

# CITY OF NORTH VERNON

HAROLD "SOUP" CAMPBELL, MAYOR

February 26, 2009

United States Senator Richard G. Lugar

306 Hart Senate Office Building

Washington, D. C. 20510-1401

Dear Senator Lugar:

On behalf of the City of North Vernon, Indiana, I am writing to express my full support of the funding request for upgrades to our water distribution system.

Our distribution system is unable to meet the current and future water use requirements of our City. This project is extremely important to our community so that we can provide adequate fire protection as well as clean and safe drinking water to our residents. In addition to addressing the health and safe issues of our community, the long-term opportunities of the project are critical to boost our economic development.

We have appreciated your support of our community in the past and ask for your continued assistance. It is a crucial stepping stone in moving this project forward. Please contact me if you desire additional information or clarification regarding this issue.

Thank you for your consideration.

Sincerely,

Harold N. Campbell

Mayor

Railroad Festival Second Weekend in June
