**Federal Acquisition Regulation;
Transportation: Standard Industry
Practices**

AGENCIES: Department of Defense (DoD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Proposed rule.

SUMMARY: The Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) are proposing to amend the Federal Acquisition Regulation (FAR) to implement changes to the Interstate Transportation Act, which abolished tariff-filing requirements for motor carriers of freight and the Interstate Commerce Commission. Also, the rule implements changes resulting from the Federal Management Regulation amendments that require use of commercial bills of lading for domestic shipments.

DATES: Interested parties should submit comments in writing on or before March 29, 2004, to be considered in the formulation of a final rule.

ADDRESSES: Submit written comments to—General Services Administration, FAR Secretariat (MVA), 1800 F Street, NW., Room 4035, ATTN: Laurie Duarte, Washington, DC 20405.

Submit electronic comments via the Internet to—farcase.2002-005@gsa.gov.

Please submit comments only and cite FAR case 2002–005 in all correspondence related to this case.

FOR FURTHER INFORMATION CONTACT: The FAR Secretariat at (202) 501–4755 for information pertaining to status or publication schedules. For clarification of content, contact Ms. Jeritta Parnell, Procurement Analyst, at (202) 501–4082. Please cite FAR case 2002–005.

SUPPLEMENTARY INFORMATION:**A. Background**

This proposed rule amends the FAR to implement changes to the Interstate Transportation Act. The Act has been substantially amended in recent years, most notably by the Trucking Industry Reform Act of 1994, which abolished tariff-filing requirements for motor

carriers of freight, and by the Interstate Commerce Commission (ICC) Termination Act of 1995 (Pub. L. 014–88), which abolished the ICC. Also, the rule implements changes resulting from the Federal Management Regulation amendments that require use of commercial bills of lading for domestic shipments. This rule proposes to—

- Move FAR Subpart 42.14, Traffic and Transportation Management, to FAR Part 47, Transportation;
- Delete the clauses at FAR 52.242–10 and FAR 52.242–11, and revise and relocate FAR clause 52.242–12 to FAR 52.247–68;
- Add definitions of “Bill of lading,” “Commercial bill of lading,” and “Government bill of lading” and clarify the usage of each term throughout FAR Part 47;
- Add definitions of “Government rate tenders,” “Household goods,” “Noncontiguous domestic trade,” and “Release/declared value”
- Require the use of commercial bills of lading for domestic shipments;
- Revise the references to “49 U.S.C. 10721” to read “49 U.S.C. 10721 and 13712” throughout FAR Part 47 to make it clear that government rate tenders can be used in certain situations for the transportation of household goods by rail carrier (authorized by 49 U.S.C. 10721), as well as by motor carriers, water carrier, and freight forwarder (authorized by 49 U.S.C. 13712 and the definition of “carrier” at 49 U.S.C. 12102);
- Update the fact that the Federal Motor Carrier Safety Administration prescribes commercial zones at 49 CFR part 372, subpart B; and
- Make other conforming and editorial changes to FAR Part 47 and related clauses.

This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

B. Regulatory Flexibility Act

The Councils do not expect this proposed rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the rule only clarifies and updates the coverage to reflect the latest changes of the referenced Federal Management Regulation and statutes. An Initial Regulatory Flexibility Analysis has, therefore, not been performed. We invite comments from small businesses and other interested parties. The Councils

will consider comments from small entities concerning the affected FAR Parts 42, 47, 52, and 53 in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 601, *et seq.* (FAR case 2002–005), in correspondence.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the proposed changes to the FAR do not impose information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

List of Subjects in 48 CFR Parts 42, 47, 52, and 53

Government procurement.

Dated: January 20, 2004.

Laura Auletta,

Director, Acquisition Policy Division.

Therefore, DoD, GSA, and NASA propose amending 48 CFR parts 42, 47, 52, and 53 as set forth below:

1. The authority citation for 48 CFR parts 42, 47, 52, and 53 is revised to read as follows:

Authority: 40 U.S.C. 121(c); 10 U.S.C. chapter 137; and 42 U.S.C. 2473(c).

**PART 42—CONTRACT
ADMINISTRATION AND AUDIT
SERVICES****Subpart 42.14—[Reserved]**

2. Remove and reserve Subpart 42.14.

PART 47—TRANSPORTATION

3. Amend section 47.000 by revising paragraph (a)(2) to read as follows:

47.000 Scope of subpart.

(a) * * *

(2) Acquiring transportation or transportation-related services by contract methods other than bills of lading, transportation requests, transportation warrants, and similar transportation forms. Transportation and transportation services can be obtained by acquisition subject to the FAR or by acquisition under 49 U.S.C. 10721 or 49 U.S.C. 13712. Even though the FAR does not regulate the acquisition of transportation or transportation-related services when the bill of lading is the contract, this contract method is widely used and, therefore, relevant guidance on the use of the bill of lading is provided in this part (see 47.104).

