

PETTING ZOOS	A traveling Petting Zoo which exhibits regulated animals must meet the applicable regulations and standards.
Conducting the Inspection	<p>When inspecting a traveling petting zoo, make sure that the petting zoo meets all the applicable regulations, standards and policies. (See Section 8.9 - <i>Specific Types of Inspections - Petting Zoo Inspection</i>)</p> <p>For a traveling petting zoo, some additional areas to pay special attention to include, but are not limited to:</p> <ul style="list-style-type: none">• health and well-being of the animals• public barriers when appropriate• enclosure fencing to protect the animals• presence of a perimeter fence if required• safe exhibition of young animals, such as lions, tigers, bears, rabbits or goats• rest areas to allow animals to get away from the public• food used for public feeding, if applicable• protective measures for climatic conditions• shelter and shade for the environmental conditions• availability of drinking water• contingency plan for providing veterinary care if an animal becomes sick or is injured on the road• enclosures and vehicles used to transport the animals• security measures in place if animals left overnight• measures to prevent disease transmission to the public. <p>Note: See CDC recommendations on page 17.12.3.</p> <p>REMEMBER the following housing restrictions:</p> <ul style="list-style-type: none">• hamsters may not be housed in outdoor facilities• guinea pigs may not be housed in outdoor facilities, UNLESS prior approval has been obtained from the Regional Director• rabbits may not be housed in the same primary enclosure with any other species. <p>NOTE: If you have questions or are unsure about a situation, use your professional judgment, call your SACS and/or see the</p>

Inspection Report	<p>appropriate Section of this Guide.</p> <p>On-the-Road Inspection When completing the inspection report in LARIS, be sure to enter the inspection in the “TRA” site if the exhibitor is on-the-road, NOT at the home site.</p> <p>If there is not a “TRA” site in LARIS, complete the inspection using the word-processing inspection report. Then follow the procedure on page 7.1.2.</p> <p>On the inspection report in the narrative section, put:</p> <ul style="list-style-type: none">• the location, i.e., city and State, of the inspection• the name of the circus, unit or group if the exhibitor is part of a circus or traveling group
Follow-Up	<p>If noncompliances are identified and a follow-up inspection is required, be sure to:</p> <ul style="list-style-type: none">• obtain an itinerary from the exhibitor• discuss with your SACS who will contact the next inspector
