 Communications, located at 654 Discovery Drive, Huntsville, AL 35806.

The funding would be used to develop an application-based software program to integrate space and missile defense products and services with the tactical Army's Battle Command workstations using multi-agent and knowledge management technologies. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Robert B. Aderholt

Dear Chairman Obey & Ranking Member Lewis:

I am requesting funding for High Fidelity Virtual Simulation and Analysis (HFVSA) in fiscal year 2009. The entity to receive funding for this project is Science Applications International Corporation, located at 6723 Odyssey Drive, Huntsville, AL 35806.

The funding would be used to enhance SSDD APEX Lab ability to support deployed soldiers by leveraging concept development/research across the operational spectrum. The Lab cuts operational support timeline by using simulation-based analyses & experiments with man-in-the-loop. I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for Out of Autoclave Composite Processing in the FY09 Defense Appropriations bill. The entity to receive funding for this project is GKN Aerospace North America located at 142 J.S. McDonnell Boulevard, St. Louis, MO 63042. It is my understanding that the funding would be used to develop composite curing processes that do not require an expensive or size limited autoclave for the manufacture of composite aircraft structures. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for Mission Execution Technology Implementation in the FY09 Defense Appropriations bill. The entity to receive funding for this project is Westar located at 36 Research Park Court, St. Charles, MO 63304. It is my understanding that the funding would be used on continued development of enterprise-enabled, integrated aviation tools. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

W. Todd Akin
Member of Congress

I am requesting funding for Ripsaw Unmanned Ground Vehicle in fiscal year 2009. The entity to receive funding for this project is Howe and Howe Technologies, located at 518 Turkey Street, North Berwick, Maine 03906. The funding would be used to provide for new armed unmanned systems that provide the war fighter the ability to conduct missions in urban areas that were previously too dangerous or hazardous, thereby greatly reducing the number of U.S. and Coalition casualties from weapons fire. I certify that neither I nor my spouse has any financial interest in this project.

Thank you for your consideration of this request. If you have any questions, please contact me, or Rekha Chandrasekaran of my staff, at (202) 225-6116.

I am requesting funding for the Mk 48 Torpedo Post-Launch Communication System in fiscal year 2009. The entity to receive funding for this project is Naval Sea Systems Command, PEO Submarines, Undersea Weapons Program Office (PMS 404), located at Washington Navy Yard, 1333 Isaak Hull Avenue SE 20376.

The funding would be used to develop an innovative and cost effective high bandwidth post-launch communications system is needed to ensure the Mk 48 Torpedo is capable of meeting the Navy's new tactical requirements. Studies have indicated that traditional weighted hollow flexible-hose and guidance wire communications technologies can not satisfy these new requirements This project will develop a new flex-hose concept to meet new submarine and torpedo operating requirements of providing high reliability operation over the entire speed and depth operating envelope of submarines including shallow water near-bottom engagements.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Defense Appropriations bill, Research, Development, Test And Evaluation, Army, 33 0603005A Combat Vehicle And Automotive Advanced Tech for the Logistical Fuel Processors for Army Development Program. The entity to receive funding for this project is Auburn University, located at 202 Samford Hall, Auburn, AL 36849. The contact for this project is Ralph Zee. He can be reached at 334-844-4784. To the best of my knowledge, the funding would be used to develop and demonstrate logistical fuel processor-fuel cell combinations that operate at significantly higher efficiencies than current IC engines used by the Army. I certify that this project does not have a direct and foreseeable effect on the financial interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Murtha & Ranking Member Young:

I am requesting funding in the FY09 Defense bill for the Strike Weapon Propulsion (SWEAP) project. The entity to receive funding for this project is Carbon-Carbon Advanced Technologies Inc., located at 4704 Eden Road, Kennedale, TX 76060.

The funding will be used to produce a high-speed weapon to engage long-range targets within 5 to 10 minutes that operate at extremely high temperatures. Previous solutions have been demonstrated, however, affordability is the remaining issue.

I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Murtha & Ranking Member Young:

I am requesting funding in the FY09 Defense bill for the Hostile Fire Indicating System project. The entity to receive funding for this project is Raytheon Company, located at 2501 West University, McKinney, TX 75071.

The funding will be used for final development of the Advanced Distributed Aperture System (ADAS) which is a transformational night vision augmentation system to operate in no / low-light conditions (day/night) and adverse weather. The Hostile Fire Indicator, an integral component of the ADAS system, will allow for the detection and declaration of small arms fire and can geo locate the hostile shooter and present that information to the aircraft crew so they may respond with crew served weapons or move outside the effective range of the hostile weapon.

I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the **Spectroscopic Materials Identification Center** in fiscal year 2009. The entity to receive funding for this project is Arkansas State University located at P.O. Box 10, State University, AR 72467 for a project in Jonesboro, AR. The funding would be used to apply over thirty years of experience in working with spectroscopic identification to the unique requirements of defense. I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting $3,000,000 for infectious and inflammatory disease studies. The entity to receive funding for this project is the Burnham Institute for Medical Research located at:

10901 Torrey Pines Road
La Jolla, CA 92037

With the most traveled international border in the world, large number of military installations, an international airport, a major tourist destination and an internationally used port, San Diego County is a prime example of a major terrorist target. To protect our citizens from growing pathogenic threats from possible terrorist activities, the Infectious and Inflammatory Disease Center (IIDC) at the Burnham Institute for Medical Research will build on its studies and understanding of diseases that result from a broad range of human pathogens. They will define and characterize host responses to infection, including innate and adaptive immunity and inflammation, providing a molecular understanding of host pathogen interactions.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

I certify that neither I, nor my spouse, have any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the domestic production of transparent polycrystalline laser gain materials in Fiscal Year 2009. The entity to receive funding for this project is VLOC Incorporated, located at 7826 Photonics Drive, New Port Richey, FL 34655. The funding would be added to Defense Product Act Purchases and would be used for the domestic production of transparent polycrystalline laser gain materials for defense critical materials required for the Department of Defense's next-generation tactical laser systems.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I am requesting Army Aircraft Procurement funding in FY09 for UH-60 Improved Communications for the Air National Guard.

The entity to receive the funding is the Air National Guard, which in turn would procure the assets from Rockwell Collins Inc., 400 Collins Road N.E., Cedar Rapids, IA 52498.

The funding would be used to purchase modern radios for Air National Guard UH-60 Helicopters. This is such a small procurement that it's almost embarrassing that the Active Force hands down their old UH-60 helicopters with ancient radio systems to our Guard forces without this improvement. Again, this is something that we should not have to ask for as a member "add" but that should be included by the DoD. Better radios are needed to support Guard missions in behalf of our National Defense, Homeland Defense, and emergency response. They deserve no less competent radios that the active force.

The entity to receive funding for this project is the Defense Production Act Office located at Wright-Patterson Air Force Base, Ohio 45433 for the benefit of the Ogden Air Logistics Center (ALC) at Hill AFB, Utah. The Ogden ALC is working in partnership with ATK, Inc., on this effort. ATK has many national locations, but its Utah Aerospace Composite Structures group is located at the Freeport Center, Building C14, Clearfield, Utah 84016.

The funding would be used to continue the work begun in FY07 and FY08 to scale-up cutting-edge carbon fiber placement processing technologies, to include equipment and training, at the Ogden ALC.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting FY09 Air Force Other Procurement funding for the Science, Engineering and Laboratory Data Integration (SELDI) program.

The entity to receive the funding is the Air Force Materiel Command, Ogden Air Logistics Center, OO-ALC/ITMS, 6090 Gum Lane, Hill AFB, UT 84056-5829. Ogden ALC has worked in recent years with Engineering & Software System Solutions, Inc. (ES3), 1669 East 1400 South, Suite 100, Clearfield, UT 84015 on the SELDI program.

The funding would be used, as in years past, to provide the Air Force with a rapid lab data access management tool that allows for elimination of ordering of duplicate parts, enables component failure trend analysis, and implements a new acoustic signature sensors to ensure proper chemical composition of materials and equipment. As stated in the Congressional Report to accompany H.R. 1815, the Defense Authorization Act of 2006, "*...the SELDI program...would improve operational aircraft readiness, increase flight safety, and reduce support costs.*" (House Report 109-89, pg. 108).

I certify that neither I, nor my spouse, have any financial interest in this important project. Consistent with the Republican Leadership policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass-through" entity; and (3) meets or exceeds statutory requirements for matching funds (where applicable). Dear Chairman Obey and Ranking Member Lewis:

I am requesting $8 million in FY09 Army RDT&E funding for Lidar Radar and Modeling Improvements at the U.S. Army Dugway Proving Grounds, Utah.

The entity to receive the funding is the Army West Desert Test Center, Dugway Proving Grounds, Utah 84022. Dugway works with ITT, Inc., as one of its subcontractors in supporting these projects. ITT is located at 8262 South 5260 West, West Jordan, Utah 84088.

The funding would be used to upgrade and improve the technical capabilities of Dugway in monitoring and analyzing chemical and biological threats.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting $7.4 million in Navy RDT&E funding in FY'09 for the Advanced Ship Self-Defense Technology Testing project.

The entity to receive the funding is the Office of Naval Research, 875 Randolph Street, Arlington, VA 22203. The Naval Research Office will work with General Atomics, 3550 General Atomics Court, San Diego, CA 92121-1122 on the project.

The funding would be used to continue development and testing of a new era of self-defense capabilities for U.S. Naval vessels involving a small, portable, electromagnetic rail gun with subsystems.

I certify that neither I, nor my spouse, have any financial interest in this important project. Consistent with the Republican Leadership policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass-through" entity; and (3) meets or exceeds statutory requirements for matching funds (where applicable). Dear Chairman Obey and Ranking Member Lewis:

I am requesting $5 million in Navy RDT&E funding in FY09 for the M65 Bismaleimide Carbon Fiber Prepreg project.

The entity to receive the funding is the Office of Naval Research, One Liberty Center, 875 North Randolph Street, Suite 1425, Arlington, VA 22203-1995. The Navy works with Hexcell, Inc., 6700 West 5400 South, West Valley City, Utah 84118, on the project.

The funding would be used to fund equipment and technological improvements in carbon-fiber placement processes using the M65 resin system, allowing for a 50% increase in speed of parts fabrication and potentially reducing the costs of carbon-fiber parts on the F-22 and F-35 fighters by approximately 40%.

I certify that neither I, nor my spouse, have any financial interest in this important project. Consistent with the Republican Leadership policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass-through" entity; and (3) meets or exceeds statutory requirements for matching funds (where applicable). Dear Chairman Obey and Ranking Member Lewis:

I am requesting Navy RDT&E funding in FY09 for the Fiber Optic Conformal Acoustic Velocity Sensor (FOCAVES) project.

The entity to receive the funding is the Navy, which works with Northrop Grumman, Electronic Systems, 2211 West North Temple, Salt Lake City, Utah 84116, on the project.

The funding would be used to continue demonstration efforts of fiber optic technology currently used in the Virginia Class submarine's Lightweight Wide Aperture Array sonar system, for use in next generation SSN and Ballistic Missile Submarine platforms to give an increased ability to detect quieter-enemy diesel-electric submarines in littoral waters, and to reduce life-cycle costs of such systems.

I am requesting Navy RDT&E funding in FY09 for the Next Generation Phalanx project.

The entity to receive the funding is the Navy, which in turn works with Colmek Engineering Inc., 2001 South 3480 West, Salt Lake City, Utah 84104, on the project.

The funding would be used to develop improvements to the Phalanx protection system by redesigning and repackaging of outdated electronics; incorporation of advanced electro-optical sensor technology; demonstration of high-energy laser to successfully defeat traditional and asymmetric threats, and develop portable, stand-alone versions of the radar for use on small ships. This request is # 5 on the Chief of Naval Operations FY09 Unfunded Requirements list.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Defense Appropriations bill, Army - RDT&E account for Corneal Wound Repair. The entity to receive funding for this project is the Army and the research will be performed in my district by St. John's Medical Research in partnership with Missouri State University at 524 N. Booneville Avenue, Springfield, MO 65806. It is my understanding that the funding would be used to perfect technology to provide revolutionary treatment to service members who suffer chronic injuries in the field. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

This letter is to amend my March 19, 2008, member certification letter. I am requesting funding in the FY09 Defense Appropriations bill, Research, Development, Test and Evaluation, Navy, Asw Systems Development account for the U.S. Navy, Low Cost Multi-Channel Camera System. The entity requesting funding for this project is Radiance Technologies, Inc. located at 775 North University Boulevard, Suite 250, Mobile, Alabama 36608. It is my understanding that the U.S. Navy would use funding to complete a NAVAIR ASW Systems Development requirement. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, it is my intent to place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

With kind regards, I remain

Sincerely,

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Defense bill for the ALON and Spinel Optical Ceramics project. The entity to receive funding for this project is Surmet Precision Optics, which has a facility located at 41618 Eastman Drive, Murrieta, CA 92562.

It is my understanding that the funding would be used to create manufacturing capabilities to mass produce Aluminum Oxy-Nitride and Spinel Optical Ceramics at low costs. ***I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.***

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable.

I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds. Should you have any additional questions, please do not hesitate to contact me directly or instruct your staff to call my Legislative Director, Chris Foster, at x55330. Thank you for your consideration of this request.

Sincerely,

Mary Bono Mack

Dear Chairman Murtha and Ranking Member Young:

I am requesting funding for the Unmanned Force Augmentation Systems (UFAS) in fiscal year 2009. The entity to receive funding for this project is Department of Defense, Naval Aviation Science and Technology Office, Patuxent River, Maryland. The funding would be used to facilitate the rapid transition of UAV systems to the warfighters that offer order-of-magnitude improvements in usability, capability, and operational effectiveness. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (exception must be justified here); (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Currently, I have established an internal process to ensure that these minimum requirements are met and believe that my criteria for evaluating these standards far exceed these GOP Conference standards. Should you require my internal forms I require any potential grantee to complete and certify or my own personal appropriations request criteria, please contact my staff and they will make them available to your staff.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Defense Appropriations bill, Research, Development, Test and Evaluation, Air Force (RDTE,AF), R-1 Line Number 11, Program Element # 0602203F. The entity to receive funding for this project is Purdue University, 610 Purdue Mall, West Lafayette, Indiana, 47907-2040. It is my understanding that the funding will be used to create a comprehensive propulsion and aerospace systems test facility focused on equipment functionality, durability and emissions for aircraft using synthetic fuel blends and to evaluate reasonable production and sustainability requirements for green fuel sources. I certify that neither I nor my spouse has any direct financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Defense Appropriations bill, Research, Development, Test and Evaluation, Navy (RDTE,N), R-1 Line Number 104, Program Element # 0604501N. The entity to receive funding for this project is Technology Service Corporation, 116 West Sixth Street, Suite 200, Bloomington, Indiana, 47404. It is my understanding that the funding will be used to create a National Radio Frequency (RF) Technology Transfer Center to bridge the gap between the science & technology and Defense operational requirements. The Center will focus on inserting and transitioning innovative RF and electronic technology into current Defense programs of record. I certify that neither I nor my spouse has any direct financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY09 Defense, Air Force Procurement, Research, Development, Test and Evaluation, 12 0602204F Aerospace Sensors Account for the Space Qualification of the Common Data Link. The entity to receive funding for this project is L3 Communication Systems West, located at 6400 North 2200 West, Salt Lake City, UT 84116. It is my understanding that the funding will be used to increase persistence of intelligence data from space-based systems to the combatant forces. The addition of CDL to space-based military ISR and commercial remote sensing platforms allows in-theater tasking collaboration, collection and dissemination that can take place in real-time by the war fighter using existing deployed CDL ground infrastructure to support multi-layered sensor networks for air, space, and cyber domains. I certify that neither I nor my spouse has any direct financial interest in this project.

The Honorable David R. Obey, Chair
The Honorable Jerry Lewis, Ranking Member
Committee on Appropriations
H-218, The Capitol
Washington, D.C. 20515

Dear Chair Obey and Ranking Member Lewis:

I am requesting funding in the FY09 Defense Appropriations bill, Research, Operation and Maintenance, (Army): Administration And Servicewide Activities 435 Other Service Support Account for the Electronic Records Management Pilot Program. The entity to receive funding for this project is the HMS Technologies, located at 206 West Burke St. Martinsburg, WV 25401. It is my understanding the funding would be used for scanning paper documents into an electronic database for easy access. *I certify that neither I nor my spouse has any financial interest in this project.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request is not directed to an entity or program named or will be named after a sitting Member of Congress; is not intended for a "front" or "pass through" entity; and meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Shelley

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Defense Appropriations bill, RDTE, Army account for DuPont Fuel Cells. The entity to receive funding for this project is DuPont Fuel Cells located at Chestnut Run Plaza PO Box 80701, Wilmington, DE, USA 19880-0701. It is my understanding that the funding would be used for Optimized M-25 Soldier Fuel Cell Systems. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Defense Appropriations bill, RDTE, Army account for the University of Delaware. The entity to receive funding for this project is the University of Delaware located at 107 Hullihen Hall, Newark, DE, USA 19716. It is my understanding that the funding would be used for the Light Weight Structural Composite Armor for Blast and Ballistic Protection project. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Michael N. Castle

Dear Chairman Murtha and Ranking Member Young:

I appreciate your consideration of my appropriations request for the University of Missouri for Fiscal Year 2009. The University of Missouri is located at 321 University Hall, Columbia, Missouri 65211. The funding would be used for the Shock Trauma Research Center. Pursuant to Rule XXIII of the Code of Official Conduct, I certify that, to the best of my knowledge, neither my spouse nor I have any personal financial interest in this request. Please do not hesitate to contact me or Alysson Vogt at my office at 5-4535 if you have any questions or are in need of additional information.

