Session 1, July 26

Dr. Arturo Ornelas will present esteemed curanderos from Mexico to share the earth-honoring cultural traditions of medicine men and women from across Mexico. Latranca, from Cuernavaca, Mexico, will also discuss our relationship with plants and the indigenous uses of herbs.

Session 2, August 16

Author and UNM Professor Eliseo "Cheo" Torrez will present a brief historical description of curanderismo and its roots. The ritual and impact on patients will be discussed as well as the popular medicinal plants. Samples of plants will be displayed and demonstrated.

Make sure to RSVP today by contacting Colleen Langan as space is limited.