* * * * *

4. Amend section 47.001 by adding, in alphabetical order, the definitions

“Bill of lading”, “Government rate tender”, “Household goods”, “Noncontiguous domestic trade”, and “Release/declared value” to read as follows:

47.001 Definitions.

* * * * *

Bill of lading, means a transportation document, used as a receipt of goods, as documentary evidence of title, for clearing customs, and generally used as a contract of carriage.

(1) *Commercial bill of lading (CBL)*, unlike the GBL, the CBL is not an accountable transportation document.

(2) *Government bill of lading (GBL)* is an accountable transportation document, authorized and prepared by a Government official.

* * * * *

Government rate tender under 49 U.S.C. 10721 and 13712 means an offer by a common carrier to the United States at a rate below the regulated rate offered to the general public.

Household goods in accordance with 49 U.S.C. 13102 means personal effects and property used or to be used in a dwelling, when a part of the equipment or supply of such dwelling, and similar property if the transportation of such effects or property is arranged and paid for by—

(1) The householder, except such term does not include property moving from a factory or store, other than property that the householder has purchased with the intent to use in his or her dwelling and is transported at the request of, and the transportation charges are paid to the carrier by, the householder; or

(2) Another party.

Noncontiguous domestic trade means transportation (except with regard to bulk cargo, forest products, recycled metal scrap, waste paper, and paper waste) subject to regulation by the Surface Transportation Board involving traffic originating in or destined to Alaska, Hawaii, or a territory or possession of the United States (see 49 U.S.C. 13102(15)).

Release/declared value means the assigned value of the cargo for reimbursement purposes, not necessarily the actual value of the cargo. Released value may be more or less than the actual value of the cargo. The released value is the maximum amount that could be recovered by the agency in the event of loss or damage for the shipments of freight and household goods.

5. Revise section 47.002 to read as follows:

47.002 Applicability.

All Government personnel concerned with the following activities shall follow the regulations in part 47 as applicable:

(a) Acquisition of supplies.

(b) Acquisition of transportation and transportation-related services.

(c) Transportation assistance and traffic management.

(d) Administration of transportation contracts, transportation-related services, and other contracts that involve transportation.

(e) The making and administration of contracts under which payments are made from Government funds for—

(1) The transportation of supplies;

(2) Transportation-related services; or

(3) Transportation of contractor

personnel and their personal belongings.

6. Amend section 47.101 by—

a. Redesignating paragraphs (a), (b), (c), (d), and (e) as (c), (d), (e), (f), and (g), respectively; and adding new paragraphs (a), (b), and (h); and

b. Amending newly designated paragraph (d)(2) introductory text by removing “subparagraph (b)(1) above” and adding “paragraph (d)(1) of this section” in its place. The added text reads as follows:

47.101 Policies.

(a) For domestic shipments, the contracting officer shall authorize shipments on commercial bills of lading (CBL’s). Government bills of lading (GBL’s) may be used for international or noncontiguous domestic trade shipments or when otherwise authorized.

(b) The contract administration office (CAO) shall ensure that instructions to contractors result in the most efficient and economical use of transportation services and equipment. Transportation personnel will assist and provide transportation management expertise to the CAO. Specific responsibilities and details on transportation management are located in the Federal Management Regulation at 41 CFR parts 102–117 and 102–118. (For the Department of Defense, DoD 4500.9–R, Defense Transportation Regulation.)

* * * * *

(h) When a contract specifies delivery of supplies f.o.b. origin with transportation costs to be paid by the Government, the contractor shall make shipments on bills of lading, or on other shipping documents prescribed by Military Traffic Management Command in the case of seavan containers, either at the direction of or furnished by the CAO or the appropriate agency transportation office.

7. Revise section 47.103 and add sections 47.103–1 and 47.103–2 to read as follows:

47.103 Transportation Payment and Audit Regulation.

47.103–1 General.

(a)(1) Regulations and procedures governing the bill of lading, documentation, payment, and audit of transportation services acquired by the United States Government are prescribed in 41 CFR part 102–118, Transportation Payment and Audit.

(2) For DoD shipments, corresponding guidance is in DoD 4500.9–R, Defense Transportation Regulation, Part II.

(b) Under 31 U.S.C. 3726, all agencies are required to establish a prepayment audit program. For details on the establishment of a prepayment audit, see 41 CFR part 102–118.

47.103–2 Contract clause.

Complete and insert the clause at 52.247–67, Submission of Transportation Documents for Audit, in solicitations and contracts when a cost-reimbursement contract is contemplated and the contract or a first-tier cost-reimbursement subcontract thereunder will authorize reimbursement of transportation as a direct charge to the contract or subcontract.