Warmest regards,

Emanuel Cleaver, II

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the **Identifying Health Barriers for Military Recruits** program in fiscal year 2009. The entity to receive funding for this project is the University of South Carolina, located at the Office of Research and Health Sciences, 220 Stoneridge Drive, Columbia, South Carolina 29208. The funding will be used to continue the research and evaluation of three key impacts to the military population; social and physical health, emotional and psychological health, and economic/fiscal impacts.

A physically active and mentally prepared military is critically important and the efficient use of federal defense dollars can promote and maximize the health and safety of military personnel, while also minimizing the long term costs of medical care to military families, and their dependents. This project seeks to develop a long term solution to addressing the barriers which limit military preparedness and will serve as a focal point for research, analysis of key findings, and policy recommendations for the Department of Defense and the United States Congress.

Respectfully Submitted, I am

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY09 Defense Appropriations bill, Air Force Research and Development Applied Research materials account (PE 0602102F) for the RF Micro Devices Gallium Nitride program. The entity to receive funding for this project is RF Micro Devices. The project is located at 7628 Thorndike Road in Greensboro, N.C. Any funding awarded would be used for research and development of gallium nitride RF power technology via the Air Force Research and Development Applied Research account. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my family.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request is not directed to an entity or program that will be named after a sitting Member of Congress, is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark, and meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

If you have any questions about this or any requests which I have submitted, please do not hesitate to contact my office.

Dear Chairman Obey and Ranking Member Lewis:

Under separate cover, we have requested federal dollars for a member-related program during the Fiscal Year 2009 Appropriations process. We appreciate your consideration of this request.

I have requested that Energizer's High Power, Ultra-Lightweight Zinc-Air Battery project be considered for Fiscal Year 2009 discretionary funding. The entity to receive funding for this project is Energizer Battery Manufacturing, Inc. located at 25225 Detroit Road, Westlake, Ohio 44145, with funds for research being distributed to other facilities including the one in Asheboro, North Carolina. Any funding awarded would be used for the continued development (Phase II) of a high-rate capability, air electrode for a zinc air battery system. The objective is to increase the rate capability by an additional 65% so as to support the high power requirements for equipment used in military and commercial applications. I certify that neither I nor any of my family members has any financial interest in this project.

This letter is intended to comply with House rules regarding disclosure of member-related projects. If you have any questions about this or any requests which I have submitted, please do not hesitate to contact my office.

The Honorable Jerry Lewis, Ranking Member
House Appropriations Committee
1016 Longworth
Washington DC 20515

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY09 Department of Defense Appropriations Act for Advanced Ultrasonic Inspection of Aging Aircraft. The entity to receive funding for this project is the Veracity Technology Solutions, LLC, 2701 Liberty Parkway, Suite 311, Midwest City, Oklahoma 73110, executed through the Air Force. It is my understanding that the funding would be used to fund technical personnel, facilities, and equipment to deploy advanced nondestructive inspection techniques for the inspection of aging military aircraft. The effort will focus on advancing nondestructive techniques from the current decades old technology into technologies that can reduce equipment disassembly, eliminate hazardous environmental working conditions, and increase inspection sensitivity. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

This certification is not meant to exclude an Executive Agency from engaging in a competitive process in determining the obligation of funds should it be required applicable laws or regulations.

Sincerely,

Tom Cole

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY09 Department of Defense Appropriations Act for Joint Fires and Effects Training System. The entity to receive funding for this project is the Institute for Creative Technologies 13274 Fiji Way, Marina Del Ray California 90292, and executed through the Army. It is my understanding that the funding would be used to enhance the Joint Fires Effects Trainer System, located at Ft. Sill, Oklahoma, providing the capability of the Army, USAF, and US Navy more integrated and effective fighting force through refreshing joint fires observation skill training. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I am requesting funding in the FY09 Department of Defense Appropriations Act for Joint Fires and Effects Trainer Systems. The entity to receive funding for this project is the Stanley Associates, 111 SW C Avenue, Lawton, Oklahoma 73501, executed through the Department of the Army. It is my understanding that the funding would be used to provide funding necessary to procure additional JFETS modules, to be placed in simulations centers located at Fort Sill, Oklahoma, used for training thousands of soldiers in a method that replicates the contemporary battlefield necessary for realistic soldier training. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

I am requesting funding in the FY09 Department of Defense Appropriations Act for Infrared Materials Laboratories. The entity to receive funding for this project is Amethyst Research, Inc. 2610 Sam Noble Parkway, Ardmore, Oklahoma 73401, and executed through the Office of Naval Research. It is my understanding that the funding would be used to conduct research leading to the use of less expensive silicon substrates for high performance IRFPAs, offering lower cost, high-performance IR, a stable, domestic supply of wafers for IRFPA array fabrication at all major U.S. infrared houses, and to put superior technologies into the hands of the U.S. warfighter more quickly. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I am requesting funding in the FY09 Department of Defense Appropriations Act for Freeze-Dried Blood Technology Clinical Research. The entity to receive funding for this project is Core Dynamics, 2275 Research Blvd., Suite 500 Rockville, MD 20850, executed through the Army. It is my understanding that the funding would be used to conduct research in order to determine if it is possible to replicate the process by which frozen red blood cells may be reconstituted with water, to allow blood to be transfused. This project compliments current Army efforts to improve survivability and ensure better medical treatment outcomes for injured warfighters. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Dear Chairman and Ranking Member:

I am requesting funding for the Secure Software Assurance Education and Research Institute. The entity to receive funding for this project is the National Security Agency located at:

9800 Savage Road
Fort George Mead, MD 20755

The funding would be used to establish a Secure Software Assurance Institute. The Institute will be organized on the Software Engineering Institute Model and the aim will be to ensure that secure software practice is embedded in mainstream academic curricula. This will be valuable because defects in the underlying software base imperil everything from small business to national defense. As such, it is critical to ensure that those defects are minimized. This institute will provide all of the guidance necessary to ensure that the teaching of secure software practice is an integral part of all computer science, software engineering and information systems programs in higher education. It will identify the complete set of knowledge elements that currently exist in each traditional computer discipline (related to secure software assurance) and it will integrate those with the contents of the Department of Homeland Security's Secure Software Assurance Common Body of Knowledge (CBK). The Institute will develop standard instructional materials to support that integration and an attendant delivery system.

HOUSE OF REPRESENTATIVES

March 19, 2008

The Honorable David R. Obey, Chair
The Honorable Jerry Lewis, Ranking Member
Committee on Appropriations
H218, The Capitol
Washington, DC 20515

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Nanotubes Optimized for Lightweight Exceptional Strength (NOLES) project in fiscal year 2009. The entity to receive funding for this project is **Florida State University**, located at 211 Westcott Bldg Tallahassee, FL 32306. The funding would develop unique design, characterization and rapid prototyping capabilities in the field of nano-composite research, leading to vital defense applications.

I certify that neither I nor my spouse has any financial interest (defined as a direct and foreseeable effect on our pecuniary interests) in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Ander Crenshaw
Member of Congress

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Low Cost Stabilized Turret in fiscal year 2009. The entity to receive funding for this project is **L-3 Communications**, located at 6207 Aviation Avenue Jacksonville, FL 32221. The funding would be used to develop a small turret for the video and laser designator finder for low cost unmanned aerial vehicles.

I certify that neither I nor my spouse has any financial interest (defined as a direct and foreseeable effect on our pecuniary interests) in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting an appropriation in the FY09 Defense Appropriations bill, the Air Force Research, Development, Test and Evaluation account, for Multicontinuum Technology for Space Structures. The entity to receive funding for this project is the Space Vehicles Directorate: 3550 Aberdeen Ave. SE, Bldg 472 / Kirtland, AFB, NM 87117-5776. It is my understanding that the funding would be used to more accurate and efficient computer analysis of composite structures used by the Department of Defense. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting FY 2009 funding to purchase a Mobile Firearms Simulator to be used at the Border Joint Operations Emergency Preparedness Center in Laredo, Texas. The entity to receive this simulator would be Texas Army National Guard.

The project will build upon last fiscal year's establishment of the Border Joint Operations Emergency Preparedness Center (BJOEPC). The BJOEPC represents an effort to provide advanced training focused on interoperability in regards to National Guard units and other federal and local counterparts that protect our nation's inland borders. FY 2009 funding is being requested for the purchase of a Mobile Firearms Simulator that will be stationed at the BJOEPC in Laredo, Texas. This simulator will allow participants to experience virtual crime fighting scenarios that will better prepare program trainees to fight the crime that many law enforcement departments encounter every day on the Texas-Mexico Border. The simulator will be available for use by participants of the Border Joint Operations Emergency Preparedness Center, and may also be used by local, state, and federal law enforcement agencies as deemed appropriate by the Texas Adjutant General.

FY 2009 funding is also requested to provide for facility improvements at the Texas National Guard Armory in Laredo, Texas. These facility improvements will allow operation and training exercises to be executed with increased efficiency and productivity by providing more space and security for operations. Funds may also be used to continue classroom training for Border Joint Operations Emergency Preparedness Center Participants

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting FY 2009 funding to further equip and potentially expand the Border Joint Operations Emergency Preparedness Center (BJOEPC) in Laredo, Texas. The entity to receive funds for these activities is the Texas Army National Guard.

To build upon last fiscal year's establishment of the Border Joint Operations Program, FY 2009 funding is being requested to allow the Texas Army National Guard to continue their work with Laredo Community College and Texas A&M International University in an effort to provide training through the BJOEPC in Laredo, Texas. Specifically, FY 2009 funding would go towards the purchase of necessary equipment and furnishings to aid in the development of the BJOEPC. FY 2009 funding would also be used to allow the Texas Army National Guard to fund the necessary studies, land acquisitions, and facility design that will allow for the future construction of an outdoor firing range and classroom facility to be located at the BJOEPC in Webb County, Texas.

I certify that neither I nor my spouse has any financial interest in this project.

Washington D.C. 20515

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY2009 Defense Appropriations bill, Army, Research Development, Test and Evaluation, Medical Advanced Technology for the Alliance for NanoHealth. The entity to receive funding for this project is the Alliance for NanoHealth at 1825 Pressler Street, Suite 537C, Houston, Texas 77030. It is my understanding that the funding would be used to advance the state of nanomedicine through innovative seed grant programs and infrastructure development projects to facilitate "proof-of-concept" research and advance nanomedicine from concept to therapeutic and pharmaceutical solutions to disease. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

John Culberson

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY2009 Defense Appropriations bill, Air Force, Research Development, Test and Evaluation, Research Laboratory Materials and Manufacturing Directorate for the Carbon Non-Materials for Advanced Aerospace Applications – AQW Rice University. The entity to receive funding for this project is the Rice University at 6100 Main Street, Houston, Texas 77005. It is my understanding that the funding would be used to develop Quantum Wire and multi-functional materials based on Single-Wall Carbon Nanotubes (SWNT) while improving SWNT production and processing technology, in collaboration with the AFRL/ML. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I am requesting funding for the Critical Language Training program in fiscal year 2009. The entity to receive funding for this project is San Diego State University Research Foundation, located at 5250 Campanile Drive, San Diego DA 92182-1933. The funding would be used for Research and Development to provide critical foreign language training to adult students from the military, university and government agencies who are required to speak and understand Arabic (Modern Standard Arabic and Iraqi dialect), Persian, and other languages determined by needs assessments conducted with the users. Included in the effort are testing new approaches in curriculum development such as intensive/immersive training and cross cultural competencies with the goal of training individuals to develop functional language skills from the novice to higher proficiency levels. I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey:

I am requesting funding for the Conversion of the T.S. Enterprise, a Ready Reserve Force training ship, in fiscal year 2009.

The entity to receive funding for this project is Massachusetts Maritime Academy, located at 101 Academy Drive, Buzzards Bay, MA 02532.

The funding would be used for the conversion of the T.S. Enterprise to be used as a training vessel for the growing number of students at the Academy, addressing the current issue of space constraints.

I certify that neither I nor my spouse has any financial interest in the project.

Sincerely,

William D. Delahunt

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Lithium Ion Battery Exchange Program in fiscal year 2009. The entity to receive funding for this project is International Battery, Inc., located at 6845 Snowdrift Road, Allentown, PA 18106. The funding would be used to demonstrate the increased capability of the Lithium Ion 6TLi Battery as opposed to the current Lead Acid Battery in the Army Theater of Operation. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on Congressionally Directed Projects, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the project; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this project be included in the bill, I will place a statement in the Congressional Record justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2009 Defense Appropriations bill, Army, RDT&E account. The entity to receive funding for this project is University of Miami Ryder Trauma Center/William Lehman Injury Research Center, located at 1800 NW 10th Avenue, Miami, FL 33136.

The funding would be used for the Army Trauma Training Center (ATTC) at the Ryder Trauma Center situated in the University of Miami/Jackson Memorial Medical Center. The ATTC has functioned as the national training center for U.S. Army Forward Surgical Teams (FSTs) since 2001. Monthly, the ATTC conducts 14-day training program for deploying FSTs in order to improve clinical skills and teamwork. The resources of the Ryder Trauma Center and the William Lehman Injury Research Center present a unique opportunity to develop and evaluate new and innovative diagnostic and treatment tools and point-of-care information systems to maximize the care of injured soldiers. The Ryder Trauma Center is developing diagnostics and devices to help the medic on the battlefield determine which casualties require immediate resuscitation and to enhance the capability of first-responders to effectively treat casualties as close to the geographic location and time of the injury as possible. Since January 2001, the Army Trauma Training Center, in conjunction with the Ryder Trauma Center, has trained over 25 forward surgical teams and more than 650 Army personnel in active duty and reserve components - 2/3rds of all forward surgical teams in the U.S. Army- supporting over 75,000 combat troops.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

PRINTED ON RECYCLED PAPER

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2009 Defense Appropriations bill, Army, RDT&E account. The entity to receive funding for this project is Locust USA, Inc., located at 8312 N.W. 74th Avenue, Miami, FL 33166.

I understand that the funding would be used to accelerate development of very small engines (Microturbines) to meet present requirements at the Department of Defense. During the past 18 months Locust USA has made significant advancements in the design of the product, and bringing to test the smallest turbine engine (5 horsepower). A version of this engine was selected in September 2006 to power the Army's FCS (Future Combat System) Class I UAV, however after about four months, work was halted to permit the Army to re-define its mission and program direction. The DOD is currently in the process of purchasing nearly 500 MAV (Micro Air Vehicles) for special missions, all are powered by a gasoline engine instead of the heavy fuel requirements that would be applicable under this project.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2009 Defense Appropriations bill, Army, RDT&E account. The entity to receive funding for this project is Phoenix Worldwide Industries, located at 10780 SW 190th Street, Miami, FL 33351.

I understand that the funding would be used to develop and implement smaller, light weight command platforms with reduced power requirements required for biological, video and systematic sensors to be installed to function with "Medium" sized Unmanned Ground Vehicles. Phoenix Worldwide mobile command platforms would be fitted onto Military vehicles. This effort would be overseen and directed by the Robotic and Joint Center for Unmanned Ground Vehicle at TARDEC, the attending agency.

