

TOTAL QUANTITIES AND UNIT
PROCUREMENT COST TABLES
1974 - 1995

April 13, 1994

The Total Quantities and Unit Procurement Cost tables provide information on the numbers and costs of all major U.S. weapons funded from 1974 through 1994 and requested for 1995. The primary source for this information is the Department of Defense procurement document commonly referred to as the "P-1". Costs include prior year advance procurement budget authority but exclude current year advance procurement, initial spares, and/or outfitting and post delivery costs--that is, the "top-line" P-1 data are used. Costs are presented in current and constant 1995 dollars--pages numbered with the prefix "A-" are in current dollars and those with the prefix "B-" are in constant 1995 dollars.

The tables are organized as follows:
