

**Fiscal Year 2010**

**Transportation, Housing and Urban Development and Related Agencies**

<b>Name of Project</b>	<b>Project Funding Recipient</b>	<b>Purpose and Amount</b>	<b>Location</b>	<b>Interest to the Taxpayer</b>
Administrative Complex Acquisition/Renovation	Lee County	For the acquisition and renovation of an existing structure for administrative offices. (\$1,400,000)	Tupelo, MS	To allow administrators to more effectively work for the benefit of the community.
Advanced Vehicle Modeling and Validation	Mississippi State University	For the advancement of computational methods and model testing to assist the automotive industry to reduce design cycle times and validate new vehicle designs (\$1,500,000)	Starkville, MS	An improved vehicle design process will result in vehicle cost savings, more fuel efficiency, improved safety and emissions, and lower operating costs.
Airfield Improvements at Jackson-Evers International Airport	Jackson Municipal Airport Authority	For airfield infrastructure improvements involving major rehabilitation and replacements (\$25,000,000)	Jackson, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Airport Parkway	Airport Parkway Commission	For a multi-lane, limited access highway linking Downtown Jackson to the Jackson International Airport (\$21,000,000)	Jackson, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Amtrak Stop	Quitman County	For construction of an Amtrak stop (\$281,000)	Marks, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.

Anchor Lake Interchange and Service Road	Pearl River County	For construction of a new interchange and service road (\$2,000,000)	Pearl River County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Artesia Road Bypass	Lowndes County	Funds will be used to provide access to Alternate Highway 45 for eastbound truck traffic (\$15,179,000)	Lowndes County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Assessment of Critical Transportation Infrastructure Project	Jackson State University	For data collection and analysis to optimize the decision making process for state and federal Departments of Transportation (\$2,800,000)	Jackson, MS	Will provide a better decision making process regarding maintenance and future planning for the nation's transportation infrastructure.
Beach Park Promenade	City of Pascagoula	For the installation of a promenade, lighting, and the necessary supporting pile structure. (\$1,000,000)	Pascagoula, MS	To make better use of land to encourage recreational and community activities.
Beulah Grove Road	Pontotoc County	For extension of Beulah Grove road to connect Pontotoc County Industrial Park to Highway 278 (\$1,200,000)	Pontotoc, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Bolivar County Courthouse	Bolivar County	For the renovation and repair of a historic courthouse. (\$1,000,000)	Bolivar County, MS	To ensure that the courthouse continues to function in serving the community while maintaining its historic value.
Bridge No. 8 on County Road 557	Leflore County	For replacement of a bridge on County Road 557 (\$850,000)	Leflore County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.

Bridge Replacement and Improvements in Hinds County	Hinds County	For rehabilitation of bridges with low sufficiency ratings (\$9,050,000)	Hinds County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Byram-Clinton/Norrell Parkway	Hinds County	For construction of a 15 mile multi-lane arterial roadway between Byram and the Norrell interchange with Interstate 20 (\$5,000,000)	Hinds County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Calhoun County Courthouse	Calhoun County	For renovation and construction. (\$5,450,000)	Pittsboro, MS	To ensure that the courthouse continues to function in serving the community while maintaining its historic value.
Calhoun Station Parkway	Madison County	For construction of roadway beginning at Church Road and extending to Gluckstadt Road (\$3,000,000)	Madison County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Capitol Street Renaissance Project - Property Improvements	City of Jackson	For removal of existing structures for the opening of property to ensure economic development. (\$4,000,000)	Jackson, MS	Better utilization of existing property to promote economic development in an area with a declining tax base.
Capitol Street Renaissance Project - Transportation Improvements	City of Jackson	For improvement of infrastructure and streetscape in downtown Jackson (\$1,150,000)	Jackson, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Chain Park Improvement Project-Phase II	City of Hattiesburg	For renovations and replacement of buildings and equipment for a park in a blighted neighborhood. (\$1,200,000)	Hattiesburg, MS	The elimination of blight and deterioration of property and neighborhood and community facilities.

Choctaw Indian Land Access Road	Leflore County	For rehabilitation of road from Highway 7 to the intersection of County Road 372 (\$3,885,000)	Leflore County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Choctaw Lake-Bluff Lake Route	Winston County	For renovation of Choctaw Lake-Bluff Lake Route (\$3,500,000)	Winston County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
City Center Redevelopment	City of Ridgeland	For the conversion of an existing concrete plant site into a new city complex. (\$500,000)	Ridgeland, MS	Rehabilitation of a currently unusable space into a community center.
City of Crystal Springs Roadway Improvements	City of Crystal Springs	For rehabilitation, milling and overlay of streets (\$3,000,000)	Crystal Springs, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
City of Greenville Street Improvements	City of Greenville	For completion of repairs to 11 streets in the City of Greenville (\$2,000,000)	Greenville, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Civic Capacity Development Initiative	Mississippi State University	For community planning and development. (\$750,000)	Starkville, MS	To ensure economic and community development services for citizens of low and moderate income.
Community Center Construction	Hinds County	For construction of a community center. (\$5,750,000)	Jackson, MS	To ensure more significant participation of citizens in activities that would improve the community.
Connector Roads to I-55 Interchange	City of Ridgeland	To widen roads and support the new Interstate 55 interchange (\$5,000,000)	Ridgeland, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.

Cooper Hall Renovation	Mississippi School of the Arts Foundation	For the renovation and repair of a historic building. (\$1,860,844)	Brookhaven, MS	To ensure that this building continues to function in serving the community while maintaining its historic value.
County Arterial and Collector Improvements	Hinds County	For improvements to roadways in Hinds County (\$22,500,000)	Hinds County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
County Road 306	Calhoun County	For improvements to 7.6 miles of County Road 306 (\$3,900,000)	Calhoun County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
County Road 512	Leflore County	For improvements to County Road 512 to improve the weight limit capacity (\$1,737,000)	Leflore County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Defense Access Road	City of West Point	For improvement of access to Navistar defense facility (\$1,000,000)	West Point, MS	Provides access to facility manufacturing life-saving, mine resistant vehicles being used in Iraq and Afghanistan.
Design of Airfield Repair Drainage Project	Gulfport-Biloxi International Airport	For restoration of airfield storm drainage (\$475,000)	Gulfport, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Development of Multi-Purpose Facility	Pike County	For the construction of a multi-purpose center. (\$1,000,000)	McComb, MS	To ensure more significant participation of citizens in activities that would better the community.

Earl Frye Boulevard	City of Amory	For improvement of Earl Frye Boulevard from US Highway 278 to South Main Street (\$6,000,000)	Amory, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
East Brandon By-Pass	City of Brandon	For connector road from Scenic Route 18 to US Highway 80 (\$25,000,000)	Brandon, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
East Jerusalem Resource Center Redevelopment Project	City of Hattiesburg	For the restoration of a historic building and relocation of various community services. (\$2,400,000)	Hattiesburg, MS	Preservation of a historic building and centralization of community resources.
East Metropolitan Corridor	East Metropolitan Corridor Commission	For a 5 mile corridor that links Interstate 20 with Lakeland Drive (\$5,000,000)	Rankin County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Ellisville Library Community Room Addition	City of Ellisville	For construction and renovation. (\$950,000)	Ellisville, MS	To ensure more significant participation of citizens in activities that would better the community.
Emmett Till Memorial Complex and Trail	Tallahatchie County	For renovation of the Emmett Till Memorial Complex. (\$250,000)	Charleston, MS	Preservation of a historically significant Civil Rights Movement site.
Enochs Hall Renovation	Mississippi School of the Arts Foundation	For renovation and restoration of a historic building. (\$1,544,870)	Brookhaven, MS	To ensure that this building continues to function in serving the community while maintaining its historic value.