Unmanned Ground Vehicles and Robotics are of high importance to our Warfighters. The US Military is currently using numerous types and designs of these UGVs in country and overseas. The US Military will continue to develop newer UGVs and mobile command platforms whose technologies which will reduce exposure in hazards situations while at the same time gather information and intelligence. This is the direction of our Military as defined in the Future Combat System directive; to increase situational awareness while reducing human exposure for our Ground Troops.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Dear Chairman Murtha and Ranking Member Young:

I am requesting funding for the Center for Ophthalmic Innovation in fiscal year 2009. The entity to receive funding for this project is the University of Miami located at 1252 Memorial Dr, Ashe Administrative Building Room 230, Coral Gables, FL 33146. The funding would be used to help develop new modalities of treatment and ensure direct treatment of military personnel through the development of relevant ophthalmic telemedicine initiatives. The Center for Ophthalmic Innovation (ONOVA) is located within the Bascom Palmer Eye Institute, which has been rated as the #1 eye hospital in the nation. This funding will aid ONOVA in continuing research on advanced ocular imaging technology enabling more accurate diagnosis of hereditary retinal disease, better monitoring of treatments for wet and dry macular degeneration, rapid and cost-effective screening for diabetic retinopathy, better evaluation of refractive surgical outcomes, and the ability to qualify dry eye disease. Additionally, the Center is developing new operational systems for ophthalmic telemedicine to bring high quality eye disease screening to military personnel as well as every United States citizen. Eye health is vitally important to the Department of Defense as active military personnel must have perfect visual acuity to carry out their duties effectively. At least 16% of war casualties are due to eye trauma, and millions of retired military personnel suffer from age-related eye disease.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Murtha and Ranking Member Young:

I am requesting funding for Dual Use Technologies for Bio-Defense: Drug Design and Delivery of Novel Therapeutics in fiscal year 2009. The entity to receive funding for this project is Florida Gulf Coast University located at 10501 FGCU Blvd. South, Fort Myers, FL 33965-6565. The funding would be used to continue the Dual Use Technologies project which focuses on state-of-the-art research on technologies to treat bio-threat agents and develop methods of bio-defense for combat and civilian use. Scientists at Florida Gulf Coast University (FGCU) are utilizing a library of novel small molecule chemistries that have a high and selective binding affinity for a broad range of bio-threat agents. There is a critical need for new technologies that can be used for the treatment and inactivation of bio-threat agents and pathogens important to bio-defense efforts. Viruses and other pathogens can be attacked either externally while they are being transmitted between host cells or internally once they have infested a host cell and are actively replicating. New technologies developed at FGCU have the promise to revolutionize drug targeting by using molecular methods to design novel therapeutic molecules and by using physical methods to deliver drugs to the specific site. These technologies can be used to overcome one of the primary limitations of modern pharmacology, the inability to specifically target therapeutic molecules, and have applications for infectious diseases, cancer aging, and cardiopulmonary diseases.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

I certify that neither I nor my spouse has any financial interest in this project. If you have any questions, please do not hesitate to contact my office.

Dear Chairman Murtha and Ranking Member Young:

I am requesting funding for the Military Trauma Care Training and First Responder Information Technology Initiative in fiscal year 2009. The entity to receive funding for this project is Jackson Health System located at 1611 NW 12th Ave, Miami, FL 33136. The funding would be used for technology acquisition to assist the Army Trauma Team and first responder training support. The Army Trauma Training Center, in cooperation with Jackson Memorial Hospital's Ryder Trauma Center, has functioned as a national training center for Army forward surgical teams since 2002. Jackson helps train military surgical teams from all across the U.S. to effectively treat and improve the outcomes of soldiers who experience life-threatening injuries. During an extensive hands-on training period, the military personnel are able to work and learn from experienced trauma personnel. Upon completion of the training program, these military teams are deployed to areas of conflict. These technology upgrades will enable Jackson to improve training programs by offering modern comprehensive interoperable communications capabilities as well as electronic medical records that are a part of trauma care in the modern military. The Department of Defense has been committed to improving health care delivery through the integration of state-of-the-art information systems. The military medical community is committed to developing a standardized, integrated and seamless system and has been interested in working with industry to provide the best means to integrate information technologies with health systems.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. RECYCLED PAPER

March 19, 2008

I am requesting funding in the FY09 Defense Appropriations bill, Research, Development, Test And Evaluation, Navy, 58 0603721N Environmental Protection for the Puget Sound Anoxia Research. The entity to receive funding for this project is University of Washington – Applied Physics Laboratory, Seattle, WA 98195.

Consistent with U.S. Navy environmental responsibilities, this research will contribute to efforts to determine the cause of a drastic decline in dissolved oxygen in regions of Puget Sound where the Navy has significant presence.

I certify that neither I nor my spouse has any financial interest in this project.

Sincerely,

Norm Dicks

I am requesting funding for Hydrocarbon Boost Technology Demonstrator in fiscal year 2009. The entity to receive funding for this project is Aerojet-General Corp., P.O. Box 13222, Sacramento, CA 95803. The funding would be used to continue the design of a hydrocarbon engine, incorporating updated materials, turbo pump technology and ox-rich closed cycle operations that will make it inherently higher performing, more operable and affordable than any other US engine. I certify that this project does not have a direct or foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request is (1) not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Murtha:

I am requesting funding for the Regional Integrated Command Center (RICC) Program in fiscal year 2009. The entity to receive funding for this project is the Armament Research Development and Engineering Center (ARDEC) located in Picatinny, New Jersey . The funding would be used to allow the RICC to incorporate the remaining counties of Region 13 in SW Pennsylvania and the City of Pittsburgh to integrate their Disaster Recovery Center onto the RICC network . I certify that neither I nor my spouse has any financial interest in this project.

Sincerely,

Mike Doyle

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for the Automated Fiber Optic Manufacturing Initiative in Fiscal Year 2009. The entity to receive funding for this project is KITCO Fiber Optics, located at 5269 Cleveland Street, Suite 110, Virginia Beach, VA 23462. The funding would be used for inserting the technologies of the automated manufacturing line in small, portable, maintenance equipment that can be used by ship construction and ship's force personnel in the harsh shipboard environment. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Improved LAS Glass-Ceramic laminated armored window systems in fiscal year 2009. The entity to receive funding for this project is Diamondview Glass Ceramic, located at 110 West Old AJ Highway, Jefferson City, TN, 37760. The funding would be used for the rapidly development of an innovative ceramic crystallite reinforced glass system for light-weight, low-cost ballistic windows for architectural use for threats including small arms and explosions. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

John J. Duncan, Jr.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for Micro-munitions Interface for Tactical Unmanned Systems (MITUS) in fiscal year 2009. The entity to receive funding for this project is GE Aviation, located at 3290 Patterson Avenue, Grand Rapids, Michigan 49512. The funding would be used to develop an interface between Unmanned Air Systems (UAS) and micro-munitions, which are defined as weapons weighing less than 100 pounds. Integration of micro-munitions onto UAS's requires a stores/weapons management interface that provides a safe and effective integration between the weapon and the unmanned system. I certify that neither I nor my spouse has any financial interest in this project. However, I would like to disclose that my son works for GE Aviation in Grand Rapids, Michigan; however he is not involved in this program.

Consistent with the Republican Conference's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress, (2) is not intended for a "front" or "pass-through" entity, and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in an appropriations bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for the Midwest Traumatic Injury Rehabilitation Center at Grand Valley State University in fiscal year 2009. The entity to receive funding for this project is Grand Valley State University, located at 301 Michigan Street, NE, Grand Rapids, Michigan, 49503. The funding for this project will help Grand Valley State University partner with Mary Free Bed Rehabilitation Hospital to develop a specialized educational curriculum, and an integrated model of total patient care in order to help those servicemembers and veterans who suffer from a traumatic brain injury and/or limb loss. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Conference's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress, (2) is not intended for a "front" or "pass-through" entity, and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Murtha and Ranking Member Young:

I am requesting funding for the Minority Program to Increase Minority Contracting in Defense (PIMCID) program in fiscal year 2009. The entity to receive funding for this project under the Department of Defense, Operations and Maintenance, Air Force is CIRRUS Technology Inc., located at 4035 Chris Drive, Building 4, Suite H, Huntsville, Alabama 35802. The funding would be used to determine the barriers to increased minority participation in the Defense Industry and create a program of intervention to overcome these obstacles. By partnering with the Air Force Cost Analysis Agency (AFCAA) the firms engaged in this effort will gain first hand knowledge of DoD acquisition processes and will support AFCAA in its mission to improve the resource allocation process through assisting in the development of policies relating to cost estimating, participating in the generation of Independent Cost Estimates (ICEs) and developing cost analysis training materials that can be used to educate other disadvantaged businesses in the science of cost analysis.

I certify that neither I nor my spouse has any financial interest in this project.

I am requesting funding for the Intelligent Remote Sensing for Urban Warfare Operations in fiscal year 2009. The entity to receive funding for this project under the Department of Defense, Research, Development, Test and Evaluation, Defense-Wide, Information and Communications Technology is Villanova University College of Engineering, Villanova, Pennsylvania. The funding would be used to support two converging and interlinked projects. The Urban Sensing (US) project will develop the technology to support next-generation airborne sensors for collecting and processing of urban data; and the Representing Enriched CONtext (RECON) project will continue to develop the technology to display, analyze, and track the urban sensor data. The goal of the new program will be to collect, analyze, and display, in a timely and intelligent fashion, urban situation awareness data that are not accessible with existing technologies. The Intelligent Remote Sensing for Urban Warfare Operations program addresses DARPA's strategic research thrust areas of Detection, Precision ID, Tracking, and Destruction of Elusive Surface Targets and Urban Area Operations.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the Fiscal Year 2009 Defense Appropriations bill, Research, Test, Development & Evaluation, Defense-Wide, Joint Wargaming Simulation Management account for Department of Defense Modeling and Simulation standards. The entity to receive funding for this project is the Virginia Modeling, Analysis, and Simulation Center, Old Dominion University, Suffolk, Virginia at 1030 University Blvd Suffolk VA 23435. *I certify that to the best of my knowledge, this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

To the best of my knowledge, the funding would be used to create common modeling and Simulation standards for the Department of Defense.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Again, I appreciate your support for these requests. If you have any questions, please feel free to contact me or my Legislative Director, Ryan Kaldahl, at 6-0268. Thank you for your attention to this matter. With kind personal regards, I am,

Yours truly,

Dear Mssrs. Obey and Lewis:

I am requesting funding for Developmental Mission Integration in the Fiscal Year 2009 Defense Appropriations bill. The entity to receive funding for this project is the United States Army, specifically the Armaments Research, Development and Engineering Center at Picatinny Arsenal, Picatinny, New Jersey 07806-5000.

The funding would be used to develop, demonstrate and transition critical armaments, munitions and logistics technologies needed by Army Brigade Combat Teams and Special Forces prior to (i.e. reset periods) and during deployment. I certify that neither I nor my spouse has any direct financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable.

I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds

Sincerely,

Rodney P. Frelinghuysen

Dear Mssrs. Obey and Lewis:

I am requesting funding for Rapid Prototyping for Special Projects in the Fiscal Year 2009 Defense Appropriations bill. The entity to receive funding for this project is the United States Army, specifically the Armaments Research, Development and Engineering Center at Picatinny Arsenal, Picatinny, New Jersey 07806-5000.

The funding would be used to capitalize on ARDEC's unique scientific and engineering capabilities to develop lethal and non-lethal solutions for the joint warfighter in periods of less than 6 months. I certify that neither I nor my spouse has any direct financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable.

Dear Mssrs. Obey and Lewis:

I am requesting funding for Mitigation of Energetic Single Point Failures in the Fiscal Year 2009 Defense Appropriations bill. The entity to receive funding for this project is the United States Army, specifically the Armaments Research, Development and Engineering Center at Picatinny Arsenal, Picatinny, New Jersey 07806-5000.

The funding is critically important in reducing single point failures which may lead to increased costs and jeopardize production of critical munitions required by the joint warfighter. This effort will help increase the overall quality of ammunition items for the Soldier and reduce the potential for disruption of armament production. I certify that neither I nor my spouse has any direct financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable.

The entity to receive funding for this project is the United States Army, specifically the Joint Munitions and Lethality Life Cycle Management Command at Picatinny Arsenal, Picatinny, New Jersey 07806-5000.

The funding will provide the JM&L LCMC Commander with the necessary resources for mission appropriate development and demonstration of innovative solutions to meet current warfighter needs and to facilitate the coordination between elements of the JM&L LCMC, Program Executive Office Ammunition (PEO Ammo) and the Armaments Research, Development and Engineering Center (ARDEC). Dear Mssrs. Obey and Lewis:

I am requesting funding for Ink-based Desktop Electronic Material Technology in the fiscal year 2009 Defense Appropriations bill. The entity to receive funding for this project will flow through Picatinny Arsenal in New Jersey to Honeywell Corporation, headquartered at 101 Columbia Road, Morristown, New Jersey 07962.

The funding will allow the Army to develop specialized inks that are wholly capable of fabricating electronics that would be printed on desktop printers and then incorporated into electronics. Army funding for innovative ink-based technology would lower costs and provide the Army with significant weight improvements resulting in improved mobility and point-of-use printing capability. This innovation would replace expensive traditional electronics that are primarily manufactured in semi-conductor facilities overseas. I certify that neither I nor my spouse has any direct financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable.

I am requesting funding for Lightweight Multifunctional Material Technology in the Fiscal Year 2009 Defense Appropriations bill. The entity to receive funding for this project is Frontier Polymers, 20 Robert Street, Parsippany, New Jersey 07054.

The funding will allow the Army to improve its ammunition packaging and handling systems and enhance the protection of medium and large caliber ammunition used throughout the military. The concepts in this program (fire/ballistic resistance, reduced weight) can be applied to packaging for a wide range of munitions. I certify that neither I nor my spouse has any direct financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable.

I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Defense Appropriations bill, RDT&E, Defense-Wide account for the Advanced Active Denial Scanning Antenna System program. The entity to receive funding for this project is Malibu Research, located at 3760-A Calle Tecate, Camarillo, CA 93012. It is my understanding that the funding would be used to develop an alternative to deadly force by generating a very focused wave energy that the skin absorbs, producing a heat sensation that rapidly becomes intolerable. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Defense Appropriations bill, Other Procurement, Navy account for Advanced Ground Target Threat Simulators. The entity to receive funding for this project is Argon ST, located at 2810 Bunsen Avenue, Ventura, CA 93003. It is my understanding that the funding would be used for the development and deployment of Advanced Ground Target Threat Simulators (AGTTS) that US forces will be able to use for weapons T&E and operator training. Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Defense Appropriations bill, RDT&E, Navy account for the Affordable Weapons System (AWS) program. The entity to receive funding for this project is MBDA, located at 5701 Lindero Canyon Road, Suite 4-100, Westlake Village, CA 91362. It is my understanding that the funding would be used to develop innovative missile solutions for an AWS capable of operating from ships and with a potential Navy/USMC airborne launch capability. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the The Valley Hospital Medical Errors Reduction Initiative: Stage III project in the Department of Defense Appropriations bill in fiscal year 2009. The entity to receive funding for this project is The Valley Hospital located at 223 North Van Dien Avenue, Ridgewood, NJ 07450-2736. The funding would build upon Valley Hospital's successful multi-year partnership with the Department of Defense, by studying the common pressures facing both civilian and military health systems with implementing and integrating information technology, especially as it relates to the extreme reluctance physicians often feel with using Computerized Physician Order Entry (CPOE). I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I further certify that to the best of my knowledge this request (1) is not directed to an entity or program that is named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for The Institute for the Advancement of Bloodless Medicine in the Department of Defense Appropriations bill in fiscal year 2009. The entity to receive funding for this project is Englewood Hospital and Medical Center, located at 350 Engle Street, Englewood, NJ 07631. The funding would help develop a project for the teaching and consultation of bloodless medicine techniques for military doctors and nurses during wartime efforts. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I further certify that to the best of my knowledge this request (1) is not directed to an entity or program that is named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for the Asymmetric Threat Response and Analysis Program (ATRAP) in fiscal year 2009. The entity to receive funding for this project is the University of Arizona, located at 1401 East University Boulevard, Tucson, AZ 85721. The funding would be used for the creation of computerized military decision aids that will consider cultural, psychological, economic, and linguistic data to develop meaningful and relevant potential courses of action (COAs). These aids will enable commanders and staffs to explore and predict potential options available to asymmetric threat organizations within the context of a Stability and Support Operations (SASO) environments. I certify that neither I nor my spouse has any financial interest in this project.

Sincerely,

Gabrielle Giffords

Purpose of such Congressional earmark (please attach additional sheets, if necessary):
Technologies for Metabolic Monitoring (TMM). Funding for the U.S. Army to expand the number of clinical sites and build on the research advances that improve understanding of insulin's role in glucose metabolism and healing. TMM research takes place at Ft. Sam Houston in San Antonio, TX under the auspices of the Institute of Surgical Research (ISR) which reports to the U.S. Army Medical and Materiel Command at Ft. Detrick, MD. The research has evaluated severely injured soldiers with blast wounds and burns with continuous insulin therapy in the intensive care unit (ICU) setting and has shown improved survival, infection, and wound healing rates that accompany decreased ICU stay, hospitalization, and rehabilitation with tight glucose control.

Pursuant to clause 17(a)(5) of Rule XXIII of the Rules of the House of Representatives for the 110th Congress, I hereby certify that neither my spouse (if applicable) nor I has any financial interest in such congressional earmark.

Dear Chairman Obey and Ranking Member Lewis:

CERTIFICATION OF REQUESTED CONGRESSIONAL EARMARK
TO COMPLY WITH CLAUSE 9 OF RULE XXI AND CLAUSE 17 OF RULE XXIII
OF THE RULES OF THE HOUSE OF REPRESENTATIVES FOR THE 110TH CONGRESS

Name of Member, Delegate, or Resident Commissioner: *Rep. Charles A. Gonzalez*

State and Congressional District: *Texas 20*

Name and address of the intended recipient or, if there is no specifically intended recipient, the intended location of the activity. Please provide a specific response.

