(1) Total U.S. (NET) reflects non-duplicated parties. These totals are not revised when Statistics Canada revises total visitor estimates.

(2) Total U.S. (SUM) and regional totals sum the visits across U.S. regions and states. Thus, the sum totals include possible double-counting of travelers who visit more than one state. State details may not sum to totals due to rounding.

(3) Based on industry recommendation, OTTI policy is to suppress state data for which sample size is fewer than 100.

Note: Totals for Canada may differ across tables due to differences in response rates for questions.

\* Cells containing an asterisk represent visitor volume estimates of fewer than 500.
