

**INFORMATION:
THE FOUNDATION
OF PUBLIC HEALTH**

Whether you need - -

- Data on a recent E. coli outbreak, or
- Evidence on the effectiveness of bicycle helmet promotion in your community - -

You need access to information.

Today, that means you need a computer and a connection to the Internet.

It also means you need to quickly identify quality information from the staggering amount of information available on the Internet.

Need help?

Check out the Partners in Information Access for Public Health Professionals at:

<http://phpartners.org/>

Partners:

American Public Health Association