Southwest Research Institute
6220 Culebra Road, P.O. Drawer 28510, San Antonio, TX 78228-0510

Purpose of such Congressional earmark (please attach additional sheets, if necessary):
"Expert Knowledge Transformation" a project to capture, store and reuse expert corporate knowledge. Many of the center's technically trained employees are nearing retirement age and there is a danger that the knowledge they have acquired during many years of service will be lost. This is of particular concern to the Air Force because these employees provide world-wide engineering, logistics management and depot maintenance on the F-16, A-10 and C-130 aircrafts as well as the Minuteman III Intercontinental Ballistic Missile

Pursuant to clause 17(a)(5) of Rule XXIII of the Rules of the House of Representatives for the 110th Congress, I hereby certify that neither my spouse (if applicable) nor I has any financial interest in such congressional earmark.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the National Nuclear Security Agency Metals Declassification for Reuse by DoD project in the FY09 Defense Appropriations bill, Defense-Wide Research, Development, Test & Evaluation account. The funding would go to the Counterproliferation Initiatives – Proliferation Prevention & Defeat account. e-PEAK Incorporated at 311 Diamond Oaks Drive, Weatherford, Texas 76087 will be developing the program along with the Army's RDECOM – ARDEC. It is my understanding that the funding would be used to deliver a process that allows DOE to safely and efficiently discard specialty metals and materials and provide them to DOD at significantly lower costs for both agencies. This approach involves melting scrap metals into ingots using a unique, portable microwave melting furnace, thereby precluding transportation & subsequent security requirements.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Smart Machinery Spaces System project in the FY09 Defense Appropriations bill, Navy Research, Development, Test & Evaluation account. The entity to receive funding for this project is the United States Navy. Williams-Pyro Incorporated (200 Greenleaf Street, Fort Worth, TX) produces the system. It is my understanding that the funding would be used to further develop the Smart Machinery Spaces System project that allows for condition-based monitoring capabilities combined with automatic configuration management. The system implements a smart sensor node, an information systems network, a video based situation awareness and fire detection capability.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for 10 Mk 19 Engagement Skills Trainer 2000 units in the FY09 Defense Appropriations bill, Army National Guard Operations & Maintenance account. The entity to receive funding for this project is the Texas Army National Guard. The trainers are to be used by the Adjutant General of Texas (Adjutant General of Texas, PO BOX 5218, Austin, TX 78763-5128) for use by Texas National Guard units. It is my understanding that the funding would be used to procure 10 Engagement Skills Trainer 2000 units (Mark 19 Grenade Launcher variant). These machines provide initial and sustainment marksmanship training and certification and will enhance troop battle readiness, thus promoting the National Guard's transition from a Strategic Reserve to an Operational Force.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Re: Project Certification

Dear Mr. Chairman and Ranking Member:

I am requesting funding for the IP Distribution Box and Category 5E Cable Upgrades for Improved Combat Operations Communications: DT Search and Designs LLC, St. Joseph, MO project in fiscal year 2009. The entity to receive funding for this project is DT Search and Design LLC located at PO Box 8384 St. Joseph, MO, 64508. The funding would be used to improve communications for our armed forces. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I herby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Sam Graves

Dear Chairman Murtha and Ranking Member Young:

I am requesting funding for the Rivet Joint ISR Network Integration in fiscal year 2009. The entity to receive funding for this project is L-3 Integrated Systems, located at 10001 Jack Finney Blvd, Greenville, TX 75402.

The funding would be used to provide networking upgrades that will enable it to fully collaborate with a variety of Intelligence Surveillance and Reconnaissance (ISR) nodes so that more effective projections of threat environments can be made. I certify that neither I nor my spouse has any financial interest in this project.
With kindest regards, I am

Sincerely,

Dear Chairman Murtha and Ranking Member Young:

I am requesting funding for the Prepreg Thickness Variability Reduction Program in fiscal year 2009. The entity to receive funding for this project is Cytec Engineered Materials, located at 4300 Jackson Street, Greenville, TX 78402.

The funding would be used to reduce the variability of prepreg thickness to +/-1 percent, which is a substantial improvement over even foreign prepreg capabilities. Reducing variation significantly complements and enhances the advancements expected to be made in the areas of tooling and manufacturing. These achievements are crucial for Cytec's military and commercial partners. I certify that neither I nor my spouse has any financial interest in this project. With kindest regards, I am

Dear Chairman Murtha and Ranking Member Young:

I am requesting funding for the Stryker Common Active Protection System (APS) Radar in fiscal year 2009. The entity to receive funding for this project is Raytheon Network Centric Systems, located at 2501 West University, McKinney, TX 75070.

APS is an externally mounted vehicle protection system that identifies, discriminates and intercepts RPGs, mortars, antitank guided missiles and artillery projectiles after they are launched toward a combat vehicle. The system consists of the Multi-Function Radio Frequency (MFRF) radar, launchers, fire control processors and countermeasures. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds. With kindest regards, I am

The funding would be used for providing Canned Lube Pumps for the U.S. Navy, improving operating efficiency and eliminating maintenance costs on the LSD-41 Class of ships. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

I am requesting funding for Soldier Portable Power Pack (SP3) for the 21st Century Warrior in fiscal year 2009. The entity to receive funding for this project is INI Power Systems, Inc., located 175 Southport Drive, Morrisville, NC 27560. The funding would be used for Soldier Portable Power Pack (SP3) for the 21st Century Warrior to provide a lightweight, more capable, and longer lasting battery for use by our soldiers. This system would replace the current expensive and bulky multiple batteries that soldiers must carry when going out into the field. As you are both aware, this capability is sorely needed by our servicemembers currently serving in theater and would also be a great boost for our Special Operators on their missions. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

Pursuant to Clause 9 of Rule XXI and Clause 17 of Rule XXIII of the Rules of the House of Representatives for the 110th Congress, I am providing the following certification for a requested earmark herein.

I am requesting funding for Preventing long-term brain and lung damage caused by battlefield trauma in fiscal year 2009. The entity to receive funding for this project is Hauptman-Woodward Medical Research Institute, located at 700 Ellicott Street, Buffalo, NY 14203. The funding would be to study the body's natural defense against oxidative stress.

Pursuant to clause 17(a)(5) of Rule XXIII of the Rules of the House of Representatives for the 110th Congress, I hereby certify that neither my spouse nor I has any financial interest in this congressional earmark.

If you have any questions or you require any additional information, please call me or have your staff contact Jonathan Weston of my office at 202-225-3306. Thank you.

Sincerely,

Brian Higgins

Dear Chairman Obey:

I am requesting funding for the Standoff Improvised Explosive Device Detection Program in the fiscal year 2009 Department of Defense appropriations bill. The entity to receive funding for this project is the University of Hawaii, located at c/o Office of Research Services, 2350 Dole Street, Sakamaki Hall, Room D-200, Honolulu, Hawaii 96822.

The University of Hawaii and its partners will expedite the research and development of a new generation of sensor technologies based on recent innovations in laser and spectroscopic interrogation techniques. These systems are crucial to providing our U.S. military assets with powerful new capabilities in the areas of Improvised Explosive Device standoff detection and forensic tracing. I certify that neither I nor my spouse has any financial interest in the project.

If you have any questions, please contact Diana Weismantel of my staff at 202-225-4906.

Sincerely,

Dear Chairman Obey:

I am requesting funding for Nanotechnology Engineering and Manufacturing Operations in the fiscal year 2009 Department of Defense appropriations bill. The entity to receive funding for this project is Oceanit, located at 828 Fort Street Mall, Suite 600, Honolulu, Hawaii 96813.

This project will improve U.S. Navy fleet readiness and reduce cost and downtime for maintenance by introducing better protective paints, coatings, cables, threads, lubricants, and other materials through the incorporation of nanotechnology. I certify that neither I nor my spouse has any financial interest in the project.

If you have any questions, please contact Diana Weismantel of my staff at 202-225-4906.

The entity to receive funding for this project is Woolpert, Inc., located at 4454 Idea Center Boulevard, Dayton, Ohio 45430. The funding would be used to combine new sensor technology and a rapid and secure data transmission workflow for more accurate and timely information. I certify that neither my spouse nor I has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

DAVID L. HOBSON

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for the Advanced Carbon Fiber Research and Testing Initiative project in the FY2009 Defense Appropriations Act. The entity to receive funding for this project is Cytec Industries located at 7139 Augusta Road, Piedmont, SC 29673. The funding would be used to install a manufacturing line for high performance PAN carbon fibers required by the military to produce efficient manned and unmanned air and space vehicles, as well as use in missile and satellite components. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. The entity to receive funding for this project is Aculight Corporation, located at 22121 20th Avenue SE, Bothell, Washington 98021. The funding would be used for new laser nerve stimulation technologies for traumatic brain injury treatment to help soldiers overcome their disabilities in these areas (hearing loss, balance disorders, and other wounds). I certify that neither I nor my spouse has any financial interest in this project.

Sincerely,

I am requesting funding for Health Surveillance System in fiscal year 2009. The entity to receive funding for this project is CombiMatrix Corporation, located at 6500 Harbour Heights Pkwy., Suite #303, Mukilteo, WA 98275. The funding would be used for the development of CombiMatrix's Electrochemical Sensor System for use as a Health Surveillance Platform. The system's features and their successful application to influenza analysis in the AFRL-sponsored Influenza Genotyping System project, have convinced AFRL that it can be developed into a general Health Surveillance Platform that meets the Air Force Surgeon General's requirement for an advanced diagnostic platform. I certify that neither I nor my spouse has any financial interest in this project.

The entity to receive funding for this project is ITT Corporation, located at 1500 New Horizons Boulevard, North Amityville, NY 11701-1130. The funding for the Thunder Radar Pod for the Air National Guard (ANG) F-16 fighters is crucial because the ANG has a requirement to provide F-16's with all-weather, day and night strike and situational awareness capability. This capability can be provided with an airborne Synthetic Aperture Radar (SAR) that can see through cloud cover, inclement weather, and smoke obscured objects or areas of interest.

I am requesting funding for the Electric Valve Operators (EVOs) system in fiscal year 2009. The entity to receive funding for this project is the Curtis Wright Flow Control Corporation Target Rock Division, located at 1966E Broadhollow Rd, East Farmingdale, New York. Nimitz class nuclear aircraft carriers operate with 430 motor operated actuators that control the flow of aircraft fuel from the storage tanks to the flight deck during flight operations and ballasting. The current equipment uses old technology, and is prone to frequent breakdown and high maintenance costs. This equipment is an upgrade of legacy equipment that reduces maintenance costs, improves safety and minimizes environmental hazards.

I am requesting funding for the AN/SPQ-9B Surface Ship Radar in fiscal year 2009. The entity to receive funding for this project is Northrop Grumman Corporation Electronic Systems Inc, located at 65 Marcus Drive, Melville, New York 11787. The funding for the AN/SPQ-9B radar provides the Navy with early and reliable horizon surveillance including: detection of sea-skimmer missiles at an ultra low false alarm rate; gunfire control against surface targets, including a swarm of high speed 'suicide-mission' boats; and an aid to navigation. The AN/SPQ-9B will also provide submarine periscope detection and discrimination that will greatly enhance the ability of the Aegis destroyers and cruisers to detect the new generation of ultra-quiet diesel enemy submarines.

I am requesting funding for the Forward Looking Infrared radar (FLIR) system for New York Army National Guard (NYARNG) UH-60 Blackhawk helicopters in fiscal year 2009. The entity to receive funding for this project is New York State Division of Military and Naval Affairs, located in Latham, New York. Funding will purchase five STAR II forward-looking infrared systems and six Quick Fielding Rapid Install (QFRI) Kits produced. The NYARNG's UH-60 helicopters are playing a greater role in state emergency response missions but they are not equipped to fulfill NYARNG's homeland defense and emergency response missions. Therefore, this request is the New York Guard's number one equipment priority for FY'09.

I am requesting funding for the Hyperspectral Imaging - SPIRITT (Spectral Infrared Transition Testbed) in fiscal year 2009. The entity to receive funding for this project is BAE Systems, located in Greenlawn, New York. There is currently only one SPIRITT sensor system available for all development and platform integrations as well as operations. Additional sensors are urgently needed for integration and testing on multiple intelligence/reconnaissance platforms and for contingency operations. Accelerating the transition of SPIRITT into an operational platform is critical for rapid precision targeting, in the detection of camouflaged and concealed targets, and for target assessment and classification.

Dear Mr. Chairman and Mr. Ranking Member:

As the committee continues its work on the Fiscal Year 2009 Department of Defense appropriations measure, I ask that you give every consideration to funding an important research project (identified as the N-STEP-Enabled Manufacturing Cell for Future Combat Systems) at the government-owned Joint Systems Manufacturing Center (JSMC) in Lima, Ohio.

With federal assistance in Fiscal Years 2005 and 2006, JSMC developed a friction appurtenance welding cell to automate the many hundreds of individual welds required in large combat vehicle manufacturing. Additional funding in Fiscal Year 2009 in the Army's Research and Development account will help perfect this technology for current and Future Combat Systems production, streamlining the manufacturing process and reducing per-vehicle costs to the government for military equipment made at this facility.

To the best of my knowledge, this request is not directed to an entity or program that will be named for a sitting member of Congress, is not intended for use by an entity to secure funds for other entities, and meets or exceeds all statutory requirements for matching funds where applicable. I certify that my wife and I have no financial interest in this issue.

Should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of taxpayer funds for this project.

Thank you for your consideration of this request.

Sincerely,

Jim Jordan

Dear Chairman Obey and Ranking Member Lewis:

Pursuant to Rule XXIII of the House of Representatives for the 110th Congress, I am submitting a disclosure form for a project request affecting my Congressional District.

I am requesting funding for the Weapons Skills Trainer (WST) in fiscal year 2009. The intended entity to receive funding for this project is Cubic Defense Applications, located at 2001 W. Oak Ridge Road, Orlando, FL 32809.

The funding will be used by the Florida National Guard to purchase new WSTs in order to train and prepare Florida National Guard servicemen and women to be combat ready upon deployment. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that this request (1) is not directed to an entity or program named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey,

I am requesting funding for Ballistic Helmet Development in fiscal year 2009. The entity to receive funding for this project is American Defense Systems, Inc., located at 230 Duffy Avenue, Hicksville, NY 11801. The funding would be used to develop a new combat helmet. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

PETER T. KING

Dear Chairman Obey,

I am requesting funding in the FY09 Department of Defense Appropriations Bill, Army, Other Procurement Account. This funding is for upgrades to National Guard Combat Skills Marksmanship Trainers. The entity to receive funding for this project is the National Guard Bureau, NGB-ARQ, 111 South George Mason Drive, Arlington VA, 22204. It is my understanding that the funding would be used to significantly upgrade the computer simulation and software/hardware to currently fielded simulators for use in providing small-arms training to the National Guard. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey,

I am requesting funding in the FY09 Department of Defense Appropriations Bill, Air Force RDT&E Account. This funding is for the Strategic Airlift Aircraft Availability Improvement project at Warner Robbins Air Force Base. The entity to receive funding for this project is Intergraph Corporation, 807 Park Drive, Warner Robbins, GA 31088. It is my understanding that the funding would incorporate proven practices to provide logistics, repair and maintenance on the C-17 fleet at Warner Robbins Air Force Base. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey,

I am requesting funding in the FY09 Department of Defense Appropriations Bill, Air Force Other Procurement Account. This funding is for Information Modernization for Processing with Advanced Coating Technologies. The entity to receive funding for this project is Engineering and Software System Solutions, Inc (ES3), 16 Green Street, Suite C, Warner Robbins, GA 31093. It is my understanding that the funding would be used to provide an advanced thermal spray system for existing, caustic plating lines. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey,

I am requesting funding in the FY09 Department of Defense Appropriations Bill, Army National Guard Operations and Maintenance Account. This funding is for Integrated Communications for Georgia National Guard Support for Civil Authorities. The entity to receive funding for this project is TerreStar, 12010 Sunset Hills Road, Reston, VA 20190. It is my understanding that the funding would be used to equip the Georgia National Guard with a command and control system that integrates cellular and satellite communications, providing them the ability to rapidly respond to emergency situations. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Jack Kingston

Dear Chairman Obey,

I am requesting funding in the FY09 Department of Defense Appropriations Bill, Air Force RDT&E Account. This funding is for the C-130 Automated Aircraft Tracking Condition Based Maintenance Plus project at Warner Robbins Air Force Base. The entity to receive funding for this project is Mercer Engineering Research Center, 135 Osigian Boulevard, Warner Robbins, GA 31088. It is my understanding that the funding would incorporate proven practices to maintenance procedures for C-130 aircraft in order to increase aircraft availability and decrease maintenance costs. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey,

