- A. **Revolving Open-End Lines Secured by 1 - 4 Family Residential Properties.** Report the unused portions of commitments to extend credit under revolving, open-end lines of credit secured by 1 to 4 family residential properties. These lines, commonly known as home equity lines, are typically secured by a junior lien and are usually accessible by check or credit card.
- B. **Credit Card Lines.** Report the unused portions of all commitments to extend credit both to individuals for household, family, and other personal expenditures and to commercial or industrial enterprises through credit cards. Credit unions may report unused credit card lines as of the end of their customers' last monthly billing cycle prior to the report date or as of the report date.
- C. **Outstanding Letters of Credit.** Report the amount unused as of the report date of all financial standby letters of credit (and all legally binding commitments to issue financial standby letters of credit) issued by your credit union. For this item, "construction" includes not only construction of new structures, but also additions or alterations to the existing structures and the demolition of existing structures to make way for new structures. Also include in this item loan proceeds your credit union is obligated to advance as construction progress payments. Do not include general lines of credit that a borrower, at its option, may draw down to finance construction and land development (report in item 1.F.).
- E. **Unsecured Share Draft Lines of Credit.** Report the amount of unused credit available that can be accessed through use of a personal check.
- F. **Other Unused Commitments.** Report the unused portions of all other commitments not reported in lines 1.A. - 1.E.