Florence-Byram Parkway	Rankin County	For construction of east-west route in southern Rankin County (\$2,000,000)	Rankin County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Forks of the Road African American Heritage Trail	City of Natchez	To construct a trail to serve as a connector between the Natchez Trace and the Natchez Trails Project via Forks of the Road (\$3,200,000)	Natchez, MS	Provides alternative transportation route and recreational opportunities.
Gateway Corridor	University of Mississippi	For construction of corridor to connect Phases I and II of the research park (\$10,000,000)	University, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Glensview Drive	Rankin County	For relocation of Glensview Drive (\$2,000,000)	Rankin County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Gluckstadt Road and Interchange	Madison County	For widening and improving of existing road and construction of a new interchange at Bozeman Road extending east to connect Interstate 55 to Gluckstadt (\$3,000,000)	Madison County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Golden Triangle Regional Airport Runway Extension	Lowndes County	For extension of runway and taxiway (\$7,575,000)	Lowndes County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.

Govan Street	City of Grenada	For collector road to serve new industrial site (\$750,000)	Grenada, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Grandview Drive	City of Laurel	For realignment of curve on Grandview Drive (\$1,100,000)	Laurel, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Great River Railroad	Bolivar County	For rehabilitation of existing railroad to be operational for modern rail cars (\$5,408,000)	Bolivar County, MS	Improved transportation infrastructure will provide expanded shipping capabilities and promote economic development.
Greenville Airport Airfield Improvements	City of Greenville	For airfield infrastructure and runway improvements involving major rehabilitation and replacements (\$4,000,000)	Greenville, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Greenville Downtown Development Project	City of Greenville	For redevelopment of the downtown area. (\$1,000,000)	Greenville, MS	Economic development in an area with a stagnating tax base
Greenville Wellness Project	City of Greenville	For renovations and infrastructure enhancements for a youth wellness project. (\$850,000)	Greenville, MS	Improved children's health leads to fewer health problems in the future, resulting in lower health care cost burdens on the taxpayer
Grenada Municipal Airport Improvements	City of Grenada	For repair and strengthening of runway 4/22 (\$2,600,000)	Grenada, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.

Grenada Street Lighting	City of Grenada	For lighting and improvements to downtown Grenada (\$1,750,000)	Grenada, MS	To help ensure safety through eliminating unsafe conditions.
Harrison County Multimodal	Coast Transit Authority	For construction of two public transportation intermodal facilities (\$11,097,000)	Harrison County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Hattiesburg Longleaf Trace Rails To Trails	City of Hattiesburg	For completion of Hattiesburg segment of 41 mile trail from Prentiss to the downtown Hattiesburg Train Depot (\$2,400,000)	Hattiesburg, MS	Provides alternative transportation route and recreational opportunities.
Hattiesburg Roadway Lighting & Safety Project	City of Hattiesburg	For replacement of roadway lighting structures (\$2,500,000)	Hattiesburg, MS	To help ensure safety through eliminating unsafe conditions.
Highway 27	Town of Monticello	To expand Highway 27 from two lanes to four (\$25,000,000)	Monticello, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Highway 4	Tate County	For renovation of Highway 4 to enable truck traffic (\$25,000,000)	Tate County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Highway 605 Service Drives	Harrison County	For construction of access road from John Ross Road to O'Neal Road (\$2,900,000)	Harrison County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.

Highway 61 Interchange	Coahoma County	For construction of a new overpass (\$2,193,825)	Coahoma County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Hinds County Railroad Improvements	Hinds County	For railroad crossing upgrades (\$3,325,000)	Hinds County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Holly Springs Road	DeSoto County	For repair of 1 mile segment of road over the Coldwater River and tributaries (\$6,000,000)	DeSoto County	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Hoy Road	Madison County	For widening and improvements to roadway beginning at Rice Road and extending east to North Old Canton Road (\$12,000,000)	Madison County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
I-20 South Frontage Road	City of Vicksburg	For construction of a road to connect Interstate 20 South Frontage Road to East Clay Street (\$6,000,000)	Vicksburg, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Interstate 10	Mississippi Department of Transportation	For widening of Interstate 10 from 6 to 8 lanes from County Farm road to the Interstate 110 interchange and widening the remaining section of Interstate 10 to 6 lanes (\$2,000,000)	Harrison County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Interstate 55 Interchange Lighting	City of Senatobia	For the addition of lighting at the south Senatobia Interstate 55 interchange (\$2,000,000)	Senatobia, MS	To help ensure safety through eliminating unsafe conditions.