I am requesting funding in the FY09 Department of Defense Appropriations Bill, Army Operations and Maintenance Account for Fort Stewart, Georgia. The entity to receive funding for this project is TREMCO, 3735 Green Road, Beachwood, Ohio 44122. It is my understanding that the funding would be used to remove and/or replace roofs on Company Operations Buildings on Fort Stewart. In particular, these Operations facilities are generally older than barracks and support facilities and are in need of immediate restoration to restore dryness. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey,

I am requesting funding in the FY09 Department of Defense Appropriations Bill, Army Operations and Maintenance Account for Fort Stewart, Georgia. This funding is for a TransSim Driver's Training Program at Fort Stewart. The entity to receive funding for this project is L-3 MPRI, 2961 West California Ave, Salt Lake City, UT 84104. It is my understanding that the funding would be used to provide intensive vehicle operator's training to Fort Stewart Soldiers and improve driving skills and behaviors. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey,

I am requesting funding in the FY09 Department of Defense Appropriations Bill, Defense-Wide RDT&E Account for the Air National Guard Savannah Combat Readiness Training Center and Townsend Range. The entity to receive funding for this project is Prologic, Inc, 11935 Abercorn St., Savannah, GA 31419. It is my understanding that the funding would be used to advance the Range Element Network Enterprise Technology project that provides the Range with tactical data link capability to create unprecedented training opportunities for the National Guard. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey,

I am requesting funding in the FY09 Department of Defense Appropriations Bill, Army RDT&E Account. This funding is for Threat Simulator Development at the Air National Guard Savannah Combat Readiness Training Center. The entity to receive funding for this project is SRC, 2300 Windy Ridge Parkway, Suite 400 South, Atlanta, GA 30339. It is my understanding that the funding would be used to design and implement a distributed Integrated Threat Cell node at the Townsend Range that will allow multiple high-fidelity virtual threat systems to be integrated with actual threat systems and simulators. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey,

I am requesting funding in the FY09 Department of Defense Appropriations Bill, Air National Guard Operations and Maintenance Account. This funding is for the Atlantic Thunder Quarterly Training Events held at the Air National Guard Savannah Combat Readiness Training Center. The entity to receive funding for this project is National Guard, Savannah CRTC, located at Garden City, GA, 31418. It is my understanding that the funding would be used to support opposition integrated air defense systems and enemy command and control nodes to train on joint interoperability requirements. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the Fiscal Year 2009 Defense Appropriations bill, Army, RDTE account for the Hydraulic Hybrid Vehicles for the Tactical Wheeled Fleet project. The entity to receive funding for this project is Bosch Rexroth Corporation, located at 2730 Research Drive, Rochester Hills, Michigan 48309. It is my understanding that the funding would be used to develop hydraulic hybrid technology for military vehicles. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Joe Knollenberg

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the Fiscal Year 2009 Department of Defense Appropriations bill, Navy RDT&E account, Force Protection Advanced Technology, R-1 Line 16, PE 0603123N. The entity to receive funding for this project is the General Motors Fuel Cell Activities Research Center at 10 Carriage Street, Honeoye Falls, NY 14472. It is my understanding that the funding would be used for the U.S. Navy/USMC Future Fuel Non-Tactical Vehicle initiative. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge, this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

John R. Kuhl, Jr.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the Fiscal Year 2009 Department of Defense Appropriations bill, Navy RDT&E account, Shipboard System Component Development, R-1 Line 35, PE 0603513N. The entity to receive funding for this project is Dresser-Rand Company at 37 Coats Street, Wellsville, NY 14895. It is my understanding that the funding would be used to develop a new steam turbine to be used on the existing Virginia Class and future submarines. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge, this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for Deployable Space and Electronic Warfare Analysis Tools in fiscal year 2009. The entity to receive funding for this project is Analytical Graphics Incorporated, located at 7150 Campus Drive, Suite 260 Colorado Springs, CO 80920. The funding would be used for incorporating space object data, improving navigation accuracy predication (including jamming and weapons modeling), and integrating electronic warfare (EW) analysis into a common operational environment for Army support teams. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds here applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Doug Lamborn

Dear Chairman Obey and Ranking Member Walsh:

I am requesting funding for Enhanced Vapor Aeration Capabilities. The entity to receive funding for this project is STERIS Corporation, located at 5960 Heisley Road, Mentor, OH, 44060. The funding would be used for developing and optimizing methods to shorten the overall cycle time of the VHP process. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (exception must be justified here); (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Thank you for your consideration of my request. I remain

Dear Chairman Obey:

I am requesting funding for the Children's Hospital Integrated Patient Electronic Records System (CHIPERS) for fiscal year 2009. The entity to receive funding is the Children's Hospital and Research Center at Oakland (CHRCO), located at 747-52nd Street, Oakland, CA 94609. The funding will be used by CHRCO to implement a new electronic records system and digitize its paper medical records, a change that will improve medical care while reducing costs by as much as 20 percent. The funding benefits the large number of active and retired military personnel which utilize the facility and it will allow military personnel and their dependents the ability to become more involved in their medical care by making lab tests and other records available to them over the Internet, and provide them with electronic links to more information about their medical conditions. It will also provide the Department of Defense a functional platform to demonstrate effective ways electronic medical records can meet the healthcare needs of pediatric military dependents. I certify that I have no financial interest in this project.

Washington, D.C. 20515

Dear Chairman Obey:

I am requesting funding in the FY09 Department of Defense Appropriations bill, Defense-wide, RDT&E account for the Trident Systems, Inc, USA. The entity to receive funding for this project is Trident Systems, Inc, USA at 1615 Orange Tree Lane, Ste 104, Redlands, CA 92374. It is my understanding that the funding would be used to continue development of Advanced Technology Sensors and Payloads that will produce a suite of new communications, control and data exploitation capabilities for use with multiple existing and planned Unmanned Aerial Vehicles (UAVs). I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Jerry Lewis

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Defense Appropriations bill for the Feature Size Yield Enhancement DMEA's Advanced Reconfigurable Manufacturing for Semiconductors (ARMS) Foundry. The entity to receive funding for this project is Defense Microelectronics Activity at 4234 54th Street, McClellan, CA 95662-2100. It is my understanding that the funding would be used to allow DMEA to proceed with its plan to acquire the more complex processes required to support newer weapon system microelectronics, install these processes in its ARMS Foundry and increase the first pass yield of these new processes. It will also work to reduce the time required to switch from one process to another and to maximize the yield of the reinstalled process. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I

PRINTED ON RECYCLED PAPER

further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Defense Appropriations bill for the Renewable Energy Testing Center. The entity to receive funding for this project is Technikon LLC at 5301 Price Ave, McClellan, CA 95652. It is my understanding that the funding would be used to provide the State of California and Department of Defense with an independent "Underwriters Laboratory" resource for evaluating the performance of renewable energy and renewable fuel production technologies. RETC will provide metrics on robustness, safety, energy efficiency, environmental effectiveness, and other key parameters of these technologies needed for successful commercialization.. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Defense Appropriations bill for the Fuel Cell Power System. The entity to receive funding for this project is Jadoo Power Systems, Inc. at 181 Blue Ravine Dr., Folsom, CA 95630. It is my understanding that the funding would be used to reduce the weight of portable power systems carried into theater. Specifically, the funding will progress the development of the IFS-24 to a TRL-8 and deliver 50 qualification units for field qualification testing by the US Armed Forces by December 2009. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Defense Appropriations bill for the Military Burn Trauma Research Program. The entity to receive funding for this project is the American Burn Association at 625 N. Michigan Ave., Suite 2550, Chicago, IL 60611. It is my understanding that the funding would be used to foster collaboration between military and civilian burn surgeons and researchers and to identify best practices to ensure better treatment and outcomes for military burn patients, specifically improved clinical outcomes for combat burn casualties. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY 09 Defense Appropriations bill for the Integrated Power for Aircraft Technologies II (INPACT II) program.

The entity to receive funding for the INPACT II program is Hamilton-Sundstrand, a division of United Technologies Company, located at 4747 Harrison Avenue in Rockford, Illinois, 61125. Mr. Tim Morris, who is President of Aerospace Power Systems at Hamilton-Sundstrand, has advised me that the funds would be used as part of a "plus-up" on an already competitively won contract to help the Air Force develop new technologies for aircraft secondary power systems. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY 09 Defense Appropriations bill for the Illinois Center for Defense Manufacturing.

The entity to receive funding for the Illinois Center for Defense Manufacturing is Northern Illinois University located at 1120 East Diehl Road in Naperville, Illinois, 60563. Dr. Alan Swiglo, who is the Associate Director of Manufacturing Processes Research, has advised me that the funds would be used to help the Army develop and produce new applications of advanced manufacturing technology by working with small companies and bringing them into the defense supply chain. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Washington, D.C. 20515

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Arc Fault Circuit Breaker (AFCB) with Arc Location System in Fiscal Year 2009. The entity to receive funding for this project is LiveWire Test Labs located at 5330 South, 900 East, Salt Lake City, UT, 84117. Intermittent electrical faults in aircraft may cause fires and are extremely difficult to locate and repair. Arc Fault circuit breakers (AFCB) have been developed to reduce the damage caused by these intermittent faults, including in-flight fires. This technology would enable a widespread deployment to occur. I certify that neither I nor my spouse has any financial interest in this project.

Sincerely,

JIM MATHESON

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Department of Defense Appropriations bill for the Hydrocarbon Boost Technology Demonstrator. The entities to receive funding for the project are Aerojet-General Corp and Florida Turbine Technologies, located at PO Box 13222, Sacramento, CA 95813-6000 and 100 Marquette Rd. Suite 110, Jupiter, FL 33458, respectively. It is my understanding that the funding would be used for acceleration of the Hydrocarbon Boost Technology program, which aims to fund the analysis, design, fabrication and delivery of critical components and a conceptual engine for demonstration tests for Assured Access to Space. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Department of Defense Appropriations bill for the Next Generation Electronic Warfare Simulator. The entities to receive funding for this project are the F/A-18 Advanced Weapons Lab and AAI Corporation, located at the Naval Integrated Weapons RDAT&E Center at China Lake, 1 Administration Circle, China Lake, CA, 93555 and 124 Industry Lane, Hunt Valley, MD, 21030, respectively. The funding would be used for finalizing development and configuration of two NGEWS units in order to optimize test and evaluation for the F/A-18 and EA-18G equipped with the ALQ-218 electronic surveillance system. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Department of Defense Appropriations bill for the Micro-munitions Interface for Tactical Unmanned Systems (MITUS). The entities to receive funding for the project are GE Aviation and the Unmanned Air Systems Technical Project Office at Naval Integrated Weapons RDAT&E Center at China Lake, located at 3290 Patterson Ave SE, Grand Rapids MI 49512, and 1 Administration Circle, China Lake, CA, 93555, respectively. It is my understanding that the funding would be used for the integration of micro-munitions for operation with tactical class air and ground unmanned systems. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Kevin McCarthy

Dear Chairman Obey:

I am requesting funding for the **Fuel Logistics Reduction through Enhanced Engine Performance** project in fiscal year 2009. The entity to receive funding for this project is Mechanology, located at 64 Water Street, Attleboro, MA 02703. The funding would be used for applying highly efficient toroidal intersecting vane machine (TIVM) technology to enhance power, performance and energy efficiency of battlefield equipment and engines. I certify that neither I nor my spouse has any financial interest in this project.

Sincerely,

Dear Chairman Obey:

I am writing to request funding for Fort Drum Regional Health Planning Organization (FDRHPO) in the Fiscal Year 2009 Defense Appropriations bill. The entity to receive funding for this project is the FDRHPO, located at 120 Washington Street, Suite 302, Watertown, New York 13601 (Denise K. Young, Executive Director; telephone: 315-755-2020). The funding will enable the organization, as part of the pilot program re-authorized and expanded in P.L. 110-181, to hire necessary staff and conduct required assessments and studies. I certify that these projects do not have a direct and foreseeable effect on my pecuniary interests.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or to be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Thank you for your consideration of this important request.

Dear Chairman Obey:

I am writing to request funding for U.S. Navy Pandemic Influenza Vaccine Program in the Fiscal Year 2009 Defense Appropriations bill. The entity to receive funding for this project is Trudeau Institute, located at 154 Algonquin Ave., Saranac Lake, New York 12983. The funding would be used for RDT&E, Navy Medical Development. I certify that these projects do not have a direct and foreseeable effect on my pecuniary interests.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or to be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Thank you for your consideration of this important request.

Washington, D.C. 20515

Dear Chairman Murtha:

I am writing to request funding for Personal Status Monitor (Nightengale) in the Fiscal Year 2009 Defense Appropriations bill. The entity to receive funding for this project is Welch Allyn, located at 4341 State Street Road, Skaneateles Falls, New York 13152. The funding would be used for Research, Development, Test and Evaluation, Army. I certify that these projects do not have a direct and foreseeable effect on my pecuniary interests.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or to be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Thank you for your consideration of this important request.

With best wishes, I am

Dear Chairman Obey,

I am requesting funding in the FY09 Defense Appropriations bill, Army RDT&E, Combat Vehicle Improvement Programs account for Ground Combat Systems Electronic Enhancements. The entity to receive funding for this project is Curtiss-Wright Controls Embedded Computing, 28965 Avenue Penn, Santa Clarita, CA 91355. It is my understanding that the funding would be used to facilitate the incorporation of state of the art electronics into current Ground Combat Systems to reduce SWaP-C requirements and support the early adoption of desired Network Centric Warfare capabilities. *I certify that neither I nor my spouse has any direct* financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey,

I am requesting funding for Advanced Vehicle Propulsion Center in Fiscal Year 2009. The entity to receive funding for this project is intended to be the Air Force Space & Missile Propulsion Div (AFRL/PRS), Air Force Research Laboratory, Edwards AFB with Advatech Pacific, Inc., located at 950 E. Palmdale Blvd., Suite C, Palmdale, CA 93550. It is my understanding that the funding would be used for further development, upgrade, and verification of Advanced Vehicle Propulsion Center modeling tools that identify technical and programmatic dead-ends and reduce program life-cycle cost and risk. *I certify that neither I nor my spouse has any direct* financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey,

I am requesting funding in the FY09 Defense Appropriations bill, Air Force Research, Development, Testing and Evaluation Line 11, Aerospace Propulsion, for PE 0602203F, Project 33SP, the Hydrocarbon Boost Technology Demonstrator. The entity to receive funding for this project is the Air Force Research Laboratory at Edwards Air Force Base and also prime contractor Aerojet-General Corporation, P.O. Box 13222, Sacramento, CA 95813-6000. It is my understanding that the funding would be used to provide technologies that will lead to a liquid rocket engine that is inherently higher performing, more operable and affordable than any other US engine. *I certify that neither I nor my spouse has any direct financial interest in this project.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Murtha and Ranking Member Young,

I am requesting funding for the Diminishing Manufacturing Sources and Material Shortages (DMSMS) Case Resolution Program in fiscal year 2009. The entity to receive this financial allotment is Automation Alley, located at 2675 Bellingham, Troy, Michigan 48083. The funding would be used for further development of a Diminishing Manufacturing Sources and Material Shortages (DMSMS) Case Resolution Program. The program is expected to significantly reduce the Tank-Automotive & Armaments Life Cycle Management Command's (TACOM LCMC) total ownership costs for weapons systems sustainment by using a center for directing the researching of DMSMS cases affecting TACOM LCMC, designing engineering solutions for cases, and testing alternatives for obsolete parts and higher-level assemblies. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed toward an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how these funds will be spent and justifying the use of such funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Eglin Air Force Base Range Operations Center (ROCC) Initiative project for fiscal year 2009. The entity to receive funding for this project is Cubic Defense Applications, located at 1225 South Clark St, Suite 702 Arlington, VA 22202. The funding would be used to help the Air Force and Eglin AFB Improvement Modernization by addressing the movement and control of people and equipment as well as relevant security issues as a result of increased ops tempo. Through this Initiative, the 46th Test Wing will greatly improve its ability to track all players on the Eglin Range, thereby significantly increase its efficiency and ability to meet this increased ops tempo. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that this request (1) is not directed to any entity or program named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Air Force Special Operations Command AC/MC 130 Large Aircraft Infrared Countermeasure (LAIRCM) project for fiscal year 2009. The entity to receive funding for this project is L-3 Crestview Aerospace 5486 Fairchild Road, Crestview, FL 32539. The funding would be used to provide aircraft protection from infrared and small arms threats. Additionally, the new system will provide several hundred pounds of weight savings that will translate into greater AC-130 endurance or combat payloads. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that this request (1) is not directed to any entity or program named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

With warm personal regards, I am

Sincerely,

Jeff Miller
Member of Congress

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the FPS-16 Mobilization Upgrade project in fiscal year 2009. The entity to receive funding for this project is BAE Systems, located at 557 Mary Esther Cutoff Fort Walton Beach, FL 32458. The funding would be used for upgrades and mobilization of radar systems that will result in more cost effective and timely test support for the joint-services customer set that depends on Eglin Air Armament Center. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that this request (1) is not directed to any entity or program named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Moving Target Strike project in fiscal year 2009. The entities receiving funding for this project is Alpha Data Corporation – 1326 Lewis Turner Blvd, Fort Walton Beach, FL 32536 and General Atomics – 3550 General Atomics Court, San Diego, GA 92121. The funding would be used to combine the KATDAM weapon guidance technology with the SPI-3D/Precision View sensor and targeting system. This system would be integrated onto a Reaper UAV or manned aircraft to demonstrate precision strike of a time-sensitive moving target with a coordinate seeking weapon. I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Joint Gulf Range Complex Upgrade project in fiscal year 2009. The entity to receive funding for this project is the Boeing Company, located at 634 Anchors Street Fort Walton Beach, FL 32548. The funding would be used to develop a prototype live virtual and constructive (LVC) range that will enable testing of new net centric weapons and support realistic joint special operations training. This range will facilitate the fielding of weapon systems that enable conventional systems to directly communicate with special operations via data link for the time sensitive targeting of "terrorist type" targets including car bomb factories and training sites. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that this request (1) is not directed to any entity or program named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Gulf Range Mobile Instrumentation Capability project in fiscal year 2009. The entity to receive funding for this project is Prologic, Inc., located at 9400 Innovation Dr. Manassas, VA 20110. The funding would be used to support the 46th Range Group to enable the integration of the simultaneous employment of many advanced weapons/platforms into a single test or exercise/training events. This effort connects test and evaluation ranges that use many communication and data requirements to interact between geographically separated ranges. The result is ranges becoming interconnected and consequently creating a greater training experience I certify that neither I nor my spouse has any financial interest in this project.

Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for Near InfraRed Optical Augmentation System in fiscal year 2009. The entity to receive funding for this project is Envisioneering, Inc., located at 5904 Richmond Highway, Suite 300, Alexandria, Virginia 22303. The funding would be used for an emerging capability that provides U.S. Marines with the situational awareness to either avoid potential sniper or IED threats or to know what they are "walking into" so that they are prepared to deal with the situation at hand. I certify that neither I nor my spouse has any financial interest in this project.

I am requesting funding for Reconfigurable Secure Computing in fiscal year 2009. The entity to receive funding for this project is Curtis-Wright Corporation, located at 2941 Fairview Park Drive, Suite 850, Falls Church, Virginia 22042. The funding would be used for anti-tamper (AT) measures to protect critical technologies in U.S. weapons systems that may be sold to foreign governments or fall into enemy hands. Funding will introducing "Reconfigurable Secure Computing" into advanced sensor systems to mitigate the risk and cost of procuring unique solutions to protect each sensor subsystem from tampering. This effort will provide a low-cost path to upgrade current secure computing solutions while providing common hardware, reducing sparing and maintenance costs over the life of the military system. This system will allow the Army commander to receive one status report that links all the critical information into a comprehensive combat picture. This will increase operational readiness and decrease maintenance costs. The Army Logistics Innovation Agency supports the continued development of CLOE to design the supply chain-knowledge management decision support environment to achieve an estimated 30% reductions in maintenance costs. Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for BLOS Network for MASINT Sensors in fiscal year 2009. The entity to receive funding for this project is Innovative Concepts Inc., located at 8200 Greensboro Drive, McLean, Virginia 22102. The funding would be used for a program that will design, develop and demonstrate a sensor network to track movement in a jungle environment. The goal is to improve Anti-Terrorism (AT) and Counter-Terrorism (CT) intelligence operations by providing a communications network that will provide a Beyond Line of Sight (BLOS) network for the remote sensors. I certify that neither I nor my spouse has any financial interest in this project.

Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for Automated Test and Re-Test in fiscal year 2009. The entity to receive funding for this project is Innovative Defense Technologies, LLC, located at 4301 N. Fairfax Drive, Suite 630B, Arlington, Virginia 22203. The funding would be used for providing the opportunity to reduce test and evaluation costs in excess of 25 percent of current levels. Currently more than half of all RDT&E is spent on testing. Supporting engineering upgrades to enable rapid test and re-test of open architecture software modules and other improvements will drive substantial cost and time savings. It will speed adoption of new capabilities for the warfighter. I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

This letter is to certify that I am requesting funding for Smoky Hill Range access road improvements in fiscal year 2009. The entity to receive funding for this project is Saline County, KS, Road and Bridge Department, 3424 Airport Road, Salina, KS 67401. The funding would be used for county access road improvements to better allow the transportation of military personnel and equipment to Smoky Hill Air National Guard Range at Salina, KS. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (exception must be justified here); (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Very truly yours,

Jerry Moran

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Department of Defense Appropriations bill, Navy, RDT&E, Shipboard System Component account for Converteam Inc., Navy Integrated Power System Converter. The entity to receive funding for this project is Converteam Inc. at 610 Epsilon Drive, Pittsburgh, Pennsylvania, 15238. It is my understanding that the funding would be used to continue an ongoing project with the Navy to develop all-electric power systems that can be used in any class of ship. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Canned Lube Pumps for LSD-41/49 Class of Amphibious Ships in the FY 2009 Department of Defense Appropriations bill. The entity to receive funding for this project is IMO Pump, located at 1710 Airport Road, Monroe, NC 28111. The funding would be used for the procurement and installation of Canned Lube Pumps (CLP) on four LSD-41/49 class of amphibious ships. This funding will purchase 16 CLP units to complete the LSD-41 Class. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will make every effort to place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Next Generation High Performance Ballistic Materials and Technologies Providing 7.62mm Small Arms Protection for U.S. Armed Forces in the FY 2009 Department of Defense Appropriations bill. The entity to receive funding for this project is DSM Dyneema, LLC, located at 1101 Highway 27 South, Stanley, NC 28164. The funding would be used to develop a helmet capable of providing 7.62mm small arms protection which will result in increased protection and a potential decrease in fatal and non-fatal injuries associated with 7.62mm threats experienced in theater today. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the following project in fiscal year 2008:

Project: The Defense Leadership and Technology Initiative

Entity to receive funding: The Thurgood Marshall College Fund

Address: Larry Green, Esq., Vice President of Government Relations, 901 F Street, NW Suite 501, Washington, D.C. 20004

Purpose: The objective is to use this unparalleled network and collaboration of public HBCUs and the resources and programs of the Fund to help meet these Defense-specific missions and needs. TMCF is also seeking Defense Department support to enhance minority scholar science and technology training and access to research experience and support to enhance the technology and instrumentation capacity of TMCF schools. The objective is to develop a well-designed partnership with the Department of Defense, with significant TMCF financial, programmatic and personnel resources which are already being committed at a dollar-for-dollar match.

I certify that neither I nor my spouse has any financial interest in this project. Thank you for your attention in this matter.

Sincerely,

Eleanor Holmes Norton

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the 360 Degree Imaging Sensor in fiscal year 2009. The entity to receive funding for this project is Kollmorgen EO, located at 347 King Street, Northampton, MA 01060. The funding would be used for a 360 degree Non-Rotating Imaging Module that allows the submarine to observe all contacts instantaneously without rotation of either the Periscope or the Photonics Mast. The Navy has an unfunded operational requirement in FY 09 for a 360 Degree Simultaneous Imaging Capability. I certify that neither I nor my spouse has any financial interest in this project.

Sincerely,

Room H-149 The Capitol
Washington, D.C. 20515

Dear Chairman Murtha and Ranking Member Young:

I am requesting funding for Silicon Carbide Power Electronics for More Electric Aircraft (MEA). The entity to receive funding for is project is the Air Force Research Laboratory, Propulsion Directorate AFRL/PRPE, located at Wright-Patterson Air Force Base, Ohio 45433. The funding would be for continued development, prototyping, and improved technology readiness level demonstration of high-temperature SiC power electronics for More Electric Aircraft. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Chip Pickering

Dear Chairman Murtha and Ranking Member Young:

I am requesting funding for the Silicon Carbide Electronics Material Producibility Initiative in fiscal year 2009. The entity to receive funding for the project is the Air Force Research Laboratory, Materials and Research Directorate, Survivability and Sensor Material, Wright Patterson Air Force Base, Ohio 45433. The funding would be used to develop domestic second source for silicon carbide (SiC) based materials and devices, required for high performance power components in critical next generation military systems. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Re: Chafing Protection System, (CHAPS) and encasement health monitoring system

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Chafing Protection System, (CHAPS) and encasement health monitoring system in fiscal year 2009. The entity to receive funding for this project is Killdeer Mountain Manufacturing located at P.O. Box 450, Killdeer, ND 58640. CHAPS will provide a cost effective, on-board, continuous health monitoring system to prevent and provide real-time diagnostics and health monitoring of military air craft. This technology has been tested on an F/A-18 air craft. A Boeing cost benefit analysis demonstrates a $100 million savings over 10 years for the Navy fleet of F/A-18 aircraft alone. I certify that I do not have any financial interest in this project.

Re: Electronics & Materials for Flexible Sensors and Transponders

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Electronics & Materials for Flexible Sensors and Transponders in fiscal year 2009. The entity to receive funding for this project is North Dakota State University (NDSU) located at 1735 NDSU Research and Technology Park Dr., Fargo, ND 58102. In response to Department of Ddefense's identification of flexible electronics as a vital transformational technology, NDSU will employ its expertise in new materials discovery and wireless electronics design and fabrication toward the development of flexible and conformal sensor arrays and RFID transponders that are covert and ultra-lightweight, consume low-power, and, where desired, disposable. I certify that I do not have any financial interest in this project.

Re: Department of Defense Center of Excellence for Unmanned Aircraft Systems

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Department of Defense Center of Excellence for Unmanned Aircraft Systems in fiscal year (FY) 2009. The entity to receive funding for this project is the University of North Dakota Odegard School of Aerospace Sciences located at 3980 Campus Road Stop 9007, Grand Forks, ND 58202. This funding will continue the efforts started in FY 2006 to develop a Ganged Phased-Array Radar System (GPARS) that will allow Unmanned Aircraft (UA) to operate in the National Air Space (NAS) without temporary flight restrictions (TFRs) or other special authorizations or provisions, while safely integrating with other NAS stakeholders. Additionally, airborne detect, sense, and avoid (DSA) technology development, testing, and demonstrations will be conducted by the University of North Dakota School of Engineering & Mines for both cooperative and non-cooperative aircraft. I certify that I do not have any financial interest in this project.

It is my understanding that the funding would be used to allow for the continuation of an on-base program, offering technology curriculum through in-class study, additional after-school and evening community programs, and a more concentrated series during vacations or school breaks.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Department of Defense and Related Agencies Appropriations bill, Department of the Army, RDT&E, Military Engineering Technology (line 52), PE# 0603734A account for $4,000,000.00. The entity to receive funding for this project is Southwest Gas at 4300 W Tropicana Las Vegas, NV 89103. It is my understanding that the funding would be used to continue the stringent 10-ton GEDAC field tests at four military installations.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. The entity to receive funding for this project is the Nationwide Children's Hospital Research Institute, 700 Children's Drive Columbus, Ohio 43205. It is my understanding that the funding would be used for comprehensive clinical phenotyping and genetic mapping for the discovery of autism susceptibility genes. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

DEBORAH PRYCE

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Defense Appropriations bill. The entity to receive funding for this project is the Defense Metals Technology Center, C/o Stark State College at 6200 Frank Avenue NW, North Canton, OH 44720. It is my understanding that funds will aid the DMTC in developing a roadmap of industrial base needs, shortcomings, and risk management strategies for the US Army ARDEC, PEO Ammo, and the SMCA. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable.

Sincerely,

Ralph Regula M.C.

H-218, The Capitol
Washington, D.C. 20515

The Honorable Jerry Lewis, Ranking Member
House Appropriations Committee
1016 Longworth
Washington, D.C. 20515

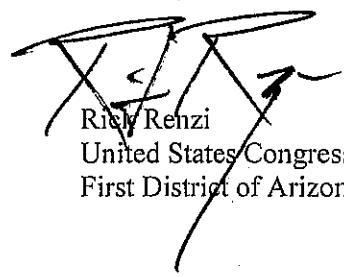
Dear Chairman Obey:

I am requesting funding in the FY09 Defense Subcommittee Appropriations bill for the Department of the Air Force. The entity to receive funding for this project is DRS Electronic Warfare and Network Systems, 485 Cayuga Road, Buffalo, New York 14225. It is my understanding that the funding would be used to upgrade and modernize of three (3) remaining Unmanned Threat Emitters (UMTE) system located at the Nellis Test and Training Range.

I certify that neither I nor my spouse has any direct financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,



Rick Renzi
United States Congressman

Dear Chairman Obey:

I am requesting funding in the FY09 Defense Subcommittee Appropriations bill, through the Department of the Army for Southwest Gas Corporation. The entity to receive funding for this project is Southwest Gas Corporation, 2953 Westwood Drive, Las Vegas, NV 89109. It is my understanding that the funding would be used to continue the stringent 10-ton National Gas Engine Driven Air Conditioning (GEDAC) field tests at four military installations.

I certify that neither I nor my spouse has any direct financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the fiscal year (FY) 2009 Defense Appropriations bill, Next Generation Tactical Environmental Clothing for AFSOC, RDT&E account for the Air Force. The entity to receive funding for this project is THY Enterprises located at 2207 Dobbs Circle, Alexander City, AL 35010. It is my understanding that the funding would be used to develop small, quantity-high payoff protective clothing and clothing articles that contribute to human effectiveness and human performance rather than detract. This program produces specific clothing articles unique to the Special Operator, his mission, and is developed in close coordination with Special Operations personnel. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the fiscal year (FY) 2009 Defense Appropriations bill, Novel Zinc Air Power Sources for Military Applications, RDT&E account for the Army. The entity to receive funding for this project is Arotech Corporation located at 354 Industry Drive, Auburn, AL 36832. It is my understanding that the funding would be used to improve cell reliability, shelf life, and form factor for Land Warrior/Future Force Warrior. It will also enable energy system field testing. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the fiscal year (FY) 2009 Defense Appropriations bill, Development of Logistical Fuel Processors to Meet Army/TARDEC/TACOM Needs, RDT&E account for the Army. The entity to receive funding for this project is Auburn University located at 202 Samford Hall, Auburn, AL 36849. It is my understanding that the funding would be used for development and demonstration of logistical fuel processor-fuel cell combinations that operate at significantly higher efficiencies than current IC engines used by the Army. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Mike Rogers

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the fiscal year (FY) 2009 Defense Appropriations bill, RC-26B Modernization, Procurement of Aircraft account for the Air Force. The entity to receive funding for this project is Alliant Techsystems Inc, (ATK) located at 1215 South Clark St., Suite 1510, Arlington, VA. 22202. It is my understanding that the funding would be used for the RC-26B to perform critical intelligence, surveillance and reconnaissance (ISR) missions in support of national disaster response by the Department of Homeland Security (DHS), Customs and Border Protection (CBP), Air National Guard, and in direct support of Special Operations Forces. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the fiscal year (FY) 2009 Defense Appropriations bill, Space Control Test Capabilities (SCTC), RDT&E account for the Air Force. The entity to receive funding for this project is Davidson Technologies Inc. located at 530 Discovery Drive in Cummings Research Park, Huntsville, Alabama 35806. It is my understanding that the funding would be used to include fast running, closed-form solutions to allow for scenario analysis. SCTC provides a high-speed C^2 modeling software suite for analyzing requirements and operational feasibility of space control systems during the research and development. SCTC is used as a cost assessment tool to test space control systems in a simulated environment before costly hardware development begins. SCTC is also used as an optimization tool to model existing space control systems for optimizing resource usage and improving process performance. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the fiscal year (FY) 2009 Defense Appropriations bill, Army Aviation Weapon Interoperability, RDT&E account for the Army. The entity to receive funding for this project is Torch Technologies located at 4035 Chris Drive SW #C, Huntsville, AL 35802. It is my understanding that the funding would be used to provide resources to 1) transition the interoperability technology to Army's unmanned and manned aviation community, and 2) demonstrate the capability to certify the implementation. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the fiscal year (FY) 2009 Defense Appropriations bill, Air, Space and Missile Defense Architecture Analysis Program (A3P), RDT&E account for the Army. The entity to receive funding for this project is Westar Aerospace & Defense Group located at 890 Explorer Blvd., Huntsville, AL 35806. It is my understanding that the funding would be used to provide the digital modeling and simulation infrastructure for systems to defend high priority assets from attack by missiles (cruise and tactical). I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the fiscal year (FY) 2009 Defense Appropriations bill, Enhanced Military Vehicle Maintenance System Demonstration Project with Anniston Army Depot and Auburn University, RDT&E account for the Army. The entity to receive funding for this project is Frontier Technology Inc. located at 4141 Colonel Glenn Highway, Suite 140, Beavercreek, AL 45431-1662. It is my understanding that the funding would be used to identify difficult-to-detect failure modes that must be serviced while the vehicle is undergoing maintenance. It models vehicle conditions to ensure that the vehicle is restored to an optimum state of operation prior to return to service. It will also enable energy system field testing. Frontier Technology Inc. (FTI) is working with Anniston Army Depot and Auburn University to develop and demonstrate the Enhanced Military Vehicle Maintenance System. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Defense Appropriations bill, Other Procurement-Navy, account for Peckham Industries' Multi Climate Protection System. The entity to receive funding for this project is Peckham Industries, 2822 N. Martin Luther King Blvd., Lansing, MI 48906. The funding would be used to procure approximately 8,000 sets of the Multi Climate Protection System (apparel) for US Navy Aircrews. *I certify that I do not have any financial interest in this project.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Mike Rogers
Member of Congress

Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for $5,000,000 in fiscal year 2009. The entity to receive funding for this project is Cedars-Sinai Medical Center, located at 8700 Beverly Blvd, Los Angeles, CA 90048.

