AUG 23 2006

MEMORANDUM FOR TECHNICAL DIRECTOR, AUDIT FOLLOW-UP, AND GAO
AFFAIRS, OFFICE OF THE INSPECTOR GENERAL,
DEPARTMENT OF DEFENSE

THROUGH: DIRECTOR, ACQUISITION RESOURCES AND ANALYSIS

RJA 24 Aug 06

SUBJECT: Follow-up on OIG Report D-2004-057, "Contracts Awarded for the
Coalition Provisional Authority by Defense Contracting Command-
Washington," dated March 18, 2004

This is in response to your July 27, 2006, memorandum requesting the status of
actions taken on subject report. The following is provided as an update.

Information Requested:

A report to provide updated information on the status, and if complete, the results of the
Director, Defense Procurement and Acquisition Policy-led study. Also provide the status of
actions being taken to improve acquisition support that resulted from the study.

DoD Update: The study is not complete, but actions are ongoing. The study team,
comprised of representatives from the MILDEPS, DLA, DCMA, the Joint Staff, DAU, and
DPAP, is also working on developing joint contingency contracting policy and doctrine. In
addition, they are conducting a study of DoD contract administration services capability for
theater support contracts. The estimated completion date of the on-going actions is Fall
2006.

The JCCP Team met August 7-9, 2006. The team is currently collecting data to determine
the "as-is" state of contingency contracting. After analysis of the "as-is" state, a "to-be" state
concept will be developed along with identifying critical gaps not covered by the "as-is" or
"to-be." The plan is to complete an interim report by October 2006. The interim report will
include steps to develop and implement joint contingency contracting policy by August
2007.

Any questions or concerns may be referred to Craig Curtis at (703) 614-6719 or
craig.curtis@osd.mil.