Iuka Airport Runway Extension	Tishomingo County	For expansion of runway 18-36 from 4000 feet to 5000 feet (\$3,610,000)	Tishomingo County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Jackson Avenue and Highway 6 Intersection	City of Oxford	For reconstruction of the intersection of Jackson Avenue and Highway 6 in Oxford (\$25,000,000)	Oxford, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
JATRAM Fleet Replacement	City of Jackson	Funds will be used to replace aging buses in the fleet (\$1,000,000)	Jackson, MS	Utilization of safer, more fuel-efficient vehicles.
Jefferson County Bridge and Road Improvements	Jefferson County	For replacement of low load limit bridges and rural public roads in Jefferson County (\$25,000,000)	Jefferson County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Jones County Junior College Boulevard	Jones County Junior College	For construction of a boulevard to ease the flow of traffic around campus and the city of Ellisville (\$5,500,000)	Jones County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Jonestown Bypass	Coahoma County	For construction of a 1 mile road around the City of Jonestown connecting to Highway 316 (\$1,374,000)	Coahoma County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Lake Harbour Drive	City of Ridgeland	For preconstruction and right-of-way acquisition (\$5,000,000)	Ridgeland, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.

Lake Harbour Road	Madison County	For widening and improvements of Lake Harbour Road from Highway 51 to Northpark Drive (\$8,000,000)	Madison County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Lake Ridge Estates Overlay	City of Grenada	For repair, leveling and overlay (\$504,190)	Grenada, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Land Acquisition at Gulfport-Biloxi International Airport	Gulfport-Biloxi International Airport	For acquisition of 10.8 acres of land to permit the extension of the Airport's crosswind runway (\$6,000,000)	Gulfport, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Light Rail Feasibility Study	City of Jackson	For a JATRAM light rail feasibility study (\$250,000)	Jackson, MS	Assessment of the feasibility of light rail as an additional transportation option.
Marblestone and West Stiers Street Projects	City of Natchez	For overlay, widening and modernization of streets (\$20,000,000)	Natchez, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Memorial Boulevard	City of Picayune	For widening of 815 foot section of Memorial Boulevard and Highway 43 South (\$5,000,000)	Picayune, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Munsford Drive and Bratton Road Improvements	Union County	For widening and extension of Munsford Drive and improvements to Bratton Road (\$5,200,000)	Union County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.

Neshoba County Road 452	Mississippi Band of Choctaw Indians	For improvements to County Road 452 (\$250,000)	Choctaw, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Neshoba County Road 773	Mississippi Band of Choctaw Indians	For improvements to County Road 773 (\$250,000)	Choctaw, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Noise Abatement Program	Gulfport-Biloxi International Airport	For continuation of noise abatement improvements to residential homes (\$4,750,000)	Gulfport, MS	Improved conditions for community residents.
North Delta Planning & Development District Facility	North Delta Planning & Development District, Inc.	For construction of an economic and community development center. (\$2,000,000)	Batesville, MS	To ensure economic and community development services for citizens of low and moderate income.
North-South Rail Link	Hancock County Port & Harbor Commission	For construction of a north-south rail link between Hancock County and Pearl River County (\$25,000,000)	Hancock County and Pearl River County, MS	Improved transportation infrastructure will provide expanded shipping capabilities and promote economic development.
Oktibbeha County Southern Bypass	Oktibbeha County	For construction of a bypass that connects the Lowndes Artesia Road bypass to Oktibbeha County's Artesia Road, which will serve as the eastern link for the South bypass connecting to Highway 25 and Highway 12 via Poorhouse Road (\$2,000,000)	Oktibbeha County	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Oktoc Road	Oktibbeha County	For leveling and resurfacing of Oktoc Road (\$1,100,000)	Oktibbeha County	Improved transportation infrastructure will promote safer, more efficient travel and economic development.

