Introduction

This directory is a combined listing of the occupational training and apprenticeship programs offered to inmates in the Federal Bureau of Prisons (BOP). These programs are listed alphabetically by institution within each of the six regions. Inmates interested in furthering their education and enhancing their employability skills may enroll. Some courses and programs may require inmates to meet specific prerequisites before they enroll in the class. This directory is updated annually.

Occupational training includes exploratory, marketable skill, and apprenticeship level courses. Exploratory courses require an approved, structured curriculum and provide inmates with an introduction to a “cluster” of related occupations. Marketable courses provide employment skills at the entry level for a specific occupational title or cluster of titles. Apprenticeship training prepares the inmate for the achievement of a journeyman’s certificate from the U.S. Department of Labor, Bureau of Apprenticeship and Training. Inmates learn a skill trade under the tutelage of a journeyman level supervisor.

The BOP also offers Advanced Occupational Education programs which often lead to a one-year certificate or two-year degree in programs related to specific occupations/vocations.

Once inmates are designated to a BOP facility, they may want to discuss their education goals with their case manager and education representative to learn about the various educational opportunities. Designations to particular institutions are ordinarily not based on education preference alone.

For additional information, you may write to a specific institution or:

Education Administrator

Washington, DC 20534

Explanations and Abbreviations

Explanations and Abbreviations found in the directory:

Acronyms:

ADX	Administrative Maximum
BOP	Bureau of Prisons
FCC	Federal Correctional Complex
FCI	Federal Correctional Institution
FDC	Federal Detention Center
FMC	Federal Medical Center
FPC	Federal Prison Camp
FTC	Federal Transfer Center
MCC	Metropolitan Correctional Center
USMCFP	United States Medical Center for Federal Prisoners
MDC	Metropolitan Detention Center
USP	United States Penitentiary

Column 1: Institution Identification Facility Code:

This column gives the institution facility code.

Column 2: Program Title

These are the program titles for all occupational programs. Institutions are organized by region and listed alphabetically.

Column 3: Location

This column indicates whether the program is offered at the main institution (M), the satellite camp (C), or at both (B) locations. If the site is a complex, each facility is listed separately.

Column 4: Gender

This column gives the gender of the institution.

Column 5: Certificate Source

This column lists from where the certificate is issued.

Column 6 (TOP): Accreditation

Many programs are accredited by education organizations outside the Federal Bureau of Prisons. Any marketable program that is not accredited by an outside organization is required to have a Trade Advisory Board. The Trade Advisory Board includes experts from the community who oversee the quality and technical content of the program.

Apprenticeship programs are registered with the U.S. Department of Labor, Bureau of Apprenticeship and Training.

Column 6 (BOTTOM): Instruction Source:

This column indicates if the instruction is from Federal Bureau of Prisons Civil Service staff , or non-civil service contract instructors from local colleges, universities, or technical schools.

Column 7 Program Length:

This gives the approximate length of the program in months.

Column 8: Prerequisites

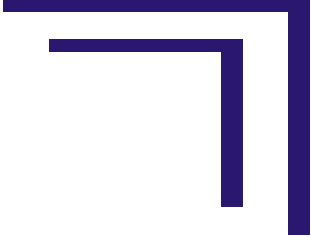

The specific requirements needed to be eligible to participate.

Column 9: Public Works/Community Service Projects

This column indicates whether the program includes public works or community service projects.

Column 10: Supports Unicor Operations

This column indicates whether the programs skill instruction or live work production supports Federal Prison Industries (Unicor) Operations.
