PRIVACY NOTICE

PERSONAL INFORMATION FOR DEPLOYMENT TO AND FROM ANTARCTICA

The National Science Foundation's Office of Polar Programs provides transport and logistical support for individuals traveling to and working in Antarctica under the auspices of the United States Antarctic Program (USAP). The NSF and its contractors and subcontractors will use the information collected on this form to facilitate deployment or redeployment of individuals participating in the USAP.

The information requested is solicited under the authority of the National Science Foundation Act of 1950, as amended, 42 U.S.C. 1870; 16 U.S.C. § 3101. It may be disclosed to Office of Polar Programs civilian contractors and their subcontractors in connection with their responsibilities for coordinating the administrative processing and tracking of persons deploying to Antarctica. These responsibilities include proper outfitting for deployment, facilitating medical clearances, coordinating cargo handling and tracking, and maintaining emergency contacts. It may also be disclosed to: Air National Guard medical personnel to track medical clearances; family members, or other persons designated by the deploying or deployed individual, in instances of emergency; other Federal agencies providing transport, search and rescue, and other logistical assistance to and from Antarctica, including manifest information for pilots or crew transporting individuals to and from Antarctica; other Federal agencies and academic or other organizations when the records are relevant to an agency decision with regard to disciplinary or other administrative actions concerning an employee; another Federal agency, a court, or a party, or when NSF determines that the litigation or anticipated litigation or proceeding is likely to affect the Agency; Federal, state, or local agencies, or foreign governments, when disclosure is necessary to obtain records in connection with an investigation by or for the NSF; and representatives of the New Zealand government or other foreign governments when deployment involves travel through, or use of, New Zealand or other foreign government facilities, and the information is necessary to ensure safe and efficient deployment, including compliance with immigration requirements.

Submission of the information requested is voluntary. However, if you fail to provide any of the requested information, NSF or its contractor may be unable to process or to approve your application for deployment through the USAP.

Public reporting burden for this collection of information is estimated to average less than one-quarter hour per response. Send comments regarding this burden estimate and any other aspect of this collection of information, including suggestions for reducing this burden to: Ms. Suzanne Plimpton, Reports Clearance Officer, Division of Administrative Services, National Science Foundation, Arlington, VA 22230.