Old Canton Road	Madison County	For widening and improvements to Old Canton Road from St. Augustine Drive to Hoy Road (\$10,000,000)	Madison County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Old Taylor Road Roundabouts	City of Oxford	For construction of roundabouts on Old Taylor Road (\$500,000)	Oxford, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Old Whitfield Road	City of Pearl	For improvements to Old Whitfield Road (\$2,000,000)	Pearl, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Olive Branch Community/ Cultural Arts Center	City of Olive Branch	For the construction of a Community/ Cultural Arts Center. (\$1,500,000)	Olive Branch, MS	To ensure more significant participation of citizens in activities that would better the community.
Pascagoula Street	City of Pascagoula	For surface and subsurface improvements to Pascagoula Street damaged by Hurricane Katrina (\$1,550,000)	Pascagoula, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Pearl River Community College Road	Pearl River Community College	For construction of a road on the Forrest County campus to improve movement of traffic on campus (\$480,000)	Forrest County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Perimeter Road	Gulfport-Biloxi International Airport	For construction of Perimeter Road (\$6,259,000)	Gulfport, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.

Pike County Bridge Replacements	Pike County	For replacement of 5 bridges in Pike County (\$6,795,000)	Pike County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Pontotoc County Library	Pontotoc County	For the construction of a new library and IT room. (\$5,200,000)	Pontotoc, MS	Improved library services result in a more educated population.
Railroad Improvements and Swan Lake Switching Terminal	Coahoma County	For railroad crossing upgrades and construction of a switch and turn out system (\$3,206,258)	Coahoma County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
RAND Partnership Research Program for Improving Economic and Social Outcomes	Jackson State University	For development of local communities. (\$5,000,000)	Jackson, MS	To ensure economic and community development services for citizens of low and moderate income.
Reconstruction of the Stack Interchange	Mississippi Department of Transportation	For Phase IV reconstruction of the Interstate 55/Highway 49 interchange (\$2,000,000)	Hinds County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Relocation and Improvement of the Choctaw Recycling Center	Mississippi Band of Choctaw Indians	For the construction of a new recycling facility. (\$750,000)	Choctaw, MS	To protect the environment and help eliminate illegal dump sites.
Renovation and Rehabilitation of the City of Jackson's Public Facilities for the Cultural Arts and Science	City of Jackson	For renovation and rehabilitation of the Municipal Art Museum and the Russell Davis Planetarium. (\$1,392,500)	Jackson, MS	Improved public safety and access to public buildings.
Renovation and Restoration of Historic Medgar Evers Farish Street NAACP Office	City of Jackson	For the renovation and restoration of Medgar Evers' Farish Street NAACP office. (\$400,000)	Jackson, MS	Preservation of a historically significant Civil Rights Movement site.

Renovation of Historic City Hall	City of West Point	For the renovation of historic city hall building. (\$1,000,000)	West Point, MS	To ensure that the City Hall continues to function in serving the community while maintaining its historic value.
Renovation of Historic Hawkins Field Terminal Building	Jackson Municipal Airport Authority	For renovation and restoration of a historic building. (\$650,000)	Jackson, MS	Preservation of a historic building to ensure an increase in economic development opportunities.
Reunion Interchange	Madison County	For construction of an interchange connecting Interstate 55 to the proposed east-west Reunion Parkway (\$10,000,000)	Madison County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Reunion Parkway	Madison County	For construction of a roadway beginning at Bozeman Road and extending east to connect US Highway 51 (\$13,200,00)	Madison County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Rising Sun Subdivision	Leflore County	For reconstruction of streets (\$4,415,764)	Leflore County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Rogers Road	Quitman County	For widening and resurfacing of Rogers Road (\$458,000)	Quitman County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Runway Extension and Taxiway Rehabilitation at Hawkins Field	Jackson Municipal Airport Authority	For extension of runway 16/34 from 5385 feet to 6500 feet (\$10,000,000)	Jackson, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Rural Housing Development	Delta Housing Development Corporation	For grants available to families who participate in the construction of homes. The grants help them to buy down the mortgage. (\$500,000)	Indianola, MS	To ensure more opportunities for low-income residents to purchase housing.

State Route 15 from Laurel to Bay Springs	Mississippi Department of Transportation	For expansion of State Route 15 from Laurel to Bay Springs (\$2,000,000)	Jones County and Jasper County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
State Route 15 from Pontotoc County to Falkner	Mississippi Department of Transportation	For expansion of State Route 15 from Pontotoc County to north of Falkner(\$2,000,000)	Pontotoc County, Union County, and Tippah County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
State Route 24/48	Mississippi Department of Transportation	For expansion of Scenic Route 24/48 from east Liberty to Interstate 55 (\$2,000,000)	Amite County and Pike County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
State Route 603 / 43 at Kiln	Mississippi Department of Transportation	For expansion of State Route 603/43 (\$2,000,000)	Hancock County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
State Route 7	Mississippi Department of Transportation	For renovation of State Route 7 (\$2,000,000)	Lafayette County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Statesman Boulevard and Trail	Delta State University	For upgrades to infrastructure of Statesman Boulevard and Trail (\$1,500,000)	Cleveland, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Statewide Interstate Bridge Rehabilitation	Mississippi Department of Transportation	For rehabilitation of Interstate bridges throughout Mississippi (\$2,000,000)	Various locations in MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Taxiway Juliet	Gulfport-Biloxi International Airport	For design and construction of taxiway Juliet (\$7,500,000)	Gulfport, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.

Town of Wesson Road Improvements	Town of Wesson	For rehabilitation of roadways in Wesson (\$923,000)	Wesson, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Transportation improvements in the City of McComb	City of McComb	For street overlays in McComb (\$20,000,000)	McComb, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Tupelo Thoroughfare Northern Loop	City of Tupelo	For construction of a road and bridge to serve as a connector for two major highways (\$3,000,000)	Tupelo, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
University Transportation Center	University of Mississippi	For research on traffic conditions and innovative ways to disseminate traffic information to the traveling public (\$500,000)	University, MS	Promotion of economic development by making it possible for the traveling public to more efficiently plan and complete their travels.
Urban Collector Road	Jackson County	For construction of a road extending along the north side of Interstate 10 between State Route 609 and Highway 15 (\$2,500,000)	Jackson County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
US Highway 45 Bypass	Lowndes County	For a four lane urban expressway (\$25,000,000)	Lowndes County, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
US Highway 49 Frontage Road	City of Mendenhall	For construction of frontage road between MS 13 and US Highway 49 (\$2,000,000)	Mendenhall, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.

Vicksburg Airport Improvements	City of Vicksburg	For construction of 6500 foot runway and extension of existing runway (\$25,000,000)	Vicksburg, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
Walter Anderson Arts Pavilion	Jackson County	For Phase I of construction and renovation. (\$1,300,000)	Ocean Springs, MS	Preservation and promotion of historically significant artists' work.
Waterway Drive	City of Amory	For upgrades to Waterway Drive (\$2,000,000)	Amory, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
West County Line Road	City of Jackson	Funds will be used to extend and widen West County Line Road (\$5,000,000)	Jackson, MS	Improved transportation infrastructure will promote safer, more efficient travel and economic development.
West Lowndes Rail Spurs	Lowndes County	For construction of a 50 car rail spot (\$6,000,000)	Lowndes County, MS	Improved transportation infrastructure will provide expanded shipping capabilities and promote economic development.
Willia Wilson Renovation Project	Greater Powell Chapel C.D.C.	For renovation and preservation of a historic building that serves the community. (\$250,000)	Grenada, MS	Preservation of a historically significant site that supports community service activities.
<b>Originally Requested under Interior, Environment and Related Agencies Appropriations Bill</b>				
Burns-Belfry Community Heritage Center	City of Oxford	For phase II of restoration of the Burns-Belfry Community Heritage Center (\$1,000,000)	Oxford, MS	Provides educational and cultural opportunities for the community
