

Congress of the United States
Washington, DC 20515

March 29, 2007

The President
The White House
Washington, DC 20006

Dear Mr. President,

We are greatly concerned about the extraneous and excessive non-security related funds contained within the Global War on Terror supplemental spending bill currently under consideration in the Congress. If you choose to veto this measure over this spending, we will vote to sustain your veto.