Operation Desert Shield/Storm (ODS) was the first major deployment and test for the Army's new Deployable Medical Systems (DEPMEDS). Although DEPMEDS equipped medical facilities were able to provide outstanding medical care to soldiers deployed during ODS, problems were identified with the current system. First, DEPMEDS equipped hospitals were too heavy and depended on outside transportation to move. The second major lesson learned from ODS was the lack of an agile, deployable, and responsive battlefield surgical system to provide immediate surgical care to rapidly deployed troops.

Cedars-Sinai Medical Center is proposing the establishment of a federal funding partnership with the Department of the Army to demonstrate the improvements of combat surgery through the use of flexible, interoperable, mobile, and efficient operating room procedures and equipment, The Operating Room of the Future.

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Jerry Lewis,

I am requesting funding for the Children's Hospital LA Proteomics Project in Fiscal Year 2009. The entity to receive funding for this project is the Children's Hospital in Los Angeles located at 4650 W. Sunset Blvd., Los Angeles, CA 90027. Funding will be used for a proteomics core and a specialized chemistry laboratory focusing on pharmacogenomics, as well as enhancements in CHLA's information services that tie these components together in order to rapidly identify proteins that malfunction in cancer and other childhood diseases. I certify that neither I nor my spouse has any financial interest in this project.

I am requesting funding for proton beam therapy for cancer treatment. The entity to receive funding for this project is Hampton University, located at 3 Shore Rd., Hampton, VA 23668. The funding will be used for Hampton University's Cancer Treatment Initiative, which will offer active and retired military personnel and their dependents cancer detection and treatment facilities unique to the Hampton Roads area. HUCTI's programmatic and infrastructure components will include improved cancer prevention, detection and diagnostic services, and treatments and cures, for cancers that disproportionately affect minority communities, particularly breast cancer and prostate cancer. Proton therapy is a precise and advanced form of tumor treatment, especially useful for those previously unreachable or not treatable without inducing significant damage to healthy surrounding tissues. Funding will be used for research, equipment, and development of the capability to treat various cancers with proton beam therapy. I certify that I have no financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Bioelectrics Research for Casualty Care and Management. The entity to receive funding for this project is Old Dominion University, located at the Frank Reidy Research Center for Bioelectrics, 830 Southampton Ave, Suite 5100, Norfolk, VA 23510. The funding will allow for better protection to our service men and women, especially in mission critical situations, and in case of injury, an increased chance of improved outcomes by development of a method to enhance wound healing, development of a non-lethal method for control of crowds in geographic areas where troops are deployed,development of pulse delivery methods to more specifically target the treatment area and development of methods and portable devices for decontamination of drinking water. I certify that I have no financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Defense Appropriations bill, for:

Army Missile and Space Technology Initiative
Jim G. Ferguson, Inc.: 4727 Cherokee Trail Dallas, TX 75205

It is my understanding that this funding will support the design, development, manufacturing and flight test of an advanced lighter than air cargo airship system design. This airship bridges the delivery time between aircraft and seaborne shipping with enormous fuel cost savings from current outlays and very little fixed infrastructure to support deployments. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interest of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress or was named after a former Representative in a prior Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Defense Appropriations bill, for:

Army Battery Management Program Utilizing Pulse Technology Project
PulseTech Products Corporation: 1100 South Kimball Ave Southlake, TX 76092

It is my understanding that this funding will support battery maintenance management systems that incorporate pulse technology to increase equipment readiness, reduce hazardous material/environmental waste, reduce overall costs, and reduce the logistics trail. This program has proven to return over 70% of the batteries to service that would have been destined for hazardous material disposal sites. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interest of me or my spouse.*

I am requesting funding for a fuel catalyst retrofit device for the Air National Guard in Fiscal Year 2009. The entity to receive funding for this project is Advanced Power Systems International, located at 339 Main Street, Torrington, Connecticut, 06790. The funding would be used to upgrade approximately 14 thousand ANG vehicles. This upgrade will result in fuel savings as well as a reduction the harmful atmospheric particulate matter produced by vehicle exhaust. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the research and development of a biometric-based identification tracking and analysis system in fiscal year 2009. This system will ensure real-time actionable intelligence can be transmitted to our warfighters, and to the intelligence community, which will help them combat terrorism. The entity to receive funding for this project L-1 Identity Solutions, located at 177 Broad Street, 12th Floor, Stamford, Connecticut, 06901. The funding would be used for the research, development and demonstration of an identity-based data capturing and management system. I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the **Small Caliber Trace Charging Facilitization Program-Army** in fiscal year 2009. This facility program will establish a flexible small caliber trace charging and bullet/cartridge assembly production line adjacent to the medium caliber lines at GD-OTS' Marion, Illinois ammunition production facility. This cost effective approach builds upon the existing manufacturing base and infrastructure at this plant and it capitalizes on the resident talent and expertise at Marion. This capability will be established on a noninterference basis without interrupting current 2nd Source small caliber deliveries. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

RE: Expeditionary Persistent Power

Dear Chairman Obey and Ranking Member Lewis:

I am contacting you in compliance with Clause 9 of Rule XXI and Clause 17 of Rule XXIII of the rules of the House of Representatives for the 110th Congress. In the Fiscal Year (FY) 2009 Defense Appropriations bill, I am requesting funding for Expeditionary Persistent Power. The entity to receive funding is the Department of Defense. The contractor is Mission Critical Solutions, LLC, 271 Industrial Lane, Alum Bank, PA 15521.

It is my understanding that funding for this project would be used to build on the recent success and advancements in ground based power and alternative propulsion systems for USSOCOM as well as advancements in the ultra think solar and small wind driven regeneration systems. To the best of my knowledge, I certify that neither I nor my spouse has any direct or foreseeable financial interest in this project, which I define as "direct personal or pecuniary interest" under Clause 1 of House Rule III.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

RE: Fire Support Technology Improvement Program

Dear Chairman Obey and Ranking Member Lewis:

I am contacting you in compliance with Clause 9 of Rule XXI and Clause 17 of Rule XXIII of the rules of the House of Representatives for the 110th Congress. In the Fiscal Year (FY) 2009 Defense Appropriations bill, I am requesting funding for the First Support Technology Improvement Program. The entity to receive funding is the Department of Defense. The contractor is Szanca Solutions, Inc., 100 East Pitt Street, Suite 300, Bedford, PA 15522.

It is my understanding that funding for this project would be used to leverage and develop advanced artillery battle management technologies and to integrate these advanced technologies into the Army fire support modernization initiatives. To the best of my knowledge, I certify that neither I nor my spouse has any direct or foreseeable financial interest in this project, which I define as "direct personal or pecuniary interest" under Clause 1 of House Rule III.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. RE: Hospital Emergency Planning and Integration (HEPI)

Dear Chairman Obey and Ranking Member Lewis:

I am contacting you in compliance with Clause 9 of Rule XXI and Clause 17 of Rule XXIII of the rules of the House of Representatives for the 110th Congress. In the Fiscal Year (FY) 2009 Defense Appropriations bill, I am requesting funding for Hospital Emergency Planning and Integration (HEPI). The entity to receive funding is the Department of Defense. The contractor is L. Robert Kimball & Associates, located at 615 W. Highland Avenue, P.O. Box 1006, Ebensburg, PA, 15931. The project will be located at the Letterkenny Army Deport and the Chambersburg Hospital in Franklin County, Pennsylvania.

It is my understanding that funding for this project would be used to establish a network of regional communication and collaboration centers, fielded by the Department of Defense (DOD) that will provide technology to emergency responders for day-to-day use and will provide a system for execution of the DOD Homeland Defense mission. The development of enterprise architecture will link existing state and local systems with the DOD and other federal agencies. To the best of my knowledge, I certify that neither I nor my spouse has any direct or foreseeable financial interest in this project, which I define as "direct personal or pecuniary interest" under Clause 1 of House Rule III.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. RE: Rural Health – Center of Excellence for Remote & Medically Under-Served Areas (CERMUSA)

Dear Chairman Obey and Ranking Member Lewis:

I am contacting you in compliance with Clause 9 of Rule XXI and Clause 17 of Rule XXIII of the rules of the House of Representatives for the 110th Congress. In the Fiscal Year (FY) 2009 Defense Appropriations bill, I am requesting funding for Rural Health – Center of Excellence for Remote & Medically Under-Served Areas (CERMUSA). The entity to receive funding is St. Francis University's Center of Excellence for Remote & Medically Under-Served Areas, located at 117 Evergreen Drive, Loretto, PA 15940.

It is my understanding that funding for this project would be used to continue CERMUSA's national test bed for research in telehealth, distance learning, telerehabilitation, and associated technologies. To the best of my knowledge, I certify that neither I nor my spouse has any direct or foreseeable financial interest in this project, which I define as "direct personal or pecuniary interest" under Clause 1 of House Rule III.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Accelerator-Driven Non-Destructive Testing in Fiscal Year 2009. The entity to receive funding for this project is Idaho State University, located at P.O. Box 8130 Pocatello, Idaho 83209. The funding would be used to continue development of penetrating and non-destructive testing (NDT) techniques utilizing new techniques in positron annihilation spectroscopy with accelerator-based gamma-beams, and the use of mono-chromatic x-ray beams that are produced by colliding high-power laser beams with high-energy electron beams. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for 3-D Technology for Advanced Sensor Systems in Fiscal Year 2009. The entity to receive funding for this project is Boise State University, located at 1910 University Drive Boise, ID 83725-1135. The funding would be used to develop three-dimensional (3-D) packaging of electronic systems to decrease system weight and volume, and enhance system performance. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Security for Critical Communication Networks (SCCN) in fiscal year 2009. The entity to receive funding for this project is the Stevens Institute of Technology, Castle Point on the Hudson, Hoboken, New Jersey 07030. Current and future military, intelligence systems and critical civilian infrastructure consist of networks with different architectures and complexity. In addition, the hardware and software that makes up these networks is often a mixture of custom and COTS products with very different levels of security included in their design. To ensure the long term continuity of security, transformational technologies at the physical, software, and network layers must be developed on a sustained basis. The funding for SCCN would be used to help fill these high priority needs through one comprehensive and coherent initiative that establishes the highest levels of cross disciplinary research, technology development, and education. The new initiative builds on well developed research and education which was established through earlier components of the SCCN in systems, enterprises, cyber security, cryptography, financial engineering, software engineering, quantum physics, human factors and wireless network security. I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Ship Repair Facility at the Military Ocean Terminal in Bayonne, New Jersey in fiscal year 2009. The entity to receive funding for this project is the Local Redevelopment Authority of Bayonne, New Jersey, The Peninsula at Bayonne Harbor, 51 Port Terminal Boulevard, Suite 21, Bayonne, New Jersey 07002-5035. The funding would be used to preserve the facility's functionality and ensure its ability to provide vital repairs and the refitting of United States military and government ships. The Phase II project will complete the remaining 540 feet of bulkhead replacement, construct one new access bridge to the facility's functioning deepwater berth; demolish two failing platforms with a total 800 square feet of pile-supported structure extending over water with depths ranging from 10 feet to thirty-five feet, and reconstruct two new platforms that will stabilize the entrance to the dry dock. The planned capital improvements will replace the low-lying steel cantilever bulkheads with a higher and more robust anchored bulkhead capable of withstanding the heavy industrial loading associated with U.S. military ship repair operations. I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Rapid Insertion of Development Technologies (RID-Tech) into Fielded Systems in Hoboken, New Jersey in fiscal year 2009. The entity to receive funding for this project is the Stevens Institute of Technology, Castle Point on the Hudson, Hoboken, New Jersey 07030. The funding would be used for the rapid maturation of systems that enhance lethality, survivability and situational awareness for the soldier from concept to reliable deployment state. The following projects are proposed as part of the FY09 R&D: Intelligent Remote Robotic Weapon Systems; Micro/Nano-Electro-Mechanical Systems (MEMS/NEMS) for Defense Applications; Manufacturing Sciences Modeling & Simulation; and Microchemical Platforms for Nanoenergetic Materials and Critical Defense Chemicals Production. I certify that neither I nor my spouse has any financial interest in this project.

I am requesting funding for the Cancer Initiative in Newark, New Jersey in fiscal year 2009. The entity to receive funding for this project is the University of Medicine and Dentistry of New Jersey (UMDNJ) – Robert Wood Johnson Medical School; The Cancer Institute of New Jersey, 195 Little Albany Street, New Brunswick, New Jersey 08903-2681. The funding would be used to support five initiatives. Our proposed initiatives are *The Dean and Betty Gallo Prostate Cancer Center*, which seeks to eradicate prostate cancer through research, treatment, education and prevention; *the Center for Imaging, Structures and Function*, which will provide state of the art image analysis crucial to the overall applications of cancer research; *a Center for Cancer Bioinformatics*, a joint initiative between CINJ and the Institute for Advanced Studies in Princeton, that combines the power of theoretical biology, computer science, mathematics and physics with cancer research expertise; *the LIFE Center*, which coordinates efforts in the eradication of breast cancer; and our plans to merge and enhance the radiation oncology capabilities at our central New Jersey and Newark campuses. I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Chairman Murtha:

I am requesting funding for Accelerating Fuel Cells Manufacturability and their Application in the Armed Forces in fiscal year 2009. The entities to receive funding for this project are Rochester Institute of Technology and Delphi Corporation. RIT is located at 30 Lomb Memorial Drive, Rochester, NY 14623 and Delphi Corporation is located at 1000 Lexington Ave Rochester, NY 14606-2810. The funding would be used for RIT and Delphi Corporation to continue a cooperative industry/academic fuel cell test, development and demonstration center, and conduct the research required to advance and demonstrate fuel cell manufacturing feasibility and readiness for field testing for a wide range of applications, initially including surface ships, unmanned underwater vehicles, ground vehicles and mobile equipment such as light carts and fork lifts, stationary and mobile power generation, unmanned aerial vehicles and ground support.

Pursuant to clause 17(a)(5) of Rule XXIII of the Rules of the House of Representatives for the 110th Congress, I hereby certify that neither I nor my spouse has any financial interest in such congressional earmark.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY 09 Defense Appropriations Act, Research, Development, Test and Evaluation, Army Account for an Airborne and Ground Wideband Digital Communications and Antenna Testbed. Funding for this project will go to the Communications-Electronic Research, Development and Engineering Center at NAES Lakehurst. It is my understanding that the funding would be used to implement a CERDEC RDT&E test capability for airborne and ground antenna design to develop and prove new concept antennae that operate at higher frequencies offering significantly higher capacities and are less prone to interference and jamming. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY 09 Defense Appropriations Act, Research, Development, Test and Evaluation, Army Account for Project Kryptolite – Force Implementation Phase. Funding for this project will go to MILSPRAY Camouflage Technologies, located at 1985 Swarthmore Ave, Lakewood, NJ 08701. It is my understanding that the funding would be used to forward deploy a stealth coating system using blast mitigation technologies to reduce injuries and deaths resulting from IEDs, EFPs, and blast fragments. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

I am requesting funding in the FY 09 Defense Appropriations Act, Research, Development, Test and Evaluation, Navy Account for Improved Corrosion Protection for Electromagnetic Aircraft Launch System (EMALS) for CVN-21 Class Carriers. Funding for this project will go to McGee Industries Incorporated, located at Nine Crozerville Road, PO Box 2425, Aston, PA 19014. It is my understanding that the funding would be used to develop design-specific corrosion data under simulated catapult conditions needs to be continued in order to permit further design refinement that will: prevent premature component failures; minimize costly fleet maintenance; and enhance operational readiness. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY 09 Defense Appropriation bill, Research, Development, Test and Evaluation, Defense-wide Account for Monmouth University's Rapid Response Institute (RRI). Funding for this project will go to Monmouth University located at 400 Cedar Avenue, West Long Branch, NJ 07764. It is my understanding that the funding would be used to develop and prototype a "Rapid Information Sharing for Consequence Management and Decision Support" data base system that will enable military classified systems to effectively share tactical information in real time in support of catastrophic events without disclosing the classified source of the information. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for JSF F-35B LiftFan Component Manufacturing in fiscal year 2009. The entity to receive funding for this project is Albany Engineered Composites, Inc., located at 1281 N. Main Street, Boerne, TX 78006. The funding will be used to help ensure that the F-35B JSF Lift Fan meets critical weight and cost targets, and as such, ensure success of the F-35B Short Take-off and Vertical Landing when it enters into production. Albany will develop and incorporate critical weight and cost saving design and process improvements, and prepare for transition to high-volume production in 2010-2011. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I am requesting funding for Weapons Skills Trainer in fiscal year 2009. The entity to receive funding for this project is Florida National guard, located at 5629 State Round 16 West, Starke, FL 32091. The funding would be used for purchase of the Weapons Skills Trainer to increase readiness and reduce training costs for the Florida National Guard. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Ground Warfare Acoustical Combat System for fiscal year 2009. The entity to receive funding for this project is GWACS Defense Inc. located at Suite 191, 4500 South 129th Avenue, Tulsa, Oklahoma 74134. The funding will be used to accelerate completion and purchase of a new technology for force protection in Iraq and Afghanistan. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request is not directed to an entity or program that will be named after a sitting Member of Congress; is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

The entity to receive funding for this project is PPG Industries, located at 4829 Fairland Road, Barberton, OH 44203. The funding would be used to leverage the knowledge gained on new materials technologies and rapid field repair technologies to develop next generation materials for aircraft canopies. I certify that neither I nor my spouse has any financial interest in the project.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for non-foam, special polymer, twin hemisphere pad sets for PASGT helmet retrofit kits in fiscal year 2009 (DOD Appropriations). The entity to receive funding for this project is SKYDEX Technologies, Inc. 12503 E. Euclid Drive, Suite 60, Centennial CO 80111. The funding would be used to enhance the safety, comfort and protection of helmets in Navy Individual Protective Equipment pool.