8. Revise sections 47.104 through 47.104–5 to read as follows:

47.104 Government rate tenders under sections 10721 and 13712 of the Interstate Commerce Act (49 U.S.C. 10721 and 13712).

(a) This subpart explains statutory authority for common carriers subject to the jurisdiction of the Surface Transportation Board (motor carrier, water carrier, freight forwarder, rail carrier) to offer to transport persons or property for the account of the United States without charge or at “a rate reduced from the applicable commercial rate”. Reduced rates are offered in a Government rate tender. Additional information for civilian agencies is available in the Federal Management Regulation (41 CFR chapter 102) and for DoD in the Defense Transportation Regulation (DoD 4500.9–R).

(b) Reduced rates offered in a Government rate tender are authorized for transportation provided by a rail carrier, for the movement of household goods, and for movement by or with a water carrier in noncontiguous domestic trade.

(1) For Government rate tenders submitted by a rail carrier, “a rate reduced from the applicable commercial rate” is a rate reduced from a rate regulated by the Surface Transportation Board.

(2) For Government rate tenders submitted for the movement of household goods, "a rate reduced from the applicable commercial rate" is a rate reduced from a rate contained in a published tariff subject to regulation by the Surface Transportation Board.

(3) For Government rate tenders submitted for movement by or with a water carrier in noncontiguous domestic trade, "a rate reduced from the applicable commercial rate" is a rate reduced from a rate contained in a published tariff required to be filed with the Surface Transportation Board.

47.104-1 Government rate tender procedures.

(a) 49 U.S.C. 10721 and 13712 rates are published in Government rate tenders and apply to shipments moving for the account of the Government on—

(1) Commercial bills of lading endorsed to show that total transportation charges are assignable to, and will be reimbursed by, the Government (see the clause at 52.247-1, Commercial Bill of Lading Notations); and

(2) Government bills of lading.

(b) Agencies may negotiate with carriers for additional or revised 49 U.S.C. 10721 and 13712 rates in appropriate situations. Only personnel authorized in agency procedures may carry out these negotiations. The following are examples of situations in which negotiations for additional or revised 49 U.S.C. 10721 and 13712 rates may be appropriate:

(1) Volume movements are expected.

(2) Shipments will be made on a recurring basis between designated places, and substantial savings in transportation costs appear possible even though a volume movement is not involved.

(3) Transit arrangements are feasible and advantageous to the Government.

47.104-2 Fixed-price contracts.

(a) *F.o.b. destination.* 49 U.S.C. 10721 and 13712 rates do not apply to shipments under fixed-price f.o.b. destination contracts (delivered price).

(b) *F.o.b. origin.* If it is advantageous to the Government, the contracting officer may occasionally require the contractor to prepay the freight charges to a specific destination. In such cases, the contractor shall use a commercial bill of lading and be reimbursed for the direct and actual transportation cost as a separate item in the invoice. The clause at 52.247-1, Commercial Bill of Lading Notations, will ensure that the Government in this type of arrangement obtains the benefit of 49 U.S.C. 10721 and 13712 rates.

47.104-3 Cost-reimbursement contracts.

(a) 49 U.S.C. 10721 and 13712 rates may be applied to shipments other than those made by the Government if the total benefit accrues to the Government, *i.e.*, the Government shall pay the charges or directly and completely reimburse the party that initially bears the freight charges. Therefore, 49 U.S.C. 10721 and 13712 rates may be used for shipments moving on commercial bills of lading in cost reimbursement contracts under which the transportation costs are direct and allowable costs under the cost principles of Part 31.

(b) 49 U.S.C. 10721 and 13712 rates may be applied to the movement of household goods and personal effects of contractor employees who are relocated for the convenience and at the direction of the Government and whose total transportation costs are reimbursed by the Government.

(c) The clause at 52.247-1, Commercial Bill of Lading Notations, will ensure that the Government receives the benefit of lower 49 U.S.C. 10721 and 13712 rates in cost-reimbursement contracts as described in paragraphs (a) and (b) of this subsection.

(d) Contracting officers shall—

(1) Include in contracts a statement requiring the contractor to use carriers that offer acceptable service at reduced rates if available; and

(2) Ensure that contractors receive the name and location of the transportation officer designated to furnish support and guidance when using Government rate tenders.

(e) The transportation office shall—

(1) Advise and assist contracting officers and contractors; and

(2) Make available to contractors the names of carriers that provide service under 49 U.S.C. 10721 and 13712 rates, cite applicable rate tenders, and advise contractors of the statement that must be shown on the carrier's commercial bill of lading (see the clause at 52.247-1, Commercial Bill of Lading Notations).

47.104-4 Contract clauses.

