

## § 121.303

## 13 CFR Ch. I (1–1–05 Edition)

of approval of the loan by the Preferred Lender.

(c) For disaster loan assistance (other than physical disaster loans), size status is determined as of the date the disaster commenced, as set forth in the Disaster Declaration. For pre-disaster mitigation loans, size status is determined as of the date SBA accepts the application for processing. For economic injury disaster loan assistance under disaster declarations for the September 11, 2001 terrorist attacks or under subpart G of part 123 of this chapter, size status is determined as of the date SBA accepts the application for processing, and for applications submitted before March 15, 2002, whether denied because of size status or pending, such applications shall be deemed resubmitted on March 15, 2002. For pre-disaster mitigation loans, size status is determined as of the date SBA accepts a complete Pre-Disaster Mitigation Small Business Loan Application for processing. Refer to §123.408 of this chapter to find out what SBA considers to be a complete Pre-Disaster Mitigation Small Business Loan Application.

(d) For financial assistance from an SBIC licensee or an NMVC company, size is determined as of the date a concern's application is accepted for processing by the SBIC or the NMVC company.

(e) Changes in size after the applicable date when size is determined will not disqualify an applicant for assistance.

### **§ 121.303 What size procedures are used by SBA before it makes a formal size determination?**

(a) A concern that submits an application for financial assistance is deemed to have certified that it is small under the applicable size standard. SBA may question the concern's status based on information supplied in the application or from any other source.

(b) A small business investment company, a development company, a surety bond company, or a preferred lender

may accept as true the size information provided by an applicant, unless credible evidence to the contrary is apparent.

(c) Size is initially considered by the individual with final financial assistance authority. This is not a formal size determination. A formal determination may be requested prior to a denial of eligibility based on size.

(d) An applicant may request a formal size determination when assistance has been denied for size ineligibility. Except for disaster loan eligibility, a request for a formal size determination must be made to the Government Contracting Area Director serving the area in which the headquarters of the applicant is located, regardless of the location of the parent company or affiliates. For disaster loan assistance, the request for a size determination must be made to the Area Director for the Disaster Area Office which denied the assistance.

(e) There are no time limitations for making a formal size determination for purposes of financial assistance. The official making the formal size determination must provide a copy of the determination to the applicant, to the requesting SBA official, and to other interested SBA program officials.

### **§ 121.304 What are the size requirements for refinancing an existing SBA loan?**

(a) A concern that applies to refinance an existing SBA loan or guarantee will be considered small for the refinancing even though its size has increased since the date of the original financing to exceed its applicable size standard, provided that:

(1) The increase in size is due to natural growth (as distinguished from merger, acquisition or similar management action); and

(2) SBA determines that refinancing is necessary to protect the Government's financial interest.

(b) If a concern's size has increased other than by natural growth, the concern and its affiliates must be small at the time the application for refinancing is accepted for processing by SBA.