I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey,

I am requesting $5,000,000 for M65 Bismaleimide Carbon Fiber Prepreg.

The entity to receive funding for this project is the Hexcel Corporation, 11711 Dublin Boulevard, Dublin, CA 94568-2832.

The currently qualified BMI system on the F-22 and F-35 is a very low viscosity resin that exhibits a high percentage of resin flow during cure. This high resin flow results in excessive variability in the thickness of the cured structure. To account for this, parts manufacture either adds excess material and machine to final thickness or add shims during the assembly process. In some cases, a structure will be assembled and disassembled three or more times to achieve the desired tolerances. M65 is a controlled flow resin that does not exhibit high resin flow during cure. The controlled flow nature of M65 BMI resin will allow the manufacture of net thickness structures that will not need post manufacture, machining, or shimming. Other benefits of the system include faster processing rates using Advance Fiber Placement (AFP) and suitability for co-curing sandwich structures. The increase in fiber placement will reduce the number of man hours for parts manufacture as well as reduce the cost for new tooling.

I certify that I have no financial interest in this project.

Dear Chairman Obey,

I am requesting $3,496,500 for California State University's Strategic Language Initiative. The California State University is the beneficiary of the funding: Office of the Chancellor 401 Golden Shore Long Beach, CA 90802-4210.

The 5 California State University (CSU) campuses originally comprising the Strategic Language Initiative (SLI) Consortium worked collaboratively between 2005 and 2007 to create an effective model capitalizing on campus language expertise, student heritage language diversity, and local linguistic communities in Arabic, Mandarin, Korean, Persian, and Russian.

The Consortium's success in southern California can be enhanced by developing a similar model in northern California. This request would build the programs within the current Consortium, and add CSU campuses in San Francisco and San Jose. Lessons learned from the current 5 programs will shape the 2 new programs. The legacy of this federal investment will be an instructional model sustained by the CSU system that effectively responds to the national challenge to graduate more professionals with language and cultural knowledge and skills for an increasingly interdependent global world.

I certify that I have no financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Department of Defense Appropriations Bill, Department of the Air Force, Other Procurement. The entity to receive funding for this project is Aeroflex at 10200 West York Road, Wichita, KS 67215-8999. It is my understanding that the funding would be used Life Support Radio Test Sets for the Air National Guard. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

The Honorable David R. Obey
Chairman
Committee on Appropriations
Room H-218, The Capitol
Washington, D.C. 20515

Dear Chairman Obey:

After a series of recent meetings with representatives of public and private organizations and other interested stakeholders, several items of importance to entities or residents in the cities and towns which I represent have been brought to my attention.

As such, at the request of the applicant, its request for funding is being submitted for the Tactical Metal Fabrication System (TacFab) in Fiscal Year 2009. The entity to receive funding for this project is Thermo Fisher Scientific, which is headquartered at 81 Wyman Street, Waltham, MA, 02454.

The funding would be used to assist with the development of a certain mobile foundry that will serve as a companion to the U.S. Army's Rapid Manufacturing System (RMS).

I certify that neither I nor my spouse has any financial interest in this project.

Sincerely,

John F. Tierney
Member of Congress

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Hybrid Bearings in fiscal year 2009. The entity to receive funding for this project is the Air Force Research Laboratory at Wright Patterson Air Force Base in Dayton, OH. The funding being requested will help develop a high speed bearing for aerospace applications that will provide exceptional hot hardness, exceptional fatigue life, exceptional wear resistance, and exceptional fracture toughness. Defense applications would include the JSF main shaft bearing application, as well as other weapons platforms or devices requiring high speed bearings. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I am requesting funding to support the Fibrin Adhesive Stat (FAST) Dressing project in fiscal year 2009. The entity to receive funding for this project is STB Lifesaving Technologies, located at 15601 Crabbs Branch Way, Rockville MD 20855. Current bandages utilized by the military are not effective against arterial and massive venous bleeding. STB's FAST Dressing is the only dressing that is capable of stopping all forms of fatal bleeding. The dressing is composed of freeze-dried fibrinogen and thrombin, the natural clotting agents the body uses to stop bleeding. When these come in contact with blood, they instantly combine to form an extremely strong structure that becomes a glue-like seal over a wound immediately halting a hemorrhage. The dressing is also easy to use, simple to apply and has a shelf life approaching 2 years making it suitable for use in a battle zone. FY08 funding will be used to develop the manufacturing process for the FAST Dressing, and testing of the product necessary for FDA permission to conduct clinical studies. FY09 funding is needed to produce clinical (cGMP) dressings for the final tests required for FDA testing approval and the required pre-clinical efficacy studies. I certify that neither I nor my spouse has any financial interest in this project.

I am requesting funding to support the Antibody-Based Therapeutic Against Smallpox project in fiscal year 2009. The entity to receive funding for this project is BioFactura, located at 9700 Great Seneca Highway, Rockville, MD 20850. BioFactura, in collaboration with the US Army at Ft. Detrick and the University of Maryland at College Park, is developing a Smallpox Biodefense Therapeutic to meet the DoD requirement for treatment of adverse smallpox vaccination events. In FY2009, BioFactura intends to utilize the requested funds to complete pre-clinical studies leading to Investigational New Drug (IND) application with the FDA, a critical milestone. Smallpox is a high priority of the Department of Defense. This drug will treat active smallpox infections, mitigate adverse events due to smallpox vaccination, and protect first responders and the warfighter when subjected to poxvirus exposure. *The intended recipient is BioFactura.* I certify that neither I nor my spouse has any financial interest in this project.

Washington, D.C. 20515

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for research on **Nano-Crystalline Cement for High-Strength Rapid-Curing Concrete with Improved Blast Resistance** in fiscal year 2009. The entity to receive funding for this project is **NanoDynamics**, located at:

NanoDynamics
901 Fuhrmann Boulevard
Buffalo, NY 14203

There is a need within the military for blast resistant materials to protect personnel, equipment and structures. The funding would be used to **develop and test nano-crystalline cement for high-strength, rapid-curing concrete that improves blast resistance for protection of U.S. armed forces.**

I certify that neither I nor my spouse has any financial interest in this project.

Sincerely,

Peter J. Visclosky

Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for Brain, Biology, and Machine Applied Research in fiscal year 2009. The entity to receive funding for this project is the University of Oregon, located at the University of Oregon, 103 Johnson Hall, Eugene, Oregon 97403. The funding would be used for the Brain, Biology and Machine Initiative's applied research phase and will focus primarily on research and development related to neurorehabilitation. In particular, they will investigate neuroplasticity aimed at developing, evaluating and optimizing a new generation of intervention techniques for assisted and prosthetic devices and integration. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; and (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark. Should funding be provided to this entity, I will ask them to certify their intent to comply with all statutory obligations. Should this request be included in the bill, I will place a statement in the *Congressional Record* describing the entity's plan for how the money will be spent and their justification for the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Defense Appropriations Bill for the Planar Solid Oxide Fuel Cell System Demonstration at UTC SimCenter. The entity to receive funding for this project is University of Tennessee at Chattanooga SimCenter, at 701 E. MLK Boulevard, Chattanooga, TN. It is my understanding that the funding will provide for the continuation the Fuel Cell Reliability Study at the University of Tennessee SimCenter to assist the Navy in researching reliable solid-state devices that convert hydrocarbon fuel and air into electricity and useful heat in support of their mission to develop advanced electric propulsion and power concepts for future ships. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Zach Wamp

I am requesting funding for the OH58D Kiowa Warrior Vehicle Health and Usage Management System (VHUMS) Demonstration in the fiscal year 2009 Defense Appropriations bill. The entity to receive funding for this project is the Goodrich Corporation, located at 100 Panton, Road, Vergennes, VT 05491. The funding would be used to provide necessary information and engineering data to proceed with a production decision for the ARH-70A aircraft. I certify that I have no financial interest in this project.

If you have any questions, please contact Claire Benjamin of my staff at 202-226-8242.

Sincerely,

Peter Welch

The entity to receive funding for this project is Northrop Grumman Corporation located at 1000 Wilson Blvd., Suite 2300, Arlington, Virginia 22209. These Navy Procurement funds will be used to sustain ALMDS production within the critical industrial base as we move toward full rate production in 2010.

Dear Chairman Murtha and Ranking Member Young:

I am requesting funding for the Distributed Targeting Processor, RDT&E Navy in fiscal year 2009. The entity to receive funding for this project is Harris Corporation located at 1025 W. NASA Blvd., Melbourne, Florida 32919. This funding is needed to address war fighter gaps in Time Sensitive Targeting and Network Centric Operations needs for the F/A-18 platform. The Navy also has defined a strategy to eliminate these gaps in a time phased, coordinated manner. The strategy can provide dramatically improved mission efficiency and effectiveness in current and future conflicts resulting in reduced overall operating costs to the fleet. The program office established a fielding date of 2012, but the 2009 request would cause this to slip. The added funding would keep this on track.

I certify that neither my spouse nor I have any financial interest in this project. Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Murtha and Ranking Member Young:

I am requesting funding for the Final-E-Curfew (FeC) system purchase within the Procurement Defense-wide, SOF Intelligence Systems account in fiscal year 2009. The entity to receive funding for this project is Soneticom, Inc., located at 1045 John Rodes Blvd., West Melbourne, Florida 32904. This funding will speed deployment, support, enhancement, and continued research of this next-generation geolocation system for the war fighter. The FeC will allow the war fighter to monitor large areas using unmanned sensors. This technology will aid in increasing enemy captures while reducing U.S. casualties.

I certify that neither my spouse nor I have any financial interest in this project. Dear Chairman Murtha and Ranking Member Young:

I am requesting funding for the MP-RTIP on JSTARTS within the Air Force, RDT&E account in fiscal year 2009. The entity to receive funding for this project is Northrop Grumman Inc. located at 1000 Wilson Blvd., Suite 2300, Arlington, VA 22209. This funding request would restore the funding that was requested the Administration in the supplemental which the Congress chose not to fund. This funding will continue the development of the large radar and continue transferring the radar to Joint STARS, which will preserve the program's intellectual capital and meet the required development and fielding schedule. By ensuring this vital capability is developed, tested, and deployed on Joint STARS (E-8), Congress capitalizes on the over a billion dollar investment made in MP-RTIP to protect our forces and to track and engage the enemy on the ground or in the air. Without the MP-RTIP radar, US and coalition forces are exposed; the E-8 equipped with the MP-RTIP will increase the mission effectiveness of our troops.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for UAV Systems and Operations validation Program in fiscal year 2009. The entity to receive funding for this project is New Mexico State University, P.O. Box 30001, Las Cruces, NM 88003. The funding would be used to focus on small to medium UAV issues such as interoperability, sensor interchangeability, electromagnetic spectrum, airspace access, reliability, operator requirements, and operationally relevant missions. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Mr. Chairman and Mr. Lewis:

This is to request funding in the Fiscal Year 2009 Defense Appropriations Bill, Army RDT&E account. The entity that will receive funding under this request is Alaka'i Consulting & Engineering, Inc., located at Young-Rainey STAR Center, 7887 Bryan Dairy Rd, Suite 220, Largo FL 33777. It is my understanding that the funding will be used for Advanced Detection of Explosives (ADE) to improve current counter-IED technology and detect improvised explosives devises (IEDs) at safe standoff distances. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Mr. Chairman and Mr. Lewis:

This is to request $9,000,000 in funding in the Fiscal Year 2009 Defense Appropriations Bill, Air Force Procurement of Aircraft account. The entity that will receive funding under this request is Alliant Techsystems, Inc. (ATK), located at 13133 34th Street North, Clearwater FL 33762. It is my understanding that the funding will be used for RC-26B Modernization which will provide the Air National Guard and Department of Homeland Security with aircraft assets that have advanced ISR and communications capabilities. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Mr. Chairman and Mr. Lewis:

This is to request funding in the Fiscal Year 2009 Defense Appropriations Bill, Defense Threat Reduction Agency RDT&E account. The entity that will receive funding under this request is Constellation Technology Corporation, 7887 Bryan Dairy Road, Suite 100, Largo FL 33777. It is my understanding that the funding will be used for the Continuation of Advanced Materials (Mercuric Iodide) Research for Nuclear Detection, Counter-Proliferation and Imaging for CBRNE Special Operations. This project will enable the development of radiation detection equipment with significantly improved resolution and detection efficiency which provides improved ability to find and identify radiological threats. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

With best wishes and personal regards, I am

Dear Mr. Chairman and Mr. Lewis:

This is to request funding in the Fiscal Year 2009 Defense Appropriations Bill, Defense Threat Reduction Agency RDT&E account. The entity that will receive funding under this request is Constellation Technology Corporation, 7887 Bryan Dairy Road, Suite 100, Largo FL 33777. It is my understanding that the funding will be used for the Continuation of Industry Based Research into Biological Agent Identifiers without Wet Reagents. This project will greatly reduce consumable costs and logistical footprint associated with transport, storage, and use of "wet" reagents in a battlefield environment. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Mr. Chairman and Mr. Lewis:

This is to request funding in the Fiscal Year 2009 Defense Appropriations Bill. The entity that will receive funding under this request is SRI International, 140 7th Avenue South, St. Petersburg FL 33701. It is my understanding that the funding will be used for Comprehensive Maritime Domain Awareness. This initiative will better equip our military to more effectively address the national effort to detect, deter, or prevent terrorist attacks against our ports as well as support a broad group of regional and local law enforcement agencies tasked with responding to maritime threats. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Mr. Chairman and Mr. Lewis:

This is to request funding in the Fiscal Year 2009 Defense Appropriations Bill. The entity that will receive funding under this request is Global Technical Systems, 6901 Bryan Dairy Road, Largo FL 33777. It is my understanding that the funding will be used for X-Band/W-Band Solid State Power Amplifier. This program will design, develop and test a solid state power amplifier at X-Band/W-Band to replace the current Traveling Wave Tubes (TWT), in order to provide a higher mean time before replacement. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

With best wishes and personal regards, I am

Dear Mr. Chairman and Mr. Lewis:

This is to request funding in the Fiscal Year 2009 Defense Appropriations Bill, Army RDT&E account. The entity that will receive funding under this request is University of South Florida, 4202 East Fowler Avenue, Tampa FL 33620. It is my understanding that the funding will be used for Rehabilitation and Assistive Technologies to Enhance Life of Individuals with Disabilities. This focuses on technology development for military veterans and civilian employees requiring prosthetic, orthotic or robotic services. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

With best wishes and personal regards, I am

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Department of Defense Appropriations Bill for Biomass Energy Systems, Inc. The entity to receive funding for this project is located at 100 Overlook Center, 2nd Floor, Princeton, NJ 08540. It is my understanding that the funding would be used for the waste to energy project at Eielson Air Force Base in Alaska. *I certify that neither I nor my spouse has any direct* financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (exception must be justified here); (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

DON YOUNG

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Department of Defense Appropriations Act for the Alaska Wing Civil Air Patrol. The entity to receive funding for this project is located at P.O. Box 6014, Elmendorf AFB, AK 99506. It is my understanding that the funding would be used to purchase Infra-Red Technology for Civil Air Patrol aircraft and to train flight crews in the technology's use. *I certify that neither I nor my spouse has any direct* financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (exception must be justified here); (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.
