

Biography of Bradley F. Bohlmann

Brad Bohlmann is currently Business Development Manager for the Advanced Technology Team in Eaton Corporation's Fluid Power Group. He has worked in advanced marketing and business development for hybrid hydraulic systems for approximately 8 years. He received an MBA from the University of St. Thomas, an MS in Engineering (Mechanical) from the University of Michigan-Dearborn, and a BSME from the University of Minnesota. Prior to joining Eaton, he held several positions at Cummins Power Generation (Onan) including Senior Engineer, Manager of Fuel Systems & Regulatory Affairs, and Manager of Technical Services. He began his engineering career with Chrysler Motors in Highland Park, MI. At Chrysler, he worked as a design and development engineer in the Advance Powerplant, Final Drive, and Lead Engine Engineering groups.