(a) In order to ensure the application of 49 U.S.C. 10721 and 13712 rates, where authorized (see 47.104(b)), insert the clause at 52.247-1, Commercial Bill of Lading Notations, in solicitations and contracts when the contracts will be—

(1) Cost-reimbursement contracts, including those that may involve the movement of household goods (see 47.104-3(b)); or

(2) Fixed-price f.o.b. origin contracts (other than contracts at or below the simplified acquisition threshold) (see 47.104-2(b) and 47.104-3).

(b) The contracting officer may insert the clause at 52.247-1, Commercial Bill of Lading Notations, in solicitations and contracts made at or below the simplified acquisition threshold when it is contemplated that the delivery terms will be f.o.b. origin.

47.104-5 Citation of Government rate tenders.

When 49 U.S.C. 10721 and 13712 rates apply, transportation offices or contractors, as appropriate, shall identify the applicable Government rate tender by endorsement on bills of lading.

47.105 [Amended]

9. Amend section 47.105 in the last sentence of paragraph (b) by removing the words "appropriate area headquarters of the".

10. Amend section 47.200 by revising paragraphs (b)(3), (d), and (e) to read as follows:

47.200 Scope of subpart.

* * * * *

(b) * * *

(3) Household goods for which rates are negotiated under 49 U.S.C. 1072 and 13712; or

* * * * *

(d) The procedures in this subpart are applicable to the transportation of household goods of persons being relocated at Government expense except when acquired—

(1) Under the commuted rate schedules as required in the Federal Travel Regulation (41 CFR chapter 302);

(2) By DoD under DoD 4500.9-R, Defense Transportation Regulation; or

(3) Under 49 U.S.C. 10721 and 13712 rates.

(e) Additional guidance for DoD acquisition of freight and passenger transportation is in the Defense Transportation Regulation.

47.201 [Amended]

11. Amend section 47.201 by removing the definition "Household goods".

47.203 [Reserved]

12. Remove and reserve section 47.203.

13. Amend section 47.207-9 by revising the last sentence of paragraph (a) to read as follows:

47.207-9 Annotation and distribution of shipping and billing documents.

(a) * * * See 41 CFR part 102-118, Transportation Payment and Audit.

* * * * *

14. Add sections 47.207-10 and 47.207-11 to read as follows:

47.207-10 Discrepancies incident to shipments.

Discrepancies incident to shipment include overage, shortage, loss, damage, and other discrepancies between the quantity and/or condition of supplies received from commercial carrier and the quantity and/or condition of these supplies as shown on the covering bill of lading or other transportation document. Regulations and procedures for reporting and adjusting discrepancies in Government shipments are in 41 CFR parts 102-117 and 102-118. (For the Department of Defense (DoD), see DoD 4500.9-R, Defense Transportation Regulation, Part II, Chapter 210.)

47.207-11 Volume movements within the continental United States.

(a) For purposes of contract administration, a volume movement is—

(1) In DoD, the aggregate of freight shipments amounting to or exceeding 25 carloads, 25 truckloads, or 500,000 pounds, to move during the contract period from one origin point for delivery to one destination point or area; and

(2) In civilian agencies, 50 short tons (100,000 pounds) in the aggregate to move during the contract period from one origin point for delivery to one destination point or area.

(b) Transportation personnel assigned to or supporting the CAO, or appropriate agency personnel, shall report planned and actual volume movements in accordance with agency regulations. DoD activities report to the Military Traffic Management Command (MTMC) under DoD 4500.9-R, Defense Transportation Regulation. Civilian agencies report to the local office of GSA's Office of Transportation (*see* <http://www.fss.gsa.gov> (click on Related Links, FSS contracts)).

15. Add sections 47.208, 47.208-1 and 47.208-2 to read as follows:

47.208 Report of shipment (REPSHIP).**47.208-1 Advance notice.**

Military (and as required, civilian agency) storage and distribution points, depots, and other receiving activities require advance notice of shipments en route from contractors' plants. Generally, this notification is required only for classified material; sensitive, controlled, and certain other protected material; explosives, and some other hazardous materials; selected shipments requiring movement control; or minimum carload or truckload shipments. It facilitates arrangements for transportation control, labor, space, and use of materials handling

equipment at destination. Also, timely receipt of notices by the consignee transportation office precludes the incurring of demurrage and vehicle detention charges.

47.208-2 Contract clause.

The contracting officer shall insert the clause at 52.247-68, Report of Shipment (REPSHIP), in solicitations and contracts when advance notice of shipment is required for safety or security reasons, or where carload or truckload shipments will be made to DoD installations or, as required, to civilian agency facilities.

16. Amend section 47.303-1 by revising paragraphs (a)(4) and (b)(5)(v) to read as follows:

47.303-1 F.o.b. origin.

(a) * * *

19. Amend section 47.303-5 by revising paragraph (a)(1)(iv); and in paragraph (c) by removing "The contracting officer shall insert" and adding "Insert" in its place. The revised text reads as follows:
