

Transportation and Infrastructure Committee

High Priority Projects

- **US 290 reconstruction; Eldridge Parkway to west of FM 529**

Organization/Institution: Texas Department of Transportation

125 East 11th Street; Austin, TX 78701

Amount Requested: \$72,000,000

This project is designated for the reconstruction of U.S. 290 between Eldridge Parkway to west of FM 529. This request supports a multi-modal solution that will move over 250,000 vehicles a day along U.S. 290. The project will include safer roadways, toll road options, passenger rail options, and better freight connections. The project will improve air quality in a non-attainment area connecting to the State capital.

- **US 290 reconstruction; east of Telge Road to west of Eldridge Parkway**

Organization/Institution: Texas Department of Transportation

125 East 11th Street; Austin, TX 78701

Amount Requested: \$76,343,520

This project is designated for the reconstruction of U.S. 290 from east of Telge Road to west of Eldridge Parkway. This request supports a multi-modal solution that will move over 250,000 vehicles a day along U.S. 290. The project will include safer roadways, toll road options, passenger rail options, and better freight connections. The project will improve air quality in a non-attainment area connecting to the State capital.

- **US 290 reconstruction; west of FM 529 to east of West Little York**

Organization/Institution: Texas Department of Transportation

125 East 11th Street; Austin, TX 78701

Amount Requested: \$79,539,360

This project is designated for the reconstruction of U.S. 290 from west of FM 529 to east of West Little York. This request supports a multi-modal solution that will move over 250,000 vehicles a day along U.S. 290. The project will include safer roadways, toll road options, passenger rail options, and better freight connections. The project will improve air quality in a non-attainment area connecting to the State capital.

- **US 290 commuter rail**

Organization/Institution: Harris County

1001 Preston, Suite 911; Houston, TX; 77002

Amount Requested: \$40,000,000

This project is for the planning and construction of commuter rail along the U.S. 290 corridor. This request supports a multi-modal solution that will move over 250,000 vehicles a day along U.S. 290. The project will include safer roadways, toll road options, passenger rail options, and better freight connections. The project will improve air quality in a non-attainment area connecting to the State capital.
